

What is a School-Parent Compact?

A *School-Parent Compact for Achievement* is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective compacts:

- Link to goals of the school improvement plan
- Focus on student learning skills
- Describe how teachers will help students develop those skills using high-quality instruction
- Share strategies that parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to volunteer, observe, and participate in the classroom

Jointly Developed

The parents, students, and staff of East Fannin Elementary School developed this School-Parent Compact for Achievement. Meetings are held each year to review the compact and make changes based on students' needs.

Parents are welcome to contribute comments at any time.

Teachers, Parents, and Students Together for Success

East Fannin Staff

East Fannin Elementary School will work with students and their families to support students' success in math, reading, and attendance. Some of our key connections with families will be to:

- Provide frequent home to school connections in each grade level that give students an opportunity to practice what is being learned in class. (i.e. math fact flash cards, high frequency words, web quests, web based curriculum, and class or grade level newsletters)
- Provide individualized interventions to students that are not performing up to the expectations in ELA or math, keeping parents informed about their child's progress.
- Plan and host a grade specific Family Fun Night that provides students, parents, and teachers an opportunity to have fun and build community which supports our goal of having our students at school every day.

At Home

East Fannin Elementary School parents joined staff to develop ideas about how families can support students' success in math, reading, and attendance. Families may have other ideas to add to this list which includes:

- ❖ Attend workshops or events at least one time during the year to help my child succeed in reading and math.
- ❖ Use Internet resources provided by East Fannin at least 2 times per week to support math and reading skills.
- ❖ Read with my child at least 2 times per week using books on his/her Lexile level.
- ❖ Send in notes or doctor's excuses every time my child is absent and make sure that he/she is in school every day possible.

East Fannin Students

East Fannin students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in math, reading, and attendance. Students thought of the following ideas to make connections between learning at home and school:

- ❖ Be responsible for using both print and digital math resources to reinforce skills learned at school.
- ❖ Be responsible in taking reading materials to and from school to read with your parent and/or family members.
- ❖ Attend school daily, be on time, and be ready to participate in class. If you are tardy be sure and check in at the office for a slip.
- ❖ Complete classwork daily and ask for help when needed.
- ❖ Take communication to and from school and be responsible for giving it to a parent/guardian.
