

Hello Parents!

We have good news! For your convenience, Bowdon Elementary proudly announces that we will begin utilizing a new on-line dismissal management system starting August 13th. It is dependable, easy-to-use, and can be updated by parents and guardians from the convenience of their smart phones, tablets, and PCs.

Through the on-line dismissal management system, you can:

- report student absences,
- schedule after-school activities such as clubs and
- make transportation changes as late as 1:00M the effective date of the change.

We plan to convert to this new system August 13, 2018. Please find the Parent's Quick Reference Guide attached for instructions on how to get linked in, and an email will be sent to you directly from School Dismissal Manager. The email from School Dismissal Manager will contain important instructions and your personal login credentials. If you don't receive the email, we did not have one on file for you. If you want to add one, please send your email to Stephanie Cater in the front office of the school. Once you receive your credentials, please use them to log into the new system so that you can begin to familiarize yourself with it and to verify that the default "transportation" currently set as your child's transportation is correct.

As of Monday, August 13, all transportation changes will be accepted only through the School Dismissal Manager.

Lorie Teal  
Principal, BES
