

# WE NEED YOUR HELP!!!!

Please help us out and take this survey before Friday, February 2nd.

Dear Parents,

The Department of Education has requested that each parent, child and faculty/staff take an online School Climate Survey. The purpose of this survey is to get anonymous feedback to improve our school, county, and state. This data will also be used towards the calculation of a School Climate Rating within the CCRPI (College and Career Ready Performance Index).

**PARENT SURVEY**--This survey should only take 5-10 minutes and consist of 24 questions and can be completed on a computer, smartphone, or tablet. Survey responses are anonymous and will be submitted directly to the GA Department of Education. Below is the information needed to take the Parent Survey. We value your feedback and request that you help us by completing the survey online. You can access the survey at either address below.
