3/23/17

Fun Learning Websites

www.ixl.com/signin/tigercreek

www.multiplication.com

www.educationgalaxy.com

READING

RI.3.10

Students will read and comprehend literature stories, including dramas.

MATH

Collecting and Displaying Data

- Module 6 Lessons 6-9
- Study 4's and 5's Division Facts

TEST THURSDAY!

Weekly Vocabulary

Reading Technical Texts

steps in a process- the stages of doing something

sequence- the order in which things happen

cause and effect- a text structure that shows how one event causes another event to occur

headings- titles in a text that tell the reader what each section is about

maps- we use maps to find out the locations of things, such as continents, countries, oceans, or rivers

*We are in need of Disinfecting Wipes and glue sticks for both classes. Please send some in if you can!
Thank you so much!*

Science

S2P1 Students will investigate how heat is produced and the effects of heating and cooling.

Social Studies

SS3CG1 The student will describe the basic principles that provide the foundation of a republican form of government.

b. Name the 3 levels and 3 branches of government.

WRITING/GRAMMAR

Students will practice reading passages and completing constructed response questions
