

Advisement Program at Central Gwinnett High School

Our Goals

1. Provide every student with a teacher advocate. (graduation coach)
2. Promote school spirit and a sense of belonging.
3. Give students an opportunity to discuss their concerns.
4. Create an environment where students can improve peer relationships.
5. Provide students with an understanding of school policies, graduation and promotion requirements, and post-secondary options.
6. Produce students who are life-long learners.
7. Encourage students to be leaders, critical thinkers, think outside the box and around the globe.

Program Implementation

- Advisement is implemented every Tuesday from 8:03-8:22.
- Lessons are from the Habitudes program (four book series) and 26 Second BMORE campaign.
- Advisors will follow the advisement calendar.

Why Habitudes?

Our student generation today learns from music, technology, and images. They desire to learn what is relevant. Creativity drives them.

Habitudes is problem-based learning and student-driven.

This program consists of images that lead to conversations that lead to experiences that lead to change.

This program is created to guide students to their leadership journey. Students will learn to first lead themselves and then they will be able to influence others around them.

Topics

| Date | Title |
|--------------|---------------------------------------|
| August 16 | Extra-curricular activities |
