

Get the jump on your COLLEGE CAREER with MOVE ON WHEN READY

How do I get started?

1. Choose the post-secondary school/college that you would like to attend for MOWR (such as Georgia Highlands, West Georgia Tech, or University of West Georgia) and visit their website to complete an admissions application – indicating that you are a MOWR student.
2. Submit your official test scores (ACT, SAT, Accuplacer) to the school of your choice. (Helpful hint: If you name the school with your testing administrator prior to sitting for the test there is no additional fee for this!)
3. See Ms. Dowda in room 11 to have your official high school transcript sent to the school of your choice. Official transcripts are \$3.00 each.
4. Print the MOWR consent form from your prospective school's website and fill it out. Have the student and parent sign where indicated and then bring that form to Ms. Blackstone in room 9 for her signature.

IF and WHEN you are accepted....

1. Schedule orientation through your prospective school and register for classes.
2. Complete the funding application on www.gafutures.org, following the instructions given to you by your college.
3. Print a copy of your college schedule and immediately set up an appointment with Ms. Blackstone to make the necessary adjustments to your high school schedule.
