

The Talent Search program identifies and assists individuals who have the potential to succeed in higher education. The program provides academic, career, and financial counseling to its participants and encourages them to graduate from high school and continue on to and complete their postsecondary education. The program publicizes the availability of financial aid and assists participants with the postsecondary application process. Talent Search also encourages persons who have not completed education programs at the secondary or postsecondary level to enter or reenter and complete postsecondary education. The goal of Talent Search is to increase the number of youth from disadvantaged backgrounds who complete high school and enroll in and complete their postsecondary education.

#### I've Gotten My Acceptance Letter, Now What?

Steps to a successful freshman year in college (and beyond)

Audience: Students (Geared toward seniors who have concrete plans to attend college after graduation)
