## 'THE FISH BOWL' will be MSMHS' Version of the Homecoming Football Game

**SENIORS vs. JUNIORS**  
Friday, November 21st  
3 pm @ MSMHS

GROTON, CT - With the first MSMHS graduating class now at college, the new opportunity of a homecoming dance was discussed amongst members of the student body. In addition to a homecoming dance, most high schools invite alumni to their *Homecoming Football Game*. Some may think that since MSMHS does not have a football or fall sport team that this would not be possible. However, those who know the MSMHS Family well are fully aware that anything is possible!

The First Annual Fish Bowl will combine the ideas of a homecoming football game with a 'Powderpuff' football game that most high schools play in the fall. On Friday, November 21st at 3 pm, the Senior girls will battle the Junior girls for the Fish Bowl title.

In addition to the students, each class drafted a coach and two female teachers for the game. The seniors selected Coach 'Aquaman' Litvinoff as their head coach along with math teachers, Mrs. Barnes and Ms. Andruskiewicz. The juniors drafted Coach Campbell as their head coach along with Ms. Schroeder and Mrs. Hardison. The Fish Bowl is a flag football that will take place on the upper field at MSMHS at 3 pm. The Fish Bowl is an eight on eight game which allows for only one female faculty member to be on the field along with the seven other students at a time. For the past two weeks, both teams have been practicing with their designated coaches. The head referee for the game will be Dr. Spera with Mr. Regan as the lines judge. It is sure to be a great time. Best of luck to both teams!

### Dunn Heading to University of Tampa!

The decision to choose a university or college is sometimes a difficult one. Especially for many of our students who continue to receive several packages from some of the top universities in the nation. Bill Dunn becomes the second member of the Class of 2015 to commit to a university. A couple weeks ago Bill visited several colleges in Florida that have strong marine science programs. Bill fell in love with the University of Tampa upon arrival! Congratulations to Bill! Go Spartans!
