

# Dual Enrollment Information Night

David McDermott  
Director of CTAE  
Houston County Schools

# What is Dual Enrollment?

- Dual Enrollment (DE), formerly *Move On When Ready*, is Georgia's program that allows high school students the opportunity to earn college credit while working on their high school diploma. The DE program covers tuition, mandatory fees and required textbooks.
- The goal of DE is to increase college access and completion, as well as give students the necessary skills they need to be successful in today's workforce.

# How does your child take part in DE?

- The student must apply for the program through their high school counselor.
- They will sign a participation form at their high school.
- This form must also be signed by the parent/guardian.
- They must meet the admissions requirements at the college of their choice.

# What courses are available?

- The courses taken at the college must be part of their graduation requirements.
- There is an approved list of courses for each college that your child's counselor will use when recommending courses for DE.
- This course list is updated once a year.
- Each college class counts for 1.0 unit of credit on the high school transcript.

# Additional Information

- Courses taken through DE do not count against your child's HOPE or Zell Miller Scholarship eligibility cap.
- Even though your child is a HCBE student, we do not intervene in the policies of the college.
- The high school does not provide transportation, materials or academic assistance for courses taken at the college. (Transportation is provided for courses taught at HCCA.)
- For every college class a student takes, he/she will be released for two periods of the high school schedule.

# Additional Information

- Students participating in DE college courses should do so with the knowledge that the course work may be more rigorous and challenging than high school courses. Students are held to a higher degree of independent responsibility and accountability than in regular high school classes.
- The high school counselor advises on college courses needed to complete high school graduation requirements only.

# Additional Information

- Per HCBE Policy, final grades earned through DE cannot exceed 100. (For example, if a student earns a final grade of 103 at a postsecondary institution, the grade on the high school transcript will be posted as a 100.)

# DE Policies

- DE students must contact the high school counselor for approval before any course/schedule changes can be made during the semester/quarter.

# DE Policies

- Colleges have attendance policies that students must adhere to that are different from the high school.
- DE classes attended on the college campus follow the college calendar.
- Participation in DE is subject to deadlines imposed by participating colleges and the high school.
- Deadlines for High Schools:
  - Summer 2019 – May 30, 2019
  - Fall 2019 – May 30, 2019
  - Spring 2020 – December 13, 2019
