

Coffee High School Parent Newsletter
October 2018

Student Success Tip

Studying is a fact of student life. However, students often forget a simple truth about studying: Studying all along is more effective than cramming. Remind your student to study 15 to 20 minutes per day. He or she will reap the benefits!

Remember that teachers can be reached easily via email!

Parent Resource Center

Please be sure to stop by the Parent Resource Center when you visit Coffee High School. Our resource center has a selection of brochures about topics of special interest to parents of high school students.

Brochures on preparing for parent-teacher conferences, the importance of attendance, and many others are available.

Senior PORTRAITS

for the yearbook are due to Mrs. Joyner
