FLEX Guiding Thoughts:

1. The main purpose of FLEX is to ensure ALL kids learn.
2. The emphasis of FLEX lunch is **intervention** (tutoring, re-teach, additional study time, etc.) and **enrichment** (clubs, co-curricular activities, etc.).
3. Everyone has 1 lunch break, 1 planning period, and 1 FLEX period assignment each day-*mostly*. FLEX is not an additional planning period or duty; it is a separate period.
4. All freshman will have WARRIOR 101 M-F, with 1st lunch.
5. Freshmen may miss WARRIOR 101 on their club meeting day. **Sponsors and teachers must track attendance via email.**
6. Freshman may be pulled from WARRIOR 101 by teachers for tutoring.
7. Lunch detention will be M-F, both lunch blocks.
8. **Some upperclassmen may have a 1 hour lunch some days, but only if they are passing all classes and have good behavior. It is a privilege that can be lost and earned.**
9. Tutoring will be mandatory for any student earning a failing grade in that class on any progress/report card, until the next grading period.
10. Students requiring tutoring in more than one area will be worked out between teachers.
11. Due to scheduling conflicts, every club may not be able to meet during FLEX.
12. Clubs not able to meet during FLEX may be able to meet Wednesday's during early dismissal time.
13. Counselors will meet with students during FLEX to increase student's in-class time.
14. Some teachers will tutor other teacher's students to ensure they get help.
15. Attendance may be tracked by teachers using I.C., Google doc. or by emailing each other to check up on a kid.
16. Other clubs/activities may be added/changed throughout the semester. I will send out updated FLEX schedules as needed.
17. An additional lunch line has been added to help with lines.
18. Students behind in **WORK** will attend Wednesday early dismissal study wall until caught up. Teachers can assign this to the student and notify the student and SH teacher via email.
19. Students behind in **SKILLS** will attend teacher tutoring.
20. RTI will be for select freshman as it will have the most lasting benefit.
