

**Welcome to Team 5-2
2018-2019**

We are very excited about our upcoming year together in fifth grade! We would like you to be prepared on the first day of school with the supply list provided for Team 5-2.

Please practice using a combination lock over the summer. The lockers can be a struggle at the beginning of the year, but if you come into school knowing how to open a locker you will be that much more prepared. You will NOT need to bring the lock in (locks are built into the lockers) but you should practice using one over the summer. Please don't worry; we will help you learn how to open your lockers. You will become experts before you know it!

Thank you so much, we appreciate all your cooperation. We are looking forward to meeting all of you and having a successful school year together!

Enjoy the rest of your summer,

Ms. Corcoran (Language Arts, Science)
