SUPERINTENDENT'S MESSAGE

In order for the Gadsden County School District to perform effectively we must operate within a system of rules. These rules are written in the **Code of Student Conduct** to ensure a safe learning environment for the students who attend our schools. We know that there are many factors which contribute to discipline problems in a school; consequently, schools have the responsibility to encourage, promote, and maintain effective disciplinary practices.

The contents of this document apply to all students in grades **PreK-12**, unless otherwise stated. The information contained in the **Code of Student Conduct** is written specifically to ensure that each student associated with school activities has positive experiences in a safe learning environment.

This document will explain the rules of the Gadsden County School District, student rights and student responsibilities, disciplinary actions, and the disposition of school records. While this document does not contain the exact Florida Statutes referenced herein, a copy of those statutes can be obtained from the district office at 35 Martin Luther King, Jr. Boulevard in Quincy upon request or viewed on the State of Florida website at <http://www.flsenate.gov/statutes>.

The administrators and school personnel will continue to promote and maintain the kind of discipline that will foster a *healthy dose* of intervention, prevention, and the encouragement to discontinue those behaviors that are not acceptable to a safe learning environment. As we continue to find ways to make all of our schools safer, we realize that consequences for inappropriate behavior must be fair, consistent, yet firm as conflicts are resolved and as undesirable behavior is modified.

Please read and thoroughly discuss this document with your child. Help us maintain the safe school status which we all desire throughout our district. As we work together to build a brighter future we want to ensure that each student will have positive experiences in a safe learning environment.

Respectfully yours,

Reginald C. James

VISION

The Gadsden County Public School District is committed to working together to *"Build A Brighter Future"* for our boys and girls.

We, the partners for excellence, recognize the need for multicultural awareness and education and envision that schools, communities, and parents will cooperatively embrace one another to offer an educational program that will meet the needs of students, parents, and the community. We further believe that ALL children can learn, and we envision that schools, using new and emerging technologies in conjunction with traditional approaches, will provide academic, intellectual, emotional, psychological, physical, and social experiences that will develop the whole student. Our product will be students who possess foundational, marketable, and/or functional skills that will enable them to broaden their horizons in any post-secondary endeavor upon which they might choose to embark.

MISSION STATEMENT

The mission of the district is to ensure improved test scores, safe and drug-free schools, accountability for all, and customer focused and friendly schools while developing well-rounded, productive citizens who will make this a better world.

STUDENTS' RIGHTS AND RESPONSIBILITIES

It is the intent of the Students' Rights and Responsibilities, as expressed in the Code of Student Conduct, that students understand that their rights must be accompanied by corresponding responsibilities.

Florida's School Improvement and Accountability System states that all school communities will provide an environment that is alcohol and drug-free and protects students' health, safety, and civil rights.

I. ATTENDANCE

All questions relating to the attendance policy are to be directed to the school's attendance office first, and then if needed, the school principal.

Florida law requires each parent of a child from age six (6) to sixteen (16) years to be responsible for the child's school attendance. Regular attendance is the actual attendance of a pupil during the school day as defined by law and regulations of the state board.

The school attendance law was amended by the 1997 Florida Legislature to require that any sixteen or seventeen year old student withdrawing from school must file a formal declaration of intent to terminate school enrollment with the district school board.

A student is considered "truant" when he/she is not in attendance without approval of the principal and/or consent of the parent/guardian. School-based interventions will occur for all truant students.

A student is considered a "habitual truant" when he/she has 15 unexcused absences within 90 calendar days.

Rights:

Students will be given an explanation of excused absences, unexcused absences, and tardies. Students can make up work for credit if the absence is excused.

A student who attains the age of 16 years during the school year is not subject to compulsory attendance beyond the date upon which he or she attains that age if the student files a Student Declaration of Intent to Terminate School Enrollment form. This form is available from the school administration or guidance office.

Responsibilities:

Students are required to attend school every school day. If absent, a written note from the parent/guardian stating why the student was absent must be brought to school on the day the student returns. The principal shall consider each absence as being either "excusable," "permissible," or "unexcused."

It is the responsibility of the student's parent/guardian to notify the school when his/her child will not be in attendance. The school is to be notified of an absence the morning the student is absent or within twenty-four hours.

Excusable Absence:

An excusable absence is one caused by illness of the student or by serious illness or death in the family, legal reasons and other special conditions or extenuating circumstances. The student shall be given an opportunity to make up all missed work.

Excused Absence for Religious Holidays:

A student shall be excused from attendance for observation of a religious holiday or because the tenets of his religion forbid secular activity on that day. Prior notification to the school principal is required.

A student who has been excused for observance of a religious holiday shall be given up to 3 school days to complete any work missed, including examinations and work assignments. No adverse or prejudicial effects shall result from any such religious observance.

Permissible Absence (Excused):

A permissible absence is one which has the sanction of the parents and the school. This may include activities such as an individual educational trip or other extenuating circumstances. Any such individual educational trip must be planned by the parent and teacher, and a written report of the trip must be presented to the teacher. The student shall be given an opportunity to make up all missed work.

Unexcused Absence:

An unexcused absence is one which does not have the approval of the school, or which is due to disciplinary action against the student. Ordinarily, in such case, the work missed may not be made up by the student for credit. Pursuant to Florida Statute 1006.09, no student who is required by law to attend school shall be suspended for unexcused absence or truancy. Therefore, suspension is not an appropriate disciplinary action for students who fall within the mandatory state attendance requirements.

Students who are more than five (5) minutes late for a class will be recorded as being tardy.

Rule:

All students between the ages of six (6) and sixteen (16) must attend school regularly.

Disciplinary Action:

A student may receive counseling, attendance conferences, parent contact, and may be referred to other appropriate disciplinary programs.

The law allows absences for illness and certain other special circumstances. Under these circumstances, district and school policies regard these absences as excused absences. A student with an excused absence is not subject to any disciplinary or academic penalties for that absence. It is the student's responsibility to obtain and complete all makeup work. An unexcused absence takes place any time a child is out of school for reasons not recognized in the law. In these cases, the child may be subject to academic penalties.

For students in grades 9-12 a minimum of 135 hours in attendance is required to earn a credit in a course. In order to be eligible to receive a credit, a student must meet course requirements and be present at least 67.5 hours each 18 week grading period or demonstrate mastery of the course performance standards for the defined course by passing the semester exam. Credits are awarded at the end of each 18 week grading period.

Each school must implement procedures to increase student attendance. An attendance committee will be established at each school to review the reason(s) for absence(s).

Minimum School-Based Intervention Procedures for Truant Students

Minimum School-Based Intervention Procedures for Truant Students may be as follows (Appropriate Documentation of Interventions Must Be Maintained):

1. After 3 days of unexcused absences, within a 90-day period, a parent/student contact/conference is conducted by teacher/school designee.
2. After 5 days of unexcused absences, within a 90-day period, a referral is made to the principal to send a certified letter to parents and possibly to convene a student study team. *NOTE: A student study team is to convene when a student misses 5 unexcused absences within 30 calendar days, or when a student misses 10 days within 90 calendar days.*
3. After 10 days of unexcused absences within a 90-day period, the student is referred to the visiting teacher.
4. After 15 unexcused absences within a 90-day period, the student is considered "habitually truant." Florida statutes 1003.27(b).

The Florida Legislature enacted requirements that school districts report to the Department of Highway Safety and Motor Vehicles (DHSMV) the names, birthdates, sex, and social security numbers of minors who attain the age of 14 and accumulate 15 unexcused absences in a period of 90 calendar days. The legislation further provides that those minors under age 18 who thus fail to satisfy attendance requirements or drop out of (voluntarily withdraw from) school will be ineligible for driving privilege. Additional information about procedures and waivers is available from the school administration or guidance office.

Middle-High School Attendance

A minimum of 135 hours of attendance is required for students to earn a credit in a course. In order to be eligible to receive a credit, a student must meet course requirements and be present at least 67.5 hours each semester or demonstrate mastery of the course performance standards for the defined course by passing the semester exam.

Each school will document attempts to notify parents of each student's absence either through an automated system or other method. However, failure to successfully notify parents/guardians shall not negate the attendance policy.

Absences

- Students are to sign in/out when missing a class for excusable appointments or emergencies and are to comply with the individual school procedures established with the school attendance office. Failure to sign out may result in an unexcused absence and the consequences thereof.
- Excused absences/tardies may only be used for the following legitimate, documented reasons:
 1. Illness and/or medical care
 2. Death in the family
 3. Legal reasons
 4. Religious Holidays, administratively pre-approved observance
 5. Pre-arranged absences approved by an administrator, school sponsored field trips, or school approved activities
 6. Other special circumstances or insurmountable conditions
- In the event 4 or more unexcused absences occur in a course during a 9-week grading period, an attendance conference may be held to determine which, if any, absences are excusable.
- For each course in which the student has four (4) unexcused absences, that are not for one of the legitimate purposes described above, a grade of "F" will be assigned for that grading period.
- The teacher's grade book and/or the attendance sheet signed by the teacher will be the final authority in determining the number of absences for each student.

Attendance Conference / Appeal Procedures

- In order to appeal an unexcused absence, the following must occur:
 1. The student and parent must request a hearing by completing and submitting an Attendance Conference Application (form available at school).
 2. Written documentation of absences from a doctor or recognized agency, legal proceedings or other relevant information should be attached to the application when it is submitted, and may be accepted in lieu of an attendance conference provided all absences are included.
 3. An attendance conference may not be necessary if written documentation for each absence is submitted to the attendance office. Other circumstances made known to the attendance office may also make the conference unnecessary. The need for a conference will be made by the principal/designee. The school will notify the parent(s) if a conference is not necessary.
- The school will make every effort to schedule conferences at a time convenient for parents, including evening hours when necessary.
- One administrator/designee and two teachers will hear and rule on the appeal.
- The parent will be notified of the decision in a timely manner.
- Teachers will be notified of the decision in a timely manner.
- The principal may overrule the findings of the attendance committee should special circumstances occur or excuse any student from any consequence arising from recorded absences.

Other Considerations

- Students who are suspended will be considered administratively absent and the absences will not count toward the “four unexcused” policy for the nine weeks grading period.
- Students who are absent for an “educationally valuable experience” other than a field trip may receive an excused absence if the following criteria are met:
 - a. The absence must be pre-approved at least one week in advance.
 - b. There must be stated and written educational objectives for the trip that are related to the performance standards for each course in which the student is enrolled and include at least one objective for each course. This information shall be attached to the Prior Approval Request Form when it is turned in to the attendance office and initialed by the teacher of each course.
 - c. The attendance administrator and/or the attendance committee will review the pre-arranged absence request. The absences may then be pre-excused pending the completion of (d) below.
 - d. Within ten (10) calendar days of the student’s return to school following the trip, the student and parent will present a student prepared report and other appropriate exhibits to the attendance committee documenting the completion of each written objective. The committee shall determine whether the absences are to be excused.
- College recruitment trips are to be scheduled when school is not in session. Days missed will be considered as part of the three (3) allowed per 9-week grading period. Administrative exception may be granted for a planned program scheduled for a specific day if the student has a pre-planned appointment, with a specific college administrator that is verified in writing by the college.
- Any student with fifteen (15) or more absences due to a physical or mental condition, which confines the student to a home or a hospital, may be referred to the Homebound Program. If placed in the Homebound Program, attendance records become the responsibility of the Homebound Program.

 5. An eligible student or parent/guardian may give permission for others to review letters or statements in the student's records. Permission must be in writing and signed by the eligible student or parent/guardian. Access by others to a student's record will be closed upon written request by the eligible student or parent/guardian.
 6. The fee for copying the school records shall be as provided by School Board Policy.
 7. Student records are located at the school/district office.
 8. Records that give personal information may not be released without an appropriate request, except to the following:
 - a. District and school administrators and supervisors

If there is an emergency on the bus because of student behavior, the bus driver must take care of the emergency and protect the students on the bus. The bus driver will immediately report the incident to the proper authority.

IV. MISCONDUCT ON SCHOOL BUSES

If a student misbehaves on the school bus, the bus driver may report the misbehavior to the principal. The principal may suspend the student from riding the bus for no more than ten (10) school days per offense. If the suspension is for more than five (5) days, a hearing is required. The following procedures shall be followed if the principal proposes a felony transfer.
 - 1. Upon receiving proper notice that a student has been formally charged with a felony or with a delinquent act which would be a felony if committed by an adult, the principal shall notify the parent/guardian of the student, in writing of the specific charges against the student and of the right to a hearing.

***Waiver of Discipline:**

any pupil who is subject to discipline or expulsion for unlawful possession or use of any substance controlled under chapter F.S. 893, may request a waiver of the discipline code:

 5. In conducting the hearing, the principal/designee shall not be bound by rules of evidence or any other courtroom procedure and no transcript of testimony shall be required.
 6. Following the hearing, the principal shall provide the student and parent/guardian with a decision, in writing, as to whether or not student transfer for felony charges will be made, and if so, the effective date of such transfer. In arriving at this decision, the principal shall consider the conditions under which a waiver of discipline may be granted, and may grant such a waiver when she/he determines such action to be in the best interests of the school and the student.
 7. If the court determines that the pupil did commit the felony or delinquent act which would have been a felony if committed by an adult, the principal may recommend that the student be expelled. This expulsion, however, shall not affect the delivery of educational services to the pupil in any residential, nonresidential, alternative, daytime, or evening program outside of the regular school setting. (F.S. 1006.09)
 8. **If a student is convicted or is found to have committed, a felony or a delinquent act, which would be a felony if committed by an adult, regardless of whether adjudication is withheld, participation in interscholastic, athletic, and extra-curricular activities will be withheld.**

 - g. The parent has the right to request a School Board Hearing prior to the School Board Meeting.
4. If the Superintendent concurs with the Principal's decision, he will make a recommendation to the School Board. If the Superintendent does not agree with the expulsion recommendation, the student will be allowed to return to school.
5. All recommendations for expulsion are placed on the School Board agenda for final action. The Superintendent will give to the Board, prior to the School Board meeting, background information on the student. The Board will act upon the recommendation of the Superintendent.
The principal making the recommendation for expulsion must be present when the case goes before the School Board .

XII. CORPORAL PUNISHMENT

Corporal punishment is prohibited.

XIII. COLLECTION OF EVIDENCE / SEARCH AND SEIZURE

The right of students as citizens to be free from unreasonable search shall be preserved in the schools. However, the principal or designee has the right to collect evidence as necessary to provide for the safe and orderly operation of the school and all of its functions. These may include, but not be limited to, the following measures:

- A. General Search. In all cases of search the responsible school officials shall maintain an accurate written summary of the events surrounding the search incident.
- B. Lockers. Lockers remain the property of the school and are provided to students without charge. The rights of personal property, however, as well as the rights of the school, must be afforded consideration. The school principal or his designee is authorized to open lockers in the presence

of another witness and to examine their contents to include personal belongings of students when such person has reasonable suspicion to believe that the contents threaten the safety, health, or welfare of any student or include property stolen from the school personnel or other students. This policy does not preclude administrators from being able to randomly search lockers. Appropriate notices will be posted to this effect.

As part of an overall plan to protect the health, welfare, safety, and lives of students, faculty, staff, and visitors to the public schools, and to enforce provisions of the Code of Student Conduct, metal detectors may be used to scan and screen for firearms and other weapons which have no place in public schools due to the fact that they are life threatening, cause bodily harm, and have adverse and disruptive effects on the educational process.
- E. Search of Vehicles. Any motor vehicle parked on school property may be searched by the site administrator or designee with reasonable suspicion. Appropriate notices will be posted to this effect.
- F. Use of Video Cameras. For the health, welfare, and safety of students, faculty, and staff, video cameras may be used on school buses and in school facilities as appropriate.

PROCEDURES FOR THE DISCIPLINE OF PREKINDERGARTEN STUDENTS

The use of corporal punishment, humiliation, total or extended isolation, and/or withholding of food is prohibited as a form of discipline for prekindergarten students. (ACYF/HS 4.02;45 CFR 1304). When necessary, additional assistance will be acquired to provide for the needs of individual children.

Definitions specific to this policy:

Corporal Punishment - Paddling, slapping, pulling of hair, pinching, or any other means of causing bodily harm.

Suspension and/or expulsion are NOT RECOMMENDED in disciplining prekindergarten children. These procedures should only be used for the safety, health, or welfare of any student, teacher, or staff member.

If a child's problem behavior is extensive or has escalated over a period of time, this may be an indicator of a physical or emotional problem and a referral to the prekindergarten office and the student study team may be needed.

**PROCEDURES FOR THE DISCIPLINE OF
STUDENTS WITH DISABILITIES**
(as defined under Section 504 Rehab Act 1973, ADA & IDEA)

Except as otherwise provided in this document, procedures for the discipline of students with disabilities and for informing the parent or guardian of a student with disabilities of the procedures for discipline shall be the same as those provided in the case of a non-disabled student.

- I. Suspension is the temporary removal of a student from his regular school program, not to exceed five (5) school days without a hearing. No suspension by the principal in any case shall extend beyond ten (10) school days.
- A. The principal may suspend a student with disabilities after preventive measures have been unsuccessful, and/or when an emergency situation requires immediate suspension.
- B. Emergency Suspension is one imposed where the student's presence poses a continuing danger to persons or property or an on-going threat of disrupting the academic process. In the case of a student in possession of a dangerous weapon or drugs, the principal can place the student in an interim alternative educational setting for a maximum of 45 calendar days (IEP team determines the most appropriate alternative setting and the appropriate amount of time).
- C. Some preventive measures may include the following:
1. specific behavior management system
 2. counseling (guidance counselor and/or school psychologist)
 3. parent conference
 4. in-school isolation
 5. detention
- D. Multiple suspensions, excluding a student from school for more than ten (10) school days is not allowed. If there is a need to suspend the student for more than 10 school days, the principal must request an IEP/accommodation plan review. The staffing committee shall review the student's program and determine if the disability is a precipitating factor of the inappropriate behavior. That decision shall be recorded on the IEP/accommodation plan and that information shall be used to revise the student's IEP/accommodation plan. The decision will be based on one of the following objectives:
1. to reflect the need for the use of suspension as a disciplinary tool or management strategy and/or
 2. to modify the educational program and/or
 3. to change the educational program and/or
 4. to indicate that the exceptionality or disability is not a precipitating factor and that therefore the student is expected to behave in accordance with rules established in the Code of Student Conduct.
- II. Expulsion is the removal of the right and obligation of a student to attend a public school under conditions set by the School Board for a period of time not to exceed the remainder of the school year and one (1) additional year of attendance.

Prior to expulsion of a student with disabilities, a staffing committee shall meet and determine whether the student's misconduct is a manifestation of the student's disability.

- A. If it is determined that the student's conduct is a manifestation of the student's disability an individual educational plan (IEP) or accommodation plan meeting shall be held to determine the adequacy of the current special program and related services. This meeting may occur in conjunction with the staffing meeting or as a separate meeting. Based upon the recommendations of the staffing committee, participants in an IEP/accommodation plan meeting shall consider and make recommendations concerning alternative program options which may include, among others, the following:
 - 1. a change in disciplinary procedures used
 - 2. additional related services
 - 3. increased time in the current special program
 - 4. provision of a special program in another setting
 - 5. involvement with programs funded by other agencies
 - B. If it is determined that the student's conduct is not a manifestation of the student's disability, expulsion may be considered and imposed. However, for disabled students as defined under I.D.E.A. no complete cessation of educational services may result.
 - C. In the case of a student with disabilities, as defined under Section 504 Rehab Act 1973 and ADA, the expulsion may result in complete cessation of educational services.
- III. Any parent/guardian that has concerns about his/her child's behavior or academic performance should submit a written referral to the school's guidance counselor.

Students' clothing should be appropriate for the occasion, in good taste, and in good condition. While the administration recognizes the individuality of each student and does not wish to stifle individual taste, consideration must be given to the primary reason for school attendance – academic excellence.

- Shirts/blouses must cover the midriff at all times.
- Young men will wear belts or suspenders with their pants. Elastic waist band/draw strings are acceptable.

- Shirts and blouses that are designed to be worn inside will be tucked into the pants/skirts.

INAPPROPRIATE ATTIRE
