Etch Your Family's Name at West Hill School

Paver project sponsored by the 2017 fifth grade class and the WH PTO

The Class of 2017, with the help of our Park and Recreation Department and Green Mountain Landscaping, is redesigning the area around our flagpole. Pavers are a small monument of memorabilia left for future generations to come. These pavers are the perfect way to memorialize or honor family members, students, and other important individuals. The pavers are available in three sizes.

Choose your size:

- 6.5" x 13" engraved paver with 5 lines of engraving (17 characters per line) = \$70
- 13" x 13" engraved paver with 10 lines of engraving (27 characters per line) = \$85
- 19.5" x 13" engraved paver with 10 lines of engraving (27 characters per line) = \$100

- **Write your message*:**

Please print your message as you would like it to appear on the paver. Illustrate upper and lower case letters - 30 Characters/Spaces per line. Text will be standard size (0.75"), font (Helvetica), and style (outline).

THE QUICK BROWN FOX

**The PTO reserves the right to reject any message they deem inappropriate.*

Please note that there are a limited number of pavers available – approximately 100 in total (20 small, 40 medium, and 40 large).

The fifth grade will be donating a granite bench to the project. **A second granite bench will be available for engraving.** The cost of the bench, including the engraving, is \$950. If you are interested in purchasing the granite bench, please contact Lauren Gallagher as soon as possible. Her email is laurengallagher22@yahoo.com.

*Requests will be honored on a first come – first served basis (until all are sold). **To ensure your paver is installed prior to the end of the current school year, please submit information/payment by Friday, May 5, 2017.***

Please make checks payable to West Hill PTO. Both pages of this form must be completed. The form is in a Word document, so you may type directly into the boxes.

Imaginations get their rocket fuel at Camp Invention.

Children are presented with fun, hands-on challenges that encourage creative problem solving, teamwork, entrepreneurship, and innovation. Inspired by the **Inductees of the National Inventors Hall of Fame**, this summer's all-new curriculum allows children to:

Create their own personal, ultimate Spy Gadget Alarm Box by taking apart and upcycling everyday machines.

Explore a distant new exoplanet and design inventions to create the next Earth.

Launch water rockets, build Bubble Blasters, and engineer giant castles.

Design duct tape products and pitch them to mock investors.

We are a **national non-profit organization** and all of our Camp Invention program activities are led by **experienced local educators**.
