COME & JOIN IN THE FUN & EXCITEMENT OF CUB SCOUTING

Scouting develops young people in many ways: it builds character, has a positive impact on values, and strengthens the family foundation.

Below you will find a brief description of the Cub Scout Program.

- Lions:** Lion Scouts make up the newest group for kids in kindergarten. It weaves the concepts of character development, leadership skills, personal fitness, and citizenship into activities that are age-appropriate and fun.
- Tigers:** Tiger Scouts are first graders who, with their adult partners, learn lessons about building family communications, preparing for emergencies, and understanding the environment. Each lesson is different and Tiger Cubs are recognized each time a lesson or activity is completed. Some Tiger Cubs activities include obtaining a library card, visiting a zoo, learning to use public and private phones to report emergencies, and sharing a family photo journal.
- Wolf/Bear:** Wolf and Bear Scouts are made up of second and third graders. They work toward accomplishing achievements and electives outlined in the Cub Scout manuals, and are rewarded with badges and belt loops for their work. They learn about proper nutrition, safety, community involvement, and making informed choices. Activities include planning and cooking a family meal, starting a recycling program, increasing strength and agility through exercise, and camping with the family.
- Webelos:** Webelos Scouting is designed for fourth and fifth graders. They pursue activity badges for achievements in academic skills, the outdoors, technology, sports, and community involvement. Geared to older kids, Webelos activities include using computers, learning a citizen's role in the nation, studying animals and insects, swimming, and properly caring for the flag.

Hope to see you at the sign up!!!
