Logging into PowerSchool

Each parent has their own unique username and password. We previously sent username and password information home, but if you have misplaced your information or need support, please contact the main office. You can access your child's information wherever you have internet access via <https://ps.wilmingtonct.org/public>. PowerSchool also has an app that can be downloaded for free.

The image shows the PowerSchool login page. At the top is the PowerSchool logo. Below it is a 'Parent Sign In' section with a language dropdown set to 'English', and input fields for 'Username' and 'Password'. A 'Sign In' button is below. A link 'Having trouble signing in?' is also present. Below the sign in section is a 'Create an Account' section with a 'Create Account' button. A blue arrow points from the 'Create Account' button to the 'Create Parent Account' form on the right.

The image shows the 'Create Parent Account' form. It has input fields for 'First Name', 'Last Name', 'Email', 'Desired Username', 'Password', and 'Re-enter Password'. Below these is a 'Password must:' section with a bullet point: '•Be at least 6 characters long'. Below that is a 'Link Students to Account' section with the instruction: 'Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account'. This section contains a table with 7 rows and 4 columns: 'Student Name', 'Access ID (Old Web ID)', 'Access Password (Old Web Password)', and 'Your relationship to the student'. Each row has input fields for the first three columns and a dropdown for the last. A blue arrow points from the 'Create Account' button in the previous form to the first row of this table. Another blue arrow points from the 'Access ID' column to the 'Access Password' column in the first row. An 'Enter' button is at the bottom right.

ANIMAL EMBASSY
Bringing Life To Education

Tuesday, July 21, 2015 @ 2:00 PM
at the Wilmington Public Library

Heroes of the Animal Kingdom

With this interactive, educational and entertaining program, library patrons will meet a diversity of animals who lead heroic lives! While firefighters, doctors, librarians and police officers are heroes who work to enrich our lives and support us, animals too are heroes that help us as well as each other. We'll learn how some tortoises dig burrows that provide homes for hundreds of other species during at least one stage of their lifecycle. We'll explore how a variety of animals keep us healthy by eating disease-carrying insects. We will also discover how some animals dig trenches for their offspring, while others adopt orphaned babies, and how animals help to plant forests as well as fruit trees! Meet Animal Ambassadors such as a Solomon Islands Monkey-tailed skink, a Red-foot or Sulcata tortoise, Green Tree frogs or Red-eyed Tree frogs, an African bullfrog, a Bull snake, Chinchillas, a Chilean Rose Hair tarantula and perhaps an Eclectus parrot or an Owl!
