

Wildcat Pride Incentive Program

Positive Behavioral Interventions and Supports at Chapel Hill Middle School

CHMS has created rules, routines, and physical arrangements that are developed and taught by our staff in order to increase pro-social behaviors and minimize non-desired behaviors. The goal of our Positive Behavioral Intervention & Support Program is to INCREASE instructional time in the classroom and decrease student disciplinary infractions / referrals.

The **WILDCAT PRIDE INCENTIVE cards** are our tangible way of rewarding the hundreds of students who display hard work in the areas of Academics, Attendances, Effort and Personal Responsibility (Conduct).

Our incentive program is based on student attendance, academics, effort, and conduct. The three-tiered system affords students with opportunities to benefit in the community, at school sponsored extra-curricular events, with classroom privileges, and with student rewards served during the lunchtime hour.
