

BAKER COUNTY K-12 SCHOOL

2020-2021 County Internet COVID-19 Contingency Plan

The following plan will only take effect if Baker County K-12 School goes virtual. We want to be proactive and have a plan in place should the need arise as opposed to reactive to circumstances that can change all too quickly.

Baker County has 3 high occupancy hotspots that will be deployed throughout the county should the need arise. Below is a map of these locations. These Hotspots will have the following credentials:

Name: *Baker County Schools*

Password: *Beardown!*
