RULES, DUTIES, AND PROCEDURES

FACULTY AND STAFF

1. All teachers are expected to work an eight-hour day from 7:15 until 3:45. All faculty and staff are required to check in using the thumb print machines located in room 505 and the kindergarten hallway. Teachers and staff will also be required to check out using the thumb print machines. Staff members who fail to thumb print in or out each day or who leave campus during the day without properly signing out can be charged leave time at the discretion of the principal. **Reports will be pulled periodically to ensure employees are on time to complete their duties and responsibilities. It is imperative that every faculty and staff member abides by these procedures. Please keep in mind that central office also has access to these records and will be monitoring the punctuality of the faculty and staff of each school.**
2. All teachers are expected to be in the building by 7:20, not walking from the parking lot. Teachers are to assist in monitoring the halls when students are released to go to their homeroom.
3. Punctuality is an important personal responsibility. After the 5th tardy, you will receive a warning letter. After the 10th tardy, you will be called in for a documented meeting with administrators. After the 15th tardy, you could be placed on a PDP and/or an unsatisfactory year-end evaluation along with further consequences could result. If you see that you are not going to be in the building by 7:20, please call the office.
4. Illnesses and family issues arise which require us to be absent. However, teacher attendance is one of the most significant factors that determine the achievement students will make during the school year. Because attendance is so important, chronic absenteeism will not be tolerated. After the 10th absence, you could be placed on a PDP and/or receive an "INEFFECTIVE" or "NEEDS IMPROVEMENT" on your year-end summative evaluation.
5. In the event that a teacher must be out of school for personal reasons, the teacher should turn in a personal leave form at least 24 hours (earlier if possible) before the leave is taken.
6. Read carefully the **Teacher Job Description** (pg. 22) in the handbook. All teachers are responsible for all parts of this document.
7. You are responsible for securing your own substitute. In cases of emergency, Mrs. Karen will call a sub 3 times during the year for a teacher.
8. **Staff Dress:** Remember that you are a role model for your students. Teaching is a profession and you are expected to dress in a professional manner at all times. On Fridays, you may wear jeans. **If you have questions about suitable attire, please ask an administrator.**

Please refrain from wearing:

leggings

sweat pants

shorts

faded or worn out jeans

showing cleavage

low-cut tops without camisole underneath

excessively tight clothing

tank/halter-style tops

9. Smoking is not allowed in the building.
10. Leaving campus during planning should be kept to a minimum. If you need to leave campus during the school day, you **must sign out** on the form located at the **front desk only**. This will assist the front office in case you have a phone call or parent visit. You should be in your classroom before your planning period has ended. Abuse of this privilege will be dealt with appropriately.

BELLS

1. The first bell will ring at 7:45 a.m. with the tardy bell ringing at 7:50 a.m. All students who are after 7:50 a.m. entering your classroom must have a tardy slip from the office. We will not enforce this until after the first two weeks of school.

2. Dismissal Times: (Students Leave Classrooms)

Car riders	2:50	CPS and Pre-K
1 st Bell Bus	2:50	Pre-K
	2:55	CPS
2 nd Bell Bus	3:05	Pre-K
	3:10	CPS

K-2 students should be prepared to load first bell buses at 2:53. Walkers and car riders will be dismissed at 2:50. K-2 students should be prepared to load second bell buses at 3:10. K-2 teachers and assistants are to walk students down the catwalk to their buses and observe them loading the appropriate bus.

DUTIES

Front Campus Car Duty

Three to five people will be on duty at 7:00 each morning.

Students are to walk directly in the building and not congregate on the sidewalks or around the doors.

Report all school safety violations (weapons, traffic violations, etc.) to Mr. Folsom, Dr. Williams, or Officer Byron. Be sure to include a car tag when reporting violations.

Cars are not to park in either lane of traffic.

Notify secretary (Mrs. Karen) to make an announcement if cars are blocking traffic.

Adults will remain on duty until traffic flow has stopped.

Required: If you are going to be absent, notify the person who has the week off to fill in for you.

K-2 Afternoon Bus Duty

Two people are on duty, one at each end of the short catwalks.

The person on the south end of the walk releases the children when all buses are parked in place. She also signals the person on the north end to release those children.

Students from the south end of the walk on the outside of the sidewalk. Students from the north end of the walk on the inside of the sidewalk. On rainy days, all students walk under the shelter. Once the buses are loaded, walk between the buses to make sure that all is clear before giving the signal for the buses to leave.

As the children are loading, our responsibility is to keep them moving, to prevent them from running, and to ensure they board the appropriate bus.

Required: If you are unable to be on bus duty, notify the person who has the week off to fill in for you.

Kindergarten Hall Afternoon Pick-Ups

At 2:50, go to the end of the hall nearest the office.

Take the children out past the office to the front of the building. Student pick up will begin at 2:50.

Group the children by grade level with kindergarten in the second section, first grade in the third section, and second grade in the fourth section.

Monitor the students as they wait for names to be called, and walk the children to their cars.

First Grade Hall Afternoon Pick-Ups

Same as above, except, pick up students from the north end of the first grade hall.

Second Grade Hall Afternoon Pick-Ups

Same as above, except, pick up students from the intersection of second grade left and right halls.

Required: If you are unable to be on duty, notify the person who has the week off to fill in for you.

DISCIPLINE

1. The **school-wide rules and expectations** should be explained, reviewed, and followed throughout the school year.

Information from this should be shared with all who teach the child. **If a signed copy is not returned, please contact Mrs. Eppes.**
3. Mr. Folsom or Dr. Williams will come to your classroom and talk with a student or students at any time you request. Sometimes just a few words will keep that child from having an office referral. **Remember that you cannot teach the students unless he/she is in your classroom, but that doesn't mean that he/she should be allowed to disrupt your class.**
4. Administrators will back you if you are **Fair, Firm, and Consistent** with your discipline. If you are having problems, let us know, and we will work together to eliminate the problem. We would rather help you with preventative measures.

EARLY DISMISSAL FOR STAFF

1. If you need to leave school early, please email or speak with an administrator. When necessary, a teacher may be able to leave as soon as the instructional day ends by having a peer teacher dismiss his/her class.
2. On Fridays and paydays you may leave as soon as all your students have left the building.
3. Each employee will be given three "early leave" tickets per semester which can be used at 3:15 p.m. This allows you to leave thirty minutes early with no penalty. No more than two passes can be used at a time. Any passes that are given the 1st semester must be used before the 2nd semester begins. Early leave passes cannot be used on faculty meeting days. Additional early leave passes can be earned by attending after school functions, such as PTO meetings, Fall festival, and parent nights.

WALK-THROUGHS/EVALUATIONS AND STAFF DEVELOPMENT

1. The Teacher Effectiveness Measure (TEM) is the annual evaluation which consists of three components: (1) Teacher Assessment on Performance Standards (TAPS), (2) Professional Growth, and (3) Student Growth. These three components contribute to the overall TEM for each teacher. Teachers of record shall receive a TEM based on documentation and data from all three components

of the TKES. The weights of each component are as follows: TAPS-50%, Professional Growth-20%, and Student Growth-30%.

Teachers shall receive an overall rating of Exemplary, Proficient, Needs Development, or Ineffective on the TEM. The TEM for a teacher of record will be determined by multiplying the rating level of each component by the respective weight; this result will be compared to the rubric below. Standard rounding rules will be used where applicable. See figures below for the TEM Rating Rubric and an example of how a teacher's TEM would be calculated. At the end of the school year, all teachers that have provided instruction for at least 90% of a course for both tested and non-tested subjects, and have results for at least 15 student measures will receive a TEM (Teacher Effectiveness Measure).

TAPS Rating	Level IV	Professional Growth rating	Level III	Student Growth Rating	Level II
TAPS Weight	50%	Professional Growth Weight	20%	Student Growth Weight	30%
Calculations	4×0.5	Calculations	3×0.2	Calculations	2×0.3
Results	2.0	Results	0.6	Results	0.6
Sum of Component Parts	$2.0 + 0.6 + 0.6$				
TEM Determination			3.2	Proficient	

TEM Rating	Sum of Component Parts
Exemplary	≥ 3.5
Proficient	≥ 2.5 and < 3.5
Needs Development	≥ 1.5 and < 2.5
Ineffective	< 1.5

TERRORISTS OR SNIPERS

If you are on the playground, drop to the ground and stay. Try to see if you can get someone to the building for help. If you are in the classroom, press the dial tone button three times for emergency. You might even be able to send a student out the fire escape door to go to the classroom next door or to the office. If you are on the playground, once the situation is under control, send those students who are not hurt to the gym. Once the EMS has given the go ahead for injured students to be moved, please move them to the cafeteria.

EVERYONE must have a visitor's pass to be in the school or on the campus. This includes spouses, your children, and other family members. There are no exceptions to this. Parents, husbands, your children, etc., are not to come in the end doors. Everyone must go through the office. **If this is done by anyone, they may be charged with criminal trespassing.**

*****IRATE PARENT-CODE BLUE**

The use of abusive language is also against the law. If a parent becomes irate, please ask them in a normal conversation tone to leave. If he/she does not, press the dial tone on your intercom three times and ask for an administrator or SRO. If you cannot get to the intercom, you might have two or three students trained in your classroom to call the office when they feel it is an emergency. Also, have your students trained that when an irate parent comes in and the office has been called that they should exit out their fire door and go to the next classroom. They should knock on the window to gain entrance.

Why Elementary Counselors?

The Challenge

Every day in the United States:

- 3 children and youths under 25 die from HIV infection.
- 6 children and youths under 20 commit suicide.
- 13 children and youths are homicide victims.
- 16 children and youths are killed by firearms.
- 316 children under 18 are arrested for violent crimes.
- 1,420 babies are born to teen mothers.
- 2,556 babies are born into poverty.
- 3,356 students drop out each school day.
- 5,702 children under 18 are arrested.
- 13,076 public school students are suspended each school day.

Source Information: 1996 Children's Defense Fund
"Every Day in America"

For many people, the word counselor brings to mind someone they saw a few times in high school to help them with their class schedules, testing, college applications, and discipline. Elementary counselors are responding to today's needs by providing children with comprehensive and developmental school counseling programs.

Certified and/or Licensed Professional

All professional school counselors must have a master's degree and meet other certification requirements as defined by each state.

The Developmental Needs of Elementary School Students

Elementary school is a time when students develop attitudes concerning school, self, peers, social groups, and family. It is a time when students develop decision-making, communication, and life training skills and character values. Comprehensive developmental counseling is based on prevention, providing goals which are integrated into all aspects of children's lives. Early identification and intervention of children's problems are essential to change some of the current statistics regarding self-destructive behaviors. If we wait until children are in middle or high school to address these problems, we lose the opportunity to help them achieve their potential, as well as feelings of dignity and self-worth. For many children, the school counselor may be the one person who provides an atmosphere of safety, trust, and positive regard.

Elementary School Counselors:

- implement effective classroom guidance focusing on understanding of self and others; coping strategies; peer relationships and effective social skills; communication, problem-solving, decision-making, conflict resolution, and study skills; career awareness and the world of work; substance education; and multicultural awareness.
- provide individual and small group counseling dealing with self-image and self-esteem, personal adjustment, family issues, interpersonal concerns, academic development, and behavior modification, as well as peer facilitation and peer mediation.
- provide assessment by helping students identify their skill, abilities, achievements, and interests through counseling and guidance activities, and interpretation of standardized tests.
- work with specialized populations and needs that require special attention, such as culturally diverse populations and student with varying abilities.
- develop students' career awareness as a lifelong process of forming basic values, attitudes, and interests regarding their future world of work.
- coordinate school, community and business resources, school wide guidance-related activities, and extracurricular programs which promote students' personal growth and skill development.
- provide consultation with teachers, administrators, school psychologists, school social workers, and outside agencies and social services concerning the welfare of the students.
- make appropriate referrals for special services for students and families within the school and community.
- communicate and exchange information with parents/guardians by way of conferences, parent education workshops, and newsletters.
- participate as members of the school improvement and interdisciplinary teams and work as liaisons with PTA/PTSA/PTOs.

Why Elementary School Counselors?

Elementary school years set the tone for developing the skills, knowledge, and attitudes necessary for our children to become healthy, productive adults. With a comprehensive developmental counseling program, counselors work as a team with school, parents, and community to create a caring atmosphere whereby children's needs are met through prevention, early identification and intervention.

MIGRANT EDUCATION - A SERVICE TO CHILDREN

WHAT IS MIGRANT EDUCATION?

Migrant Education is a program which gives eligible students individual tutorial assistance. The Migrant Program staff works with students and their teachers to help the students learn the basic skills. They also try to link migrant families with community health and social service resources so that the student's physical and social problems which interfere with learning can be addressed. Migrant children age 3-21 who have not graduated are eligible for services.

WHO CAN BE IN THE PROGRAM?

Any child whose parents move across state or school system boundaries seeking temporary or seasonal work in crop production, in production and processing of milk, poultry, and livestock, in planting and harvesting of trees, and in the catching or processing of fish or shellfish is eligible for the program. The move must have been within the last six years. Your help is needed to enroll these students.

WHY SHOULD THE CHILD BE ENROLLED?

Most migrant children need individual help since their education has had many interruptions. This program gives the chance to receive help. In addition, their educational records are computerized nationally so that when they move their records will automatically move with them.

If you know of children who may be eligible for the program, contact Dr. Becky Ratts at Cook County Schools 229-896-2294.

REMEMBER: "Hispanics are not always migrants, and migrants are not always Hispanics."

Homeless Students

Throughout the year, you may have students that are homeless. There are several definitions that determine homeless status. If you suspect a student to be homeless, please contact your School Counselor or Parent Involvement Coordinator. All information determining a student's status is confidential.

1. Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals.

2. Children and youth awaiting foster care placement.

3. Children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.

4. Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

5. Migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described.

Homeless Students

The LEA designates a person to work with the homeless children and youth in Cook County. In each school, registrars, counselors, and parent involvement coordinators have been trained to identify students enrolling who appear to be homeless. The school then notifies the county's Homeless Liaison who, in conjunction with the Cook County Department of Family and Children Services and other local agencies, will determine if the children are homeless.

If they are determined to be homeless, the Cook County Inter-Agency Council will assist in providing these children and families what they need in order to make a smooth transition into the

school system and the community. This Council will assist in the following: finding a place to live, food, utilities, clothing, school supplies, etc. The Title I Director will also work with the social worker to assess related needs of the homeless children and youth and plan strategies to meet those needs.

If necessary, children may need to attend after-school sessions for additional assistance. Title I funds will be set aside to provide these services and any additional services that are needed for homeless children in Title I and non-Title I schools as well.

In addition to state assessments, the following formative assessments may be given: teacher-made and commercial tests, computer generated tests from software used in the system, STAR Reading/Math, end of unit test, and benchmark assessments.

All staff members involved are aware this is a very sensitive issue. Cook County will make every effort to ensure that these children and families are not isolated or stigmatized in any way and that they will have the same opportunities for an education as all other children in the Cook County System.

Those who register students into schools will be given training each spring on how to identify homeless children. Topics will include identification, communication, registration and enrollment, documentation, and providing support and assistance. Registrars complete a monthly report identifying students that meet the definition of homeless. This report is submitted to the Title I Director. If there are no students, registrars complete the report signifying none were identified that month. The Title I Director contacts the Homeless Liaison if students are identified. The information is also provided to Technology Director for Student Record data purposes. Professional learning for all teachers and paraprofessionals at Cook Primary School and Cook Elementary School will address this issue.

Each school will have a statement in its handbook providing guidance/direction to teachers in reference to not isolating or stigmatizing homeless children. The Cook County School System uses resources from http://www.serve.org/nche/states/state_resources.php to comply with requirements of the McKinney Vento Act.
