

All parents are invited to participate and provide suggestions and ideas to improve the Habersham County Schools Parent and Family Engagement Policy. This policy establishes the district's expectations for quality family engagement and guides the strategies and resources that will build school-parent partnerships. It describes the district's commitment to partner with families in the education of their children, and to strengthen the ability of schools to implement activities that support children in achieving academic success. The meeting will take place at the Habersham County Board of Education office in Clarkesville on Tuesday, April 10 at 6 PM. For more information, contact Dr. Renee York at 706-778-2020, ext. 105.
