

August 28, 2017

Dear Parent or Guardian,

HNGA is pleased to announce that we will begin our after school tutoring program on Monday, September 11. The tutoring program will operate Monday and Wednesday from 3:15 pm – 4:30 pm for the remainder of the school year. We will provide tutoring in math and English on Mondays and Wednesdays. In addition, Physical Science tutoring will be offered on Mondays.

We hope that your child will take advantage of this opportunity. During tutoring hours, students can receive additional help on difficult concepts or homework assignments. There is no cost for this service, and transportation will be provided.

We are excited to be able to offer this program to our students and want to assist in making this school year the best ever! Good behavior is vital to the success of our program. Students will be required to follow the same behavioral policy and guidelines of the regular school day. Misbehavior will not be tolerated and may result in removal from the program.

If you would like to enroll your child in after school tutoring, please complete and return the form below. Once a student is enrolled, they are welcome to attend any day we provide tutoring services. If you have any questions, please feel free to contact me at school.

Sincerely,

Connie Franklin
