# Makerspace: Self-Assessment
(circle "Y" for Yes and "N" for No)

I had a clear idea of what I wanted to do today when I started:                    Y        N

It was to: _____

I explored a new building or creating skill today:
                                         Y        N
It was: _____

Today I solved a problem while working on my project:
                                         Y        N
My problem was: _____

I used my time wisely:                Y        N

I needed reminders to stay focused or on task:
                                         Y        N

I was excited about what I was working on today:
                                         Y        N

I tidied my area without reminders:    Y        N

I put items back respectfully so others can find them easily                    Y        N

I share ideas or help someone else today:
                                         Y        N

If so, with whom? _____
