*December 2018*

### Student Success Tip

When students get home, they may say that they “don’t understand” their homework. If this happens, be aware that YouTube has literally thousands of videos that explain concepts in nearly every subject matter. Students can find answers to some of their questions by searching the site.

Remember that teachers can be reached easily via email!

### Information About Parent Involvement

If you’d like information about how you can be involved at CHS, please call Melody Williams at (912) 389-6529. CHS welcomes all parent questions, comments, and ideas!

### connect with CHS:

Recently, CHS students from Mr. Womack's History 2112 class visited the Heritage Station Museum for an orientation meeting on local history and museum studies.
