#### **7. Presentation to School Council**

##### **Report of Principal**

Ray presented the school council with the data from the 2015 CCRPI score analysis and the current school improvement plan. The CCRPI details how KCES compared to their system schools and the entire state. The area of weakness for our school is growth. Due to this factor, plans have been put in place where teachers are conducting monthly meetings to compare and discuss data. This is to ensure we are tracking as we go and not “teaching and hoping.”

The school improvement plan was designed by the better seeking team. They have outlined realistic goals for KCES in areas of achievement. With these updated goals, are also actions that will be taken over the next 1-3 years.
