This summer, don't forget to...

READ!

It is so important that children continue to read throughout the summer! Visit the library, start a reading club in your neighborhood, find interesting articles for them to read online! Just keep these kiddos reading!

ROUTINES THAT WORK!

Sticking to routines in the summer makes it easier for your child to adjust to school routines in the fall. Try these tips:

- Have your youngster get up and go to bed at around the same time each day. That way, early school mornings won't be such a big change.
- Assign house-hold chores so your child stays in the habit of having regular responsibilities, just like he does in the classroom. He could vacuum, sweep, or dust, for example.
- Eat regular meals together when possible. You might enjoy an early breakfast before work and reconnect with a family dinner in the evening.
- Play outdoors every day. Your youngster will stay active and burn off energy—and work toward the 60 minutes of daily recommended physical activity!
