

21st CCLC Lithia Cohort Cub Club Newsletter January 2016

Dates to Remember in January:

4th Students return to school

6th Report Cards

16th No School

25th Latino Luncheon

31st First Grade APTT 6pm

Please remember
Cub Club is Monday
through Thursday from
2:45 until 5:15. On
Friday the program is
from 2:45 until 4:45.
Too many early check-
outs or absences may
lead to your child being
dismissed from the
program.

Students of December

1st Itzel Molina

2nd Haji Kees

3rd Parker Amenyo

4th Katelyn Waits

5th Marwin Elorza-Gonzales

What the teacher's are saying:

"She always works hard and tries to solve problems or complete work before asking for help. She has wonderful manners, and never causes a problem."

"He does extra to help his teachers. Very caring of others. He always puts forth 100% and never complains."

"He is always ready to participate. He Follows directions, pays attention, and is always doing what he is asked to do!"

"She has great math reasoning skills! She always raises her hand when she needs assistance, she tries hard before seeking help. She is a problem solver."

"She has been working hard to achieve her personal goals."

Congratulations to ALL!

CHECK US OUT!

Cub Club News

New Year New Experiences

As we start the second semester of the 2016-2017 school year, there are many exciting new activities planned.

We will continue with Monday Math Club as we gear up for the Douglas County Elementary Math Competition, March 4th at Douglas County High School.

We have planned STEM days during our Tuesday and Wednesday technology days with Ms. Humphries. Students will continue learning about the state of Georgia and the country of Georgia along with the aligned Social Studies curriculum.

In Music we will tackle a new musical for the end of the year showcase on May 4th. Our musical is titled, *"I Need a Vacation!"*

I am very excited to announce we will be starting a cooking class on Thursdays. We will be teaching your child how to make healthy, light snacks, and creating mini chefs.

In our sports club, the students will be learning the fundamentals of soccer and golf.

Our students will continue to learn science through hands-on discovery and experimentation during Science Club Friday.
