

BRANFORD PUBLIC SCHOOLS

DIVORCED/SEPARATED PARENTS INFORMATION

It is the mission of Branford High School to be a support to families and to promote positive development for children. We recognize that many families are in transition and have experienced divorce and/or separation. Please provide us with either updated information or information regarding custody/visitation so that we may avoid any confusion. Please communicate with your child's guidance counselor or contact the school's registrar with this information. If there are any persons not authorized to pick up children at BHS, please give that information to your child's guidance counselor or school registrar.

Thank you for helping us to provide the best possible care for your children.
