

2016 Milestones Resources for Parents/Students

We will begin testing on April 14th and testing will continue through April 29, 2016. Students will need plenty of rest and a healthy breakfast during the testing window. Groups will begin testing promptly at 8:00 and students will not be allowed to enter the testing environment if tardy. Testing should conclude each day around lunch time. Teachers and students have worked hard to prepare for the Milestones End of Grade Assessment. Please help us in making sure they are prepared and ready to do their best each day. Thank you for all that you do! Have a great Spring Break.

Please see the link to the online practice site for the 2016 EOG test. Please allow your child to practice using the tools and answering the practice questions. On the site, there is a tutorial option (to explain how to use the site) and a test practice option. After clicking the TEST PRACTICE link, students will need to choose EOG Online Tools Training (End of Grade). Then, click EOG Test Practice and STANDARD online tools (only Special Education students will use the other option). Next, choose the Grades 3-5 option and sign in using the given information.

Also, below are links to the Milestones Study/ Resource Guide for grades 3-5. These guides are intended to serve as a resource for parents and students. They contain practice questions and learning activities for each content area. The standards identified in the guides address a sampling of the state-mandated content standards.
