

FALL 2019-2020

Raising Bilingual Children

As a parent, you are your child's first teacher. Each day you do things to help your child succeed at home and school. One of the best gifts for your child is speaking more than one language. The benefits of being bilingual will impact all areas of their life, from more job opportunities to positively impacting the development of cognitive abilities. Students also have the opportunity to graduate from high school with a Georgia Seal of Biliteracy. What a great opportunity!

Welcome Back to School!

The ESOL team is very excited to all of their students back from summer break! We hope everyone had a restful and enjoyable summer break!

We are looking forward to a productive partnership with you to ensure our children can achieve at their highest potential. We recognize that in order to be successful in school, our children need support from both home and school.
