What does Northside High School mean to you?

Coach Nix is so thankful that God chose him to be an educator and a coach. He truly loved coaching. He feels so blessed that he can look back on his years in education and coaching with positivity, when so many go through life without loving their careers. Northside High School was such a major part of his career because he feels that it is a special place with special people. He feels that "It's Great to be a Northside Eagle" is more than a special chant or war cry; He thinks it becomes part of who you are. It's that special!
