

## 2017-18 DUAL ENROLLMENT OPTIONS

Thank you for choosing **FPTC** to aid in developing your desired career. High school students have the dual enrollment option of attending career and technical education (CTE) courses through the Tech College. This opportunity will lead to earning high school credit(s) and lead to earning a technical certificate and industry certifications with a possibility of college credit through statewide articulation agreements. In order for the experience to be meaningful, dual enrolled students must attend a minimum of 2 hours daily. To be eligible, the student must be at least 16 years of age and have a cumulative unweighted GPA of 2.00 or higher.

To serve the students of high schools in our surrounding counties, a wide variety of CTE programs are offered. Programs available to dual enrolled students are listed below. Additional program information can be obtained through the website at [www.fptc.edu](http://www.fptc.edu), by visiting our campus or by calling Student Services at 850.638.1180 ext. 317.
