

STUDENT CODE OF CONDUCT

Revised July 27, 2015

FANNIN COUNTY SCHOOLS

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in the Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time;
- Off school grounds at any school-related activity, function, or event and while traveling to and from such events;
- On school buses and at school bus stops.

Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

AUTHORITY OF THE PRINCIPAL

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly, or dangerous conduct not covered in this Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and the school provided any such action does not violate school board policy or procedures.

AUTHORITY OF THE TEACHER

The superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law. Each teacher shall comply with the provisions of O.C.G.A. § 20-20-737 which requires the filing of a report by a teacher who has knowledge that a student has exhibited behavior that repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his or her class or with the ability of such student's classmates to learn, where such behavior is in violation of the student Code of Conduct. Such report shall be filed with the principal or designee on the school day or the following school day of the most recent occurrence of such behavior, shall not exceed one page, and shall describe the behavior. The principal or designee shall, within a reasonable amount of time, notify in writing the teacher and the student's parents or guardian of the discipline or student support services which has occurred as a result of the teacher's report. This written notification shall include information as to how the parents or guardian may contact the principal or designee.

PROGRESSIVE DISCIPLINE PROCEDURES

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student, and other relevant factors such as placement in special education programs. Discipline for special education students will be dictated by the student's IEP and in accordance with due process.

The Code of Conduct provides a systematic process of behavioral corrections in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program.

The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Isolation or Time-out
- Temporary Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Corporal Punishment
- Detention/Saturday School
- Temporary Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia Law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion; however these punishments will be determined only by a disciplinary tribunal as outlined in the Fannin County Board of Education policies.

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved also by the disciplinary tribunal or hearing officer in accordance with local board policy.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified if possible. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus, student book bags, school lockers, desks, and other school property are subject to inspection and search by school authorities at any time without prior notice to students or parents. Students are required to cooperate if asked to open book bags, lockers, or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators.

BEHAVIORS WHICH WILL RESULT IN DISCIPLINARY PROCEDURES

The degree of discipline imposed will be in accordance with the progressive discipline process unless otherwise stated.

DISRUPTIVE PRESENCE

The Fannin County School District reserves the right to exclude a student's enrollment/attendance at a school due to any off-campus behavior which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

If, through notification by legal authorities or other official/unofficial entities, a principal needs to make a determination regarding the application of this policy as it relates to a student's off-campus behavior, the principal will adhere to the following protocol:

- Contact the Director of Student Services who will work with the principal, the school resource officer, and the school board attorney in order to confirm whether or not charges are being filed against the student.
- Work with the Director of Student Services on the potential application of the Fannin County School System "Disruptive Presence" infraction code regarding the student's off-campus behavior.

STUDENT SUPPORT PROCESSES

The Fannin County Board of Education provides a variety of resources which are available at every school within the district to help address student behavioral problems. The school discipline process will include appropriate consideration of support processes to help students resolve such problems. These resources include Student Support Teams, school counselors, and chronic disciplinary problem student plans.

PARENTAL INVOLVEMENT

This Code of Conduct is based on the expectation that parents, guardians, teachers, and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts

from the learning environment. School administrators recognize that two-way communication through personal contact is extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments.

Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior.

Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call or by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such programs or such treatment as the court deems appropriate to improve the student's behavior. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under this law.
