The Douglas County Board of Education does not discriminate on the basis of sex, race, religion, national origin, disability or age in educational programs or activities, or employment practices.

CHHS
MEDIA CENTER
ELECTRONIC
RESOURCES

The Chapel Hill High School Media Center has a variety of electronic resources available for conducting research.

This brochure lists those resources and gives our patrons a brief introduction on how to access the various resources from school and (in some cases) from their home computers.

The media staff would like to invite all students to take advantage of these resources either by visiting the media center or by using their home computers.

CHHS MEDIA CENTER ELECTRONIC RESOURCES

RESEARCH

TOOLS

- **OPAC Card Catalog:** Click the **Destiny CHHS** icon to look up books and other materials in the media center collection.
- **Internet Explorer:** Click this icon to access the Internet. Use the Internet for appropriate educational purposes only.

NETTREKKER HS

This research tool is a search engine that delivers safe, educator-selected websites for students, teachers, and parents. To access it at school, click the icon on the desktop. For instructions of how to access it from home, select the Media Center link on the left side of the CHHS home page.

MICROSOFT APPLICATIONS

- **Microsoft Word:** Click this icon as a word processor to write reports and create word documents.
- **Microsoft PowerPoint:** Click this icon to create multi-media presentations and slide shows.
- **Microsoft Publisher:** Click this icon to create newsletters, brochures, etc.
- **Microsoft Excel:** Click this icon to create spreadsheets.
- **Microsoft Access:** Click this icon to create specialized databases.

USA TESTprep

This is an online resource to help students effectively prepare for their end-of-course tests (EOCTs).
