Dear Parent(s)/Guardian(s):

The Elementary and Secondary Education Act (ESEA) of 1965 requires that parents or guardians who have children attending a Title I school be notified of how well their school is preparing its students for college and/or a career, as well as the school's designation status under Georgia's ESEA Flexibility Waiver.

Under the 2015 renewal of Georgia's ESEA Flexibility Waiver, certain Title I schools continue to be designated as Reward, Priority, or Focus Schools. The Waiver allows the use of the College and Career Ready Performance Index (CCRPI) as the comprehensive report card for all schools in Georgia, providing a score between 0-100 for each school measuring how well the school is doing in preparing its students to be successful in college and/or a career.

Our score for the 2016-2017 school year was 94.2. This score is above the state average thus placing us in the Top 5% of all elementary schools in Georgia and in the Top 1% of Title I schools.

Our school was named a High Progress Reward School by the Georgia Department of Education last year. Our students performed well in the classroom and on the End of Grade Assessments/Georgia Milestones.

At Villa Rica Elementary School, we take pride in the instruction we provide for our students and our school staff work very hard to meet the needs of all students to ensure they are successful.

An important part of Villa Rica Elementary School's success is parent involvement and support in developing activities to improve student achievement. We hope that you will continue to be involved in our school's improvement work as we monitor student achievement and set high goals for student performance. If you are interested in participating in the development of our school improvement plans, being a part of our family engagement team, or have questions about how you can better help your child in school, please contact us here at Villa Rica Elementary.

Thank you for allowing us the privilege of educating your child.

Sincerely,

Mitch Springer
Principal
