Dear Parent/Guardian:

Your child has been receiving Tier 2 interventions in \_\_\_\_\_ delivered by classroom teachers and trained educational staff for \_\_\_\_\_ weeks. The RTI team has carefully reviewed your child's progress and, based upon this evaluation, he/she has not achieved the expected amount of progress. When a student continues to experience challenges despite the efforts of Tier 2 interventions, the RTI team elevates the intensity of interventions delivered, which is referred to as Tier 3. Tier 3 research based interventions are delivered to no more than two students at a time and are tailored to the individual's areas of greatest need. Your child's progress will be measured weekly and additional assessments may be conducted in order to best inform instruction and intervention. It is our continued goal to provide the best services appropriate for your student's needs and to facilitate their successful learning.

Providing daily opportunities for your child to practice their skills is strongly recommended. Improvement in any skill area requires regular ongoing practice. If you have questions, or would like more information, please contact your child's teacher.

Respectfully,

RTI Coordinator
