

Dear Battlefield Elementary Parents and Guardians,

Battlefield Elementary will be taking part in a week long program called Red Ribbon Week. Red Ribbon Week was designed to create awareness concerning the problems related to the use of tobacco, alcohol, and other drugs. The national theme which is located above is “YOLO: Be Drug Free”.

Red Ribbon Week started in 1985 when a federal drug Enforcement Agent, Kiki Camarena lost his life to drug traffickers and has grown into a national observance-a time for schools and communities to focus on the many aspects of living a healthy and safe life. You can take advantage of this time by opening up a dialogue at home and discuss issues like peer pressure and making the right choices for a healthy future. October is also Safe Schools Month and Bully Prevention Month and students are learning strategies on how to address problem situations using the STOP/WALK/TALK strategy.

Sincerely,

Kelly Wolfe
Counselor

Becky Howard
Principal

Kent McCrary
Assistant Principal
