

## FREE WEBSITES FOR PARENTS AND TEACHERS

*Kindergarten through Fifth Grade students!*

***These websites can be adjusted by skills, grade level, or difficulty level.***

Kids love using the computer to practice important skills! They think they are playing.....and we know they are really learning! Below is a list of FREE websites! If you have access to a computer and you are looking for fun, interactive websites for your child to play games, you will want to keep this list in a convenient place! ENJOY!

[www.haelmedia.com/basic\\_fact\\_sheets/index.html](http://www.haelmedia.com/basic_fact_sheets/index.html) - Select addition, subtraction, multiplication, or division and the number of problems to solve. A time option is also given! After doing the problems, a result summary is given that can be printed!

<http://www.coolmath4kids.com/> - Fun Math Games for kids! Select the games by skill.

<http://www.kidsnumbers.com/> - Website that allows you to pick the activity based on readiness levels.

<http://www.softschools.com/> - Many different subjects and interactive games for kids. Activities can be adjusted by grade level.

<http://www.funbrain.com/kidscenter.html> - Many fun games with numbers and words!

<http://www.oswego.org/ocsd-web/games/ghostbusters2/gb2nores.html> - a web site to practice addends to a given sum!

<http://www.internet4classrooms.com/> - You select the subject and standard! Games and activities that focus on particular grade level and standards are listed.

<http://www.spellingcity.com/> - You can enter individualized spelling lists and this web site will automatically create games and activities your child can use as they practice.

<http://resources.oswego.org/games/mathmagician/cathymath.html> -Practice math facts and print results! Increase you math fact fluency here!

<http://www.bbc.co.uk/schools/ks1bitesize/literacy/punctuation/index.shtml> - Practice punctuation - and adjust the level!

<http://www.bbc.co.uk/schools/ks1bitesize/numeracy/> - Select the math skill you want to work with and adjust the level of difficulty!

<http://clo.douglas.k12.ga.us/childu/index.html> - Compass Learning Odyssey: You will need to get a user name and password from your child's teacher (same logon as at school – older students will know this information). Teachers assign learning tasks that are individualized to your child's needs.

<http://www.raz-kids.com/main/Login> - Raz Kids: You will need to get a user name and password from your child's teacher (same logon as at school – older students will know this information). The teachers assign reading passages individualized to your child's needs.
