Principal’s Message

Greetings Students and Parents:

Welcome back to Americus-Sumter High School for the 2019-2020 school year. I hope your summer break gave you the opportunity to have fun and relax in preparation for an awesome new school year. I am thrilled to continue to serve our community as the Principal of The Americus-Sumter High School. In the 2018-2019 school year, Americus-Sumter High School was recognized by Greatschools.org as a GreatSchools 2019 College Success Award winner. Congratulations to our teachers, students, and parents!

We take pride in being a school where every student can find an avenue for success. Our school is a community where everyone in the Panther family strives to find the best in themselves and others. We have much to be proud of at Americus-Sumter High School and I look forward to another year of serving the Sumter County community. The success of our students is built on the partnership we have with our families and the Sumter County community. We are grateful to have a community that supports our school and students.

We are proud of all the academic opportunities we offer our students. Both core academic and CTAE/elective programs provide students with outstanding opportunities to be successful. We have a strong Advanced Placement program as well as academic interventions to help ensure all of our students can reach their goals.

In addition to our strong academic programs, we also have athletics, JROTC, and a Fine Arts programs with a tradition of success that is second to none. We are proud to be a high school where every student has opportunities in any area they pursue. We have a kind, caring, highly-qualified staff who truly believes that every one of our students can and will succeed.

Our entire staff works very hard to create a positive environment where every person’s unique strengths and talents are celebrated. We have a culture of high expectations for students and staff alike and it is our sincere goal that each and every one of our students graduates with a plan for the future and with the skills necessary to be successful in anything they do. The combination of focusing on our students’ academic success as well as their social and emotional well-being creates an environment where our students do amazing things every year.

I am proud to be a part of the tradition of success that has been built over many years at Americus-Sumter High School and am proud to be your Principal. I am grateful to have the opportunity to work with you again this year and I look forward to a great year.

Go Panthers!

Kimothy Hadley

SECTION I: CURRICULUM AND INSTRUCTION

AdvanceED/SACS ACCREDITED
All Sumter County Schools are accredited by the Southern Association of Colleges and Schools (SACS) and Georgia Accrediting Commission (GAC).

ADVANCED PLACEMENT OPTIONS
Advanced Placement (AP) classes are offered to all students enrolled in Americus-Sumter High Schools. Advanced Placement courses are college-level courses offered by trained high school teachers in the regular high school setting. Students are exposed to the rigor of college level course while also having the opportunity to earn college credit while enrolled in high school. For more information about AP course contact the guidance office.

CLASS RANKINGS (9-12)

Board Policy
Descriptor Code: IHC

Class Rankings

The Cumulative Numeric Grade Average (CNGA) is to be determined by computing a numeric grade average to three decimal places.

For students enrolled in each Advanced Placement courses, the cumulative numeric grade average shall be augmented by adding 10 points. Specifically, the process shall entail adding 10 points to the yearly average to determine the final average.

For students enrolled in Advanced/Honors core classes, excluding Advanced Placement courses, the cumulative numeric grade average shall be augmented by adding five (5) points. Specifically, the process shall entail adding 5 points to the yearly average to determine the final average.

For graduating seniors, the ten points for AP courses and five points for Advanced/Honors core courses will be added at the end of the third nine weeks.

Students enrolled in dual enrollment courses who withdraw from such courses receive a failing grade of 69. The dual enrollment courses remain un-weighted.

Grades from dual enrollment courses will be verified by the instructors and transmitted directly to the High School registrar and calculated into the CNGA.

Summer school grades shall be computed in the total cumulative numeric grade average.

CNGA is used to determine class ranking.
Grade Point Average

The Grade Point Average (GPA) shall be determined by use of a four-point system for grades earned:

A = 4; B = 3; C = 2; F = 0.

Advanced Placement (AP) courses completed shall be weighted one additional point for passing grades: A = 5; B = 4; C = 3.

College courses shall not receive any additional weight or points before being averaged.

GPA is not used to determine class rank.

Summer School Grades in the GPA Calculation Process

Summer school grades shall be computed in the total GPA (Grade Point Average).

Board Policy

Salutatorian/Valedictorian

The student with the highest class ranking shall be recognized as the Valedictorian. The student with the second highest class ranking shall be recognized as Salutatorian.

If a tie occurs in the identification of either the Valedictorian or the Salutatorian, then those students meeting the numeric average criteria shall have that honor. However, for scholarship awards, total SAT/ACT scores (highest verbal and highest math) shall also be utilized in preparing rank ordering of class standings.

Students, including “Move on When Ready” (MOWR) must be enrolled in Sumter County School System for a minimum of four (4) consecutive semesters immediately prior to graduation to be named Valedictorian or Salutatorian. Transfer credit used for calculation of cumulative numeric grade averages for determination of class ranking for Valedictorian and/or Salutatorian shall be accepted only from high schools or colleges accredited by regional accrediting agencies recognized by the Georgia State Department of Education.

In the event of a tie in class ranking for Valedictorian, each student will be publicly acknowledged. A Salutatorian will not be publicly recognized in the event of a tie for Valedictorian. After determining there is not a tie in class ranking for Valedictorian, if a tie in class ranking for Salutatorian exists, each student will be publicly acknowledged.
CRITERIA FOR BREAKING TIES FOR SCHOLARSHIPS

If scholarships or financial grants are to be awarded based on class ranking as Valedictorian and/or Salutatorian, those individuals will be identified and that determination will be double checked by another individual. If there is a tie and the scholarships or grants cannot be shared among the students tied for Valedictorian and/or Salutatorian, the following criteria will be used in turn to break ties in class rankings:

**Valedictorian:**
1. Cumulative numeric grade averages; if a tie shall exist,
2. Number of college preparatory classes taken; if a tie still exists,
3. Scholastic Aptitude Test (SAT) Scores or American College Test (ACT) Scores.

After using tie-breaking criteria, the student with the highest class ranking would receive any scholarship awards for Valedictorian.

After using tie-breaking criteria, the student with the second highest class ranking would receive any scholarship awards for Salutatorian.

**Salutatorian**
1. Cumulative numeric grade averages; if a tie shall exist,
2. Number of college preparatory classes taken; if a tie still exists,
3. Scholastic Aptitude Test (SAT) Scores or American College Test (ACT) Scores.

After using tie-breaking criteria, the student with the highest class ranking would receive any scholarship awards for Salutatorian.

If ties cannot be broken by the means listed, the principal of the school will select a committee to determine the recipients of any scholarships or grants.

**COMPUTER USE**

**Appropriate Use Policy of Sumter County Schools**

Computers and Network Resources

It is the belief of the Sumter County Board of Education that the use of technology for the purpose of information acquisition and retrieval is an important part of preparing children to live in the 21st century. The Board further believes that a “technology rich” classroom can significantly enhance both the teaching and learning process. This technology includes computer hardware, software, local and wide area networks and access to the Internet. Due to the complex nature of these systems and the magnitude of information available via the Internet, the Sumter County Board of Education believes guidelines regarding acceptable use are warranted in order to serve the educational needs of students.

It shall be the policy of the Sumter County Board of Education that the school system shall have in continuous operation, with respect to any computers belonging to the school having access to the Internet:

1. A qualifying “technology protection measure,” as that term is defined in Section 1703(b)(1) of the Children’s Internet Protection Act of 2000; and

---

Sumter County Schools  

Revised: 5/22/2017
2. Procedures or guidelines developed by the superintendent, administrators, and/or other appropriate personnel which provide for monitoring the online activities of users and the use of the chosen technology protection measure to protect against access through computers to visual depictions that are (i) obscene, (ii) child pornography, or (iii) harmful to minors, as those terms are defined in Section 1703(b) (1) and (2) of the Children’s Internet Protection Act of 2000. Such procedures or guidelines shall be designed to:
   a) Provide for monitoring the online activities of users to prevent, to the extent practicable, access by minors to inappropriate matter on the Internet and the World Wide Web;
   b) Promote the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications;
   c) Prevent unauthorized access, including so-called “hacking,” and other unauthorized activities by minors online;
   d) Prevent the unauthorized disclosure, use and dissemination of personal identification information regarding minors; and
   e) Restrict minors’ access to materials “harmful to minors,” as that term is defined in Section 1703(b)(2) of the Children’s Internet Protection Act of 2000.

The district’s technology resources are provided for educational purposes that promote and are consistent with the instructional goals of the Sumter County School System. Use of computers and network resources outside the scope of this educational purpose is strictly prohibited. Students and employees accessing network services on any school computer shall comply with the district’s acceptable use guidelines. The district reserves the right to monitor, access, and disclose the contents of any user’s files, activities, or communications. Email accounts are provided to teachers and students as long as they are active in the school system. They will be deleted when their status changes.

It must also be understood that the Internet is a global, fluid community, which remains largely unregulated. While it is an extremely valuable tool for educational research, there are sections that are not commensurate with community, school, or family standards. It is the belief of the Board that the Internet’s advantages far outweigh its disadvantages. The Sumter County Board of Education will, through its administrative staff, provide an Internet screening system which blocks access to a large percentage of inappropriate sites. It should not be assumed, however, that users are completely prevented from accessing inappropriate materials or from sending or receiving objectionable communications.

Additionally, access to the Internet and computer resources is a privilege, not a right. Therefore, users violating the Sumter County Board of Education’s acceptable use policy shall be subject to revocation of these privileges and potential disciplinary action.

**CURRICULUM**

The state of Georgia has adopted a set of core standards called the Georgia Standards of Excellence (GSE). The standards were developed in collaboration with teachers, school administrators, and experts to provide a clear and consistent framework, so that upon graduation students will be able to succeed in credit-bearing academic college courses and in workforce training programs. The Georgia Standards of Excellence (GSE) provide a consistent framework to prepare students for success in college and/or the 21st century workplace. The GSE for English language arts, mathematics, and literacy in science, history/social studies, and technical subjects will ensure that all Georgia students have an equal access and opportunity to master the skills and knowledge needed for success beyond high school. The implementation of the GSE requires support on multiple fronts, including strengthening teacher content knowledge, pedagogical skills, and contextualized tasks for students that effectively engage 21st Century learners. The standards create a foundation to work collaboratively across states and districts, pooling resources and expertise, to create curricular tools, professional development, common assessments, and other instructional materials.

#### END OF COURSE (EOC) GEORGIA MILESTONES TEST

The Georgia Milestone EOC are assessments administered at the completion of core high school courses specified by the State Board of Education, in accordance with O.C.G.A. 20-2-281(f), to measure student achievement in the four content areas of English/Language Arts, Mathematics, Science, and Social Studies. The Georgia Milestone EOC shall be used as the final exam and shall count 20% of the final grade in the course assessed by the Georgia Milestone EOC.

#### EVALUATION

A variety of assessments are used to measure student achievement and program effectiveness. State administered tests include Norm Referenced Tests, Georgia Milestone End of Course Assessment, and Student Learning Objectives. Other types of assessment are also used to measure individual and group progress throughout the school year.
**EXEMPTIONS**

Seniors may exempt finals if they have a 90 or above average in the class, no discipline referrals, 3 or fewer excused absences, and no unexcused absences.

Underclassmen may exempt finals if they have a 95 or above average in the class, no discipline referrals, 3 or fewer excused absences, and no unexcused absences.

**FIELD TRIPS**

Teachers plan various field trips throughout the year. Students must have written parental/guardian permission to go on these trips. Students who do not bring signed permission forms will remain at school with regular assignments. Students may not be allowed to go on field trips if their behavior does not warrant their attendance. Only actively enrolled students may go on field trips.

**Board Policy**

**Field Trips and Excursions**

All field trips should be carefully planned to ensure beneficial learning experiences and adequate supervision of students. Approval of the school principal and the Superintendent is required for any field trip. Any out-of-state or overnight field trip must be approved by the Board.

The Board provides transportation for field trips when directly related to education purposes.

It is recommended that field trips be concluded so as not to require overnight accommodations. If overnight trips are necessary, it is required that the sponsoring group maintains adequate adult supervision.

Parental permission is required on a form supplied by the school before a student may participate in a field trip.

**GIFTED EDUCATION**

In seeking to provide services for students who have the potential for exceptional academic achievement, the Sumter County School System offers a gifted education program. Students may be referred for gifted education services by teachers, parents, or guardians, peers, counselors, administrators, self, or other individuals with knowledge of the student’s abilities. Students are automatically referred for services when reviews of achievement test results indicate they have obtained required scores. Students are referred if they have been transferred from an out-of-state school system in which they were enrolled in a gifted education program. Transfer students receiving gifted education services in other Georgia public school systems are eligible for services in Sumter County Schools upon receipt of documentation of eligibility for services.

Students can be referred, but only become eligible for services by meeting criteria in any three of the following areas: mental ability, achievement, creativity, and motivation. Students may also become eligible for services by meeting state required mental ability test scores, although
evaluation data must be collected on the student in all four areas. If you wish to learn more about his program, contact the principal or the gifted education teacher at the school.

**GRADING**

Each student will be given a report card at the end of each nine-week grading period. Progress reports will be sent home every 4 ½ weeks. Progress reports will be sent home weekly or bi-weekly to ensure communication with parents.

If a student is failing, parents are encouraged to call the school and set up a conference to discuss the child’s lack of satisfactory progress. Parents will be formally notified if their child is in danger of being retained at the end of the first semester and the end of the third nine weeks. Conferences will be scheduled.

Grades will be assigned on the following basis:

**GRADUATION**

Ceremony

Americus-Sumter High School graduation ceremony will be held at Finklea-Robinson Field at Alton Shell Stadium. In case of inclement weather, the graduation ceremony will be relocated to an alternative site where admission is by ticket only. Graduation is a formal ceremony. We realize that you all have worked very hard to achieve your high school diploma. We expect all students to conduct themselves with dignity, follow all directions given, and represent the school and community with positive behavior.

Graduation Speeches

Baccalaureate and graduation speeches will be read by an English teacher for sentence structure and grammar only. All baccalaureate and graduation speeches are due to the graduation committee by the first Friday in May. The final speech will be approved by the graduation committee. Any student who does not read the approved speech will be subject to their diploma being temporally withheld. The class Valedictorian, Salutatorian, Class president and SGA president automatically has speaking roles. The other speakers will be nominated by the graduating class honor graduates and voted on by the faculty.

Graduation Expectations/Student Behavior

Seniors are REQUIRED to attend graduation practice during the last week of school. Students who miss practice without a valid excuse or cause any discipline problems during practice will not be allowed to participate in the graduation exercise. Each day after graduation practice seniors are allowed to leave with parents’ permission. If you do not consent for your child to
leave each day after graduation practice, please send a note to school stating that your child does not have permission to leave and must stay on campus.

A detailed graduation checklist with important dates and instructions which MUST be followed will be given to all seniors by the end of October. If your child is a MOWR student, please have them to keep in contact with the school on a regular basis for announcements. Announcements are made daily at school and posted on the school website. It is the responsibility of the students and parents to stay informed.

If any student fails to follow the graduation expectations the student will not be allowed to participate in the graduation ceremony and his/her diploma will be withheld until an appeal meeting. The appeal meeting will determine appropriate consequences, if and when the student’s diploma will be issued.

HiQ TEACHERS
Recognizing the importance of effective teachers, the Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA) requires that schools be staffed with highly qualified teachers and paraprofessionals. Additionally, professional development activities must ensure that teachers and paraprofessionals meet the highly qualified provisions of ESEA. Local educational agencies (LEAs) must notify parents of their rights to request information regarding the professional qualifications of the student’s classroom teachers. Also, in Title I schools the LEA must require the principal of each Title I school to submit an attestation annually requiring compliance with this provision.

Teachers
In Title I Programs, all teachers hired who teach core academic subjects must be highly qualified. This includes teachers in targeted assistance schools who are paid with Title I funds, teachers in school-wide Title I schools, and any other teachers paid with Title I funds who teach eligible private school students. To be considered highly qualified to teach in the State of Georgia, teachers must be fully certified to teach by the Georgia Professional Standards Commission (PSC) and be teaching in their field(s) of certification.

New teachers must:
- Hold a bachelor’s degree from a PSC accepted accredited institution of higher education.
- Hold a valid Georgia teaching certificate.
- Have evidence of specialized training in the subjects they teach, such as an academic major or the equivalent in the subjects and a passing score on the required content assessment for the area/subjects they teach.
- Have a teaching assignment that is appropriate for the field(s) listed on the Georgia teaching certificate.

Veteran teachers must:
- Hold a bachelor’s degree from a PSC accepted accredited institution of higher education.
- Hold a valid Georgia professional teaching certificate.
- Have a teaching assignment that is appropriate for the field(s) listed on the teaching certificate.
- Have evidence of specialized training in the subjects they teach, such as an academic major or the equivalent in the subject, and a passing score on the required content assessment for the area/subject they teach or evidence that they have met the requirement of a HIGH OBJECTIVE UNIFORM STATE STANDARD OF EVALUATION (HOUSSE), as adopted by the PCS.

A teacher who is new to the profession is a beginning teacher, defined as a teacher in a public school who has been teaching less than a total of three complete school years [Title IX, Part A, Section 9101(3)].
A **veteran** teacher is one who is not new to the profession and is defined as a teacher in a public school who has been teaching a total of three or more complete school years.

*Teachers who are fully certified and highly qualified have met all requirements including:*

- Clear renewable certificate and major/concentration in the content area or
- **PSC required content assessment** or
- HOUSSE, if applicable, and
- Appropriate teaching assignment

Core academic subjects include English, reading, language arts, mathematics, broad-field science (such as physics, biology, or chemistry), foreign languages, broad-field social studies (such as civics and government, economics, history, geography), and the arts (visual arts, music, band and chorus). Dance and drama are not core academic subjects in Georgia. All teachers teaching a core academic subject, including remedial, extended day, evening, or summer school classes, must be highly qualified to teach the subject.

The Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA) requires states to develop plans with annual measurable objectives that will ensure that all teachers teaching in core academic subjects are highly qualified. Beginning with the 2002-2003 school year, states and LEAs must report annually on their progress toward this goal.

**Paraprofessionals**

Paraprofessional requirements are strengthened in the Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), Section 1119, and requires that all paraprofessionals who work in an instructional program supported by Title I funds (school-wide program or targeted assistance program) be highly qualified.

A paraprofessional is an individual with instructional duties. Individuals **who work solely** in non-instructional roles, such as food service, cafeteria or playground supervision, personal care services, and non-instructional computer assistance are not considered to be paraprofessionals for Title I purposes. The requirements do not apply to paraprofessionals who work with special education students performing non-instructional duties, such as assisting with mobility and bodily functions. The Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA) requirements do NOT apply to paraprofessionals with:

1. Primary duties to act as a translator or
2. Duties consisting solely of conducting parental involvement activities.

The requirements do not apply to aides.

*Paraprofessionals who are hired after January 8, 2002, must have:*

- Completed at least two years of study at an institution of higher education. (Two years of study at an institution of higher education requires completion of a minimum of 60 semester hours at a Georgia Professional Standards Commission (PSC) approved accredited institution of higher education.)
- Obtained an associate’s degree (or higher) or
- Met a rigorous standard of quality and demonstrated through a formal state approved assessment the knowledge of and the ability to assist in instructing, reading, language arts, writing and mathematics or reading readiness, writing readiness, and mathematics readiness.

In lieu of completing at least two years of postsecondary study or an associate’s degree to meet these requirements, a paraprofessional may complete a PSC approved paraprofessional
qualification assessment. If eligibility is established through the assessment, the applicant must also hold a high school diploma or a General Education Diploma (GED) equivalent.

All individuals holding a current paraprofessional certificate in Georgia must meet the new requirements (if not previously met) for certificate renewal effective June 30, 2009 or the effective renewal date thereafter.

Paraprofessionals who work in a school-wide program or who are paid with Title I funds and work in a targeted assistance school may be assigned the following instructional support duties:

- One-on-one tutoring if the tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher.
- Assisting in classroom management.
- Assisting in computer instruction.
- Conducting parent involvement activities.
- Providing instructional support in a media center.
- Serving as a translator.
- Providing instructional support services.

These paraprofessionals may not be assigned duties inconsistent with the above list of instructional support duties. Additionally, paraprofessionals may not provide instructional support to students unless they are under the direct supervision of a highly qualified teacher.

A paraprofessional is deemed to work under the direct supervision of a teacher if the teacher plans the instructional activities for the paraprofessional, the teacher evaluates the achievement of students with whom the paraprofessional works, and the paraprofessional works in close and frequent physical proximity to the teacher.

A paraprofessional may assume limited duties that are assigned to similar personnel who are not working in a program supported with Title I funds including non-instructional duties if the amount of time the paraprofessional spends on those duties is the same proportion of total work time as the time spent by similar personnel at the same school.

**Parental Notification**

At the beginning of each school year, local educational agencies (LEAs) must notify parents of their rights to request information regarding the professional qualifications of the student’s classroom teachers, including:

- Whether the teacher has met state qualifications for the grade levels and subject areas in which the teacher teaches.
- Whether the teacher is teaching under emergency or other provisional status.
- The baccalaureate degree of the teacher and any other graduate certification or degree held by the teacher and the field or discipline of the certification or degree.
- Whether the student is provided services by paraprofessionals.

**Parent notification is not required for the following:**

- For teachers who do not teach core academic subjects in Title I school-wide or targeted assistance programs. *
- For paraprofessionals who are not highly qualified. *

If a student has been assigned to or has been taught for four or more consecutive weeks by a teacher of a core academic subject who is not highly qualified, the parents must be provided a timely notice.
All notices and information required must be in a uniform and understandable format, including alternative formats upon request and, to the extent practicable, in a language that parents understand.

Annual Parent Notice - Right To Request Teacher Qualifications
Our school system receives federal funds for Title I programs that are part of the No Child Left Behind Act of 2001. As a parent of a student you have the right to request certain information regarding the professional qualifications of your child’s classroom teacher(s). Specifically, federal law requires the school district to provide you with the following:

a) whether the Professional Standards Commission has certified or licensed the teacher for the grades and subject in which the teacher is providing instruction.
b) whether the Professional Standards Commission has decided the teacher can teach under emergency status for which state certification requirements have been waived.
c) the teacher’s college major and the field of discipline for any graduate degree or certificate.
d) the qualifications any paraprofessional working with your child.

If you would like to request this information, please contact the school with your written request and we will respond in a timely manner. Thank you for your interest and involvement in your child’s education.

HONOR GRADUATE
Honor Graduate status shall be determined by computing a CNGA, as explained in Policy IHC concerning class ranking. All academic classes will be counted toward the calculations for GPA to determine honor graduates. Academic classes include: English, mathematics, science, social studies, foreign language, and academic electives.

HONOR ROLL
Students will be recognized for academic achievement for each nine week grading period.
A Honor Roll: All A’s on report card for the grading period. AB Honor Roll: Only A’s and B’s on the report card for the grading period.

HOPE SCHOLARSHIPS (9-12)
Georgia high school students may earn the HOPE (Helping Outstanding Pupils Educationally) Scholarship or the HOPE Grant. Both are administered by the Georgia Student Finance Commission (GSFC). The HOPE scholarship and the HOPE Grant reward students with good grades with financial assistance in Georgia public colleges as well as many private and technical colleges and institutions in the state. The criteria for the HOPE Scholarship and Grant is set by the Georgia State Legislature and is based solely on a student’s academic-course grade point average as calculated by the Georgia Student Finance Commission.

IMPORTANT NOTE: HOPE Scholarship Rigor Requirements go into effect for students graduating from high school on or after May 1, 2015. In order to qualify for the HOPE Scholarship, students must receive credit in a certain number of courses that meet higher rigor standards. Courses that meet higher rigor standards include Advanced Placement Courses, Move on When Ready (MOWR) /ACCEL course, and some advanced math courses. For more information, contact the guidance office or the GSFC website. The GSFC website is www.georgiacollege411.org.

MAKE-UP WORK
It should be noted that make-up work does not adequately replace the instructional time lost for a school absence. No make-up work will be pre-assigned without sufficient prior notice. It is the student’s responsibility to set up a time with his/her teachers to complete any make up work needed due to an absence. Students shall be given a reasonable opportunity to make up work upon their return to school. The time period for completing make-up work should be
relative to the amount of times missed. (i.e. A student absent for one day will have one day to make up the assignments missed). If make-up work is not completed after a reasonable amount of time, it will result in a failing grade. Reasonable time will be at the discretion of the teacher based on the assignment and the circumstances for the absence.

**MEDIA CENTER**
The library/media center is open during the regular school day and immediately before and after school, as well as during lunch hours. Library passes will be required during the regularly scheduled class periods.

In order to operate in the most effective way to benefit our students, the following procedures have been established. Books are checked out for a two-week period with one renewal, except by special arrangement. A student may check out a maximum of two books at any given time. Lost or damaged books must be paid for at current replacement prices prior to the end of the school year. Students should have I.D. cards in order to check out books from the media center. Fees for damaged barcode labels will be $1.00.

**Students should have I.D. cards in order to check out books from the media center. Lost I.D. cards can be replaced at a small cost of $5.00.**

**NON-INSTRUCTIONAL ACTIVITIES**
The District will adhere to the requirements established by the Georgia Department of Education, Georgia High School Athletic Association.

1. Extracurricular and non-instructional activities and their place in the school program;
2. Limit and control interruptions of instructional time in the classroom and the number of absences for such activities; and
3. Requirements those students must meet to be eligible to participate in extracurricular activities.

**Secondary Schools**
In general, all activities offered by the school will be open to all students. Eligibility to participate may be revoked, at the discretion of the principal, for any students whose general behavior does not meet acceptable standards. In addition, participation will be denied for the following reasons:

1. Students who do not meet the eligibility standards of the Georgia Middle/High Athletic Association (in those activities governed by the GHSA);
2. Students who do not meet the eligibility standards of the recognized agency governing any particular activity;

**PHYSICAL EDUCATION**
Participation in regular physical activity leads to improvements in physical fitness and provides many important health benefits.

"Physical activity reduces the risk of premature mortality in general, and of coronary artery disease, hypertension, colon cancer, and diabetes mellitus in particular. Physical activity also improves mental health and is important for the health of muscles, bones, and joints."

The Georgia Student Health and Physical Education (SHAPE) Act was passed in the 2009 Georgia legislative session and is now Official Code of Georgia 20-2-777. Beginning in the 2011-2012 school year, the law requires each local school district to conduct an annual fitness
assessment program for all students in grades 1 - 12 enrolled in Georgia public school physical education classes taught by certified physical education teachers.

In Sumter County, Health and Physical Education courses are offered at all schools in accordance with Georgia Board of Education Rules. All Health and PE courses follow the Georgia Performance Standards.

Georgia SHAPE: As legislated, starting in 2012, most public school students in Georgia are assessed on their fitness level using a variety of measures such as Body Mass Index, Cardiovascular level and flexibility. The online platform used to collect all of the fitness assessment data is FitnessGram. Students in grades 4-12 will be assessed through the FitnessGram program once a year and the results of these assessments are reported to the GA Governor’s office by the GA DOE each summer.

Senate Bill 289: Districts must allow students to take a course offered through the Georgia Virtual School even if the course is offered at the student’s local school. Online courses can be accessed through the Georgia Virtual School, local virtual courses, or for-profit accredited vendor online schools.

SPECIAL EDUCATION
Sumter County School System provides special education programs for students eligible for services. Information regarding special education programs may be obtained from each school and/or the central office.

STAR STUDENT
The Student Teacher Achievement Recognition (STAR) program honors Georgia’s outstanding high school seniors and the teachers who have been most instrumental in their academic development. During the past 59 years, the STAR Program has honored more than 26,000 high school seniors who have in turn chosen their STAR Teachers to share in this recognition.

Every accredited high school in Georgia is eligible to participate in the STAR program. To obtain the STAR nomination, high school seniors must have the highest score on one test date on the three-part SAT taken through the November test date of their senior year and be in the top 10 percent or top 10 students of their class based on grade point average. Nominees’ SAT scores must be equal to or higher than the latest available national average on the math, critical reading and writing sections. Each high school STAR Student is asked to name his/her STAR Teacher. High school STAR Students compete for region honors in the 12 STAR Regions. Region winners and their STAR teachers are invited to Atlanta to compete for the state STAR scholarships and awards. At the state banquet, the region winners and all local winners attending are recognized. Region winners are interviewed, and the runner-up and State PAGE STAR Student and STAR Teacher are announced.

STUDENT GOVERNMENT ASSOCIATION (SGA)
Student Government is composed of students representing each grade level at Americus-Sumter High School and Americus-Sumter Ninth Grade Academy. Members are elected annually. A candidate for the president of SGA must be a senior, must have four teacher recommendations or references, and must have at least an 85 average and no serious discipline referrals. The candidates for the class offices must have three teacher recommendations or references, an 80 average, and no serious discipline referrals.

TEXTBOOKS AND INSTRUCTIONAL MATERIALS
Students are required to have their own materials, books, paper, and pencils as prescribed by the teacher. Teachers or other students will not supply pencils and paper to others. School supplies can be purchased from the school store.
Textbooks are the responsibility of the student. All students must pay for lost or damaged textbooks, based on the State textbook prices. Students will not be issued another text until the lost textbook fee is paid.

TRANSFER STUDENT CREDIT

Students entering the Sumter County School System from accredited and non-accredited public and private schools, including home study programs or schools, will be awarded credit for previous study and placed at the appropriate grade level based upon the following criteria:

Students Entering from Regionally and/or State Accredited Public or Private Schools.

High school students transferring to the Sumter County School System from a regionally or state accredited public or private school will receive credit for courses taken at the former school as recorded on the transcript(s) from the issuing school or schools. Letter grades from transferred courses will be converted to a numerical grade using the Sumter County School System’s conversion formula. Provided the numerical grading system from the previous system is identical to that of the Sumter County School System, numerical grades from other systems will be recorded unchanged. Transferred elective course titles, if necessary, will be changed to broad categorical titles such as physical education, business education, and vocational education. High school students who transfer from accredited schools must meet the Sumter County School System’s graduation requirements before a diploma will be issued.

Students Entering High School from Non-accredited Public and Private Schools

Students requesting admission into a high school in the Sumter County School System from private or public non-accredited schools or programs, including home study programs, shall be awarded Carnegie units based upon a review of the course materials and based upon the student’s performance on standardized and/or instructional placement tests. For students entering from a home study program, documentation of coursework completed during the period of its operation may be considered in the school system’s decision to award Carnegie units.

Sumter County School System will not award Carnegie units for courses taken during the summer in a home study program setting.

Students from public and private non-accredited schools, including home study programs, must satisfy any state mandated assessment requirements and Sumter County School System’s graduation requirements before a diploma will be issued.

Students from public or private non-accredited schools may be awarded Carnegie units for non-academic courses based upon their performance on tests, portfolio review, and/or interviews conducted by school district personnel. Non-academic courses which rely heavily on group participation, public performances, and social interaction will not be considered for an award of Carnegie units.

Grades for courses from non-accredited public or private schools, including home study programs, for which the student receives credit from the Sumter County School System shall be recorded as “pass” only and shall not be averaged with grades received for Sumter County School System courses for any purpose.

Rights for Appeal

If a parent or legal guardian disagrees with either the credit awarded or denied for course work completed at a non-accredited public or private school, or a home school, or with the grade placement selected, an appeal may be made to the principal of the school and then, to the Superintendent of Schools. The decision of the Superintendent is final.
Sex/AIDS education is a required component of the Health curriculum for grades 6-12. Sumter County Schools uses the Choosing the Best curriculum for sex/AIDS education lessons in grades 6-12. Parents may preview the sex education curriculum materials used by his/her child’s school by contacting the Health/PE Department Leader of their respective school. If a parent does not wish for his/her child to participate in this portion of the course, notification must be made in writing to the health teacher prior to the beginning of the unit. Alternative assignments will be given and assessed for those students in lieu of the sex/AIDS education lessons. All curricular materials used for sex/AIDS education have been recommended for use by the Sumter County Sex Education Advisory Committee and subsequently approved by the Sumter County Board of Education.

**HOMEWORK**
Homework may be assigned daily and, occasionally, on weekends. The purpose of homework is to form good study habits and to reinforce skills taught at school. Taking the assignment home, completing it, and remembering to bring the work to school the next day are important processes in developing responsibility. Accepting responsibility is very important in order for children to learn. Parents should provide a quiet area and should set a specific time each day for students to complete homework assignments.

**SCHOOL PARENT COMPACT (H/O)**
(See Appendix B)

**PARENT INVOLVEMENT POLICY**
(See Appendix B)

**PARENT PORTAL**
Parents/Guardians and students can view the student’s school information online by logging onto www.sumterschools.org. Click on the Parent Portal icon and follow the log in instructions. Class, grades, unofficial transcripts, student schedules, holds and fees, attendance and other information can be viewed and printed directly from this site.

**PARENT/TEACHER CONFERENCES**
Communication between the parent and the teacher is most beneficial to the student’s success. Parents should plan to meet with their child’s teachers at least twice during the school term. Parents should always feel free to request a conference and may do so by calling the school. Teachers will not be permitted to see parents during the school day unless an appointment is scheduled. Teachers are available for conferences during planning time and after 3:30 p.m. daily except for duty days. If necessary, another time may be arranged through the school counselor.

**PARENT TEACHER ORGANIZATION (P.T.O)**
A school Parent/Teacher Organization (PTO) is organized each year. We encourage all parents to take an active part in this organization.
REPORT CARDS
Each student will be given a Progress report at the end of each nine-week grading period. Progress reports will also be sent home each 4½ weeks.

If a student is failing, parents are strongly encouraged to call the school and set up a conference to discuss the child’s lack of satisfactory progress. Parents will be formally notified if their child is in danger of being retained at the end of the first semester and the end of the third nine weeks. Conferences will be scheduled.

SCHOOL COUNCIL
School councils are created to bring communities and schools closer together in a spirit of cooperation to solve difficult education problems, improve academic achievement, provide support for teachers and administrators, and bring parents and community into the school-based decision-making process. Their purpose is to help the board of education develop and nurture participation, bring parents and the community together with teachers and school administrators to create a better understanding of and mutual respect for each other’s concerns, and share ideas for school improvement.

The management and control of the public schools of this district are the responsibility of the Sumter County Board of Education. The instructional and administrative leader of each school is the principal. School councils provide advice, recommendations, and assistance and represent the community of parents and businesses. By law, the school council is comprised of at least two parent members, two teacher members, two business members, and the principal.

SHOUT POINT
SHOUT POINT Telephone System is our automatic student/parent/staff information center. Parents can be notified of: absences, homework assignments, schedule of school events, invitation to meetings, cancellations of school, and report card announcements. At Americus Sumter High School, we are very proud of our teachers and feel they are ready for the coming school year and are prepared to give your child a high-quality education. In compliance with the requirements of the ESEA/NCLB, you have the right to request information about your child’s teachers’ training and credentials. The following information may be requested:

**SCHOOL CHOICE/TITLE I**

Public School Choice/Intradistrict School Choice

As of June 30, 2012, there will no longer be a Public School Choice transfer option under the Elementary and Secondary Education Act of 1965 (ESEA) as reauthorized under the No Child Left Behind Act of 2001 (NCLB), and local educational agencies (LEAs) will no longer be required to implement Choice or pay for Choice transportation as implemented under the ESEA.

On November 2011, the Georgia Department of Education (GaDOE), submitted to the United States Department of Education (USED), a flexibility waiver requesting flexibility through ten ESEA requirements and their associated, regulatory, administrative and reporting requirements. Ones of the ten requested waivers directly affect the Public School Choice transportation under ESEA.
Any student that has previously transferred to another school by exercising the ESEA Choice must be allowed to attend that school until they complete the school’s highest grade; however, the LEA is no longer required to pay for the students’ transportation cost during the duration of the student’s attendance at their current CHOICE school. The LEA may continue to pay for CHOICE transportation for students, only if the LEA chooses to do so.

However, parents will still have the Choice transfer option under House Bill 251: The Quality Basic Education Act; Intra-District School Choice. House Bill 251 allows parents of students enrolled in a public elementary or secondary school to enroll in a school other than the assigned school that is located within the school district, if classroom space is available after the assigned students of that district have been enrolled. Under House Bill 251, transportation will not be paid for by the district. The parent shall assume the responsibility and cost of transportation of the student to and from the school.

If you have any questions, please contact Gayla Braziel, Federal Programs Director at (229) 931-8525 or gbraziel@sumterschools.org.

SECTION III: STUDENT SERVICES

AFTER SCHOOL TIME ENRICHMENT SERVICES (ASTEPC)
Sumter County Schools provide an After School Time Enrichment Program (ASTEP) at the primary, elementary, and middle schools. Hours of operation are from the time of school dismissal until 6:00 p.m. Minimum tuition will be charged. It is a fee-based program unless grant monies are available to provide scholarships.

Parents who are interested in these services may contact Natacha Merritt, ASTEP director at (229) 931-8514.

ATTENDANCE
The school district emphasizes the value of regular attendance in enabling students to benefit from the school program. Georgia law places the responsibility on each student to attend school on a daily basis and the responsibility of each parent or guardian to send his/her child to school on a daily basis.

More important, however, is the effect of regular and punctual attendance on the student’s scholastic achievement. Not only is each day’s lesson important to the individual student, but his/her presence as a class participant contributes to the education of others. Frequent absences and tardies for any reason are almost certain to affect adversely a student’s school work. Each student is expected to be in school every day except when illness, injury, or some providential condition beyond his/her control prevents attendance. Promotion will be based on academic performance and attendance. In order to meet attendance requirements, students must be in attendance 165 of the 180 days of school. Any student who is absent for 7 or more excused AND unexcused days in any class during a semester will receive No Credit (NC) for Lack of Attendance (LOA). Out of school suspensions will count as unexcused absences. Pursuant to the Georgia Compulsory Attendance Statute, O.C.G.A. & 20-2-690 parents/guardians may only write three (3) excuses for absences per semester. Any additional absences require documentation from mental health, social service agencies, clinic assistant or nurse, doctor, dentist, truancy panel, Department of Family and Children Services, etc.

COUNSELING
The Guidance and Counseling Department offer services that are designed to help students make wholesome and realistic personal, social, vocational and educational plans. The counselors are available for special or scheduled consultation with students and parents. Students who
encounter difficulties in school or wish for assistance in their educational plans and goals are encouraged to contact the counseling staff for support. Some of the services which are offered include: class selection, scheduling and registration, post-graduate plans, military and vocational options, individual and group counseling, study skills, drug and alcohol counseling referrals, personal and family counseling referrals.

**HEARING AND VISION SCREENINGS**

Students attending Sumter County Schools in grades 2, 4, 6 and 9 will receive hearing and vision screenings administered by certified personnel. Parents will be notified if screenings indicate a need for further evaluation. Further evaluations are the responsibility of the parent. Parents should notify the school in writing if they do not wish for their child to participate.

**HOSPITAL HOMEBOUND**

A Hospital Homebound Program is designed to serve students who will be absent from school for a minimum of 10 consecutive school days because of a non-communicable disease, illness, injury, or surgery. A doctor must identify the specific nature of the illness, disease or injury and state the date the student is expected to be able to return to school. **IT IS THE SCHOOL’S RESPONSIBILITY TO DETERMINE IF HOSPITAL-HOMEBOUND SERVICES WILL BE PROVIDED OR IF ACCOMMODATIONS CAN BE MADE AT SCHOOL.** Parents are required to contact the principal regarding the condition of extended illness and provide a medical statement from the attending physician prior to receiving home services. Applications for these services are available in the school office.

**NUTRITION PROGRAM**

The school will provide a nutritionally balanced breakfast and lunch to all pupils regardless of their ability to pay or their race, color, national origin, age, sex or handicap. Students are expected to eat in the lunchroom in a quiet and orderly manner. Each student is responsible for returning trays and disposing litter to the proper places. Food cannot be taken from the lunchroom. Neither fast foods nor soft drinks may be brought into the lunchroom or anywhere on school grounds. Parents are welcome to have lunch with their child. Please call the office to make reservations and to find out the cost of adult meals. Students must have I.D. cards in order to eat breakfast and lunch. The Sumter County Schools provide wholesome, nutritious meals to all our students; therefore, there will be no signing out of school for lunch. Your support and cooperation is needed in this vital effort. Breakfast/Lunch Program – ASHS/ASNGA serves nutritious meals every school day. **STUDENTS ARE NOT ALLOWED TO LEAVE CAMPUS FOR BREAKFAST AND/OR LUNCH.** Student may bring a bag breakfast/lunch from home, but sending out or having food delivered is not allowed. All students are required to eat in the lunchroom whether they bring their lunch or not. No food or drink is to be taken out of the lunchroom.

**RESPONSE TO INTERVENTION (RTI)**

Response to Intervention (RTI) is an evidence-based approach to providing early intervention to struggling learners. The core principles of the RTI process at Sumter County Schools are: (a) evidence-based instruction is provided with fidelity, (b) student progress is monitored frequently, (c) students’ responsiveness to intervention is evaluated, and (d) instruction is adapted as needed. Response to intervention is based in the general education classroom where teachers routinely implement a strong and rigorous standards-based learning environment. Students requiring interventions to meet individual learning expectations will receive support through a systematic and purposeful process.
SCHOOL RESOURCE OFFICERS (SRO)
The Sumter County School District is fortunate to have a School Resource Officer assisting with school safety. The officer’s role is to teach the children a variety of safety measures. The main goal of the program is to teach students that law enforcement officers are here to help.

If students in grades 9-12 use any search engines other than a child-friendly search engine, they must use the advanced search page of Internet search engines in order to develop more reliable, useful, and relevant search results.

**Sumter County Schools Computers and Network Resources Web Site Posting Guidelines**

I. **Student Information, Work, and Pictures:**
   1. Web pages hosted from Sumter County School web server may contain a reference to a student. This includes references to students in photographs or in text.
   2. The following student information is acceptable to include in conjunction with text or photograph, unless parent(s) request that no information on their child be posted on the school’s web page*.
      *A student’s photograph or exemplary classroom projects may be posted, but the school system is careful not to associate a student’s full name in such a way that it can be identified with a photograph of a student.

II. **On Copyright**
   1. Unauthorized use of copyrighted material is prohibited. All copyrighted material must be properly cited using standard citation information. Giving credit (web address or active link) to a company or individual (celebrity, for instance) that has created text, a graphic, etc. for a school page may be allowed, assuming the site is not blocked by the web filtering hardware and software.

III. **Prohibited Content/Items**
   1. Personal communications information about staff and parent volunteers: non-district email addresses, non-district mailing address, and non-district phone numbers except as approved by the building principal and the parent volunteer whose information is to be released.

2. Student personal contact information of any kind.

3. Links to staff, volunteers or student’s “personal” home pages that are on remote, non-district web servers (not hosted on Sumter County School’s equipment).

4. Links to “non-official” Sumter County School’s related sites that are hosted on remote, non-district web servers - Examples: athletic booster pages, PTA pages, etc. This prohibition includes teacher-created classroom pages or online services that may inform parents and visitors of the school district’s site or classroom activities. The school system will provide hosting services for school-related web postings of booster club organizations, PTA groups, teachers, etc. following the same protocol and guidelines presented in this document.

5. Counters: If a school wants a web page counter on its site, it must be an “invisible” counter. Tracking information on the use of a school’s web site and individual sections can be obtained from Coordinator of Online Learning.

Sumter County Schools Email Disclaimer
Sumter County Schools has implemented a series of technology systems that “filter” all incoming email to detect SPAM (junk mail) and those that contain viruses, certain key words, html scripts, or have other attributes that could potentially be unacceptable for student viewing or
compromise network security. Our system also uses a Bayesian filter that uses algorithms to identify messages that are probable SPAM. We have set the system to automatically redirect any email identified as SPAM to the junk mail folder.

We have had some emails sent to teachers, administrators and employees of the school system that have been reported as being blocked. We realize the scrutiny we get when email is tagged as SPAM, blocked and subsequently deleted. There are many reasons why an email may be blocked by our system and they have been listed at the bottom of the page. Ninety percent of our received email is SPAM or SPAM related. While we realize that blocked email is an inconvenience, we have chosen to err on the side of caution due to the possibility of inappropriate content slipping through and being seen by a student peering over a teacher’s shoulder. If you have experienced this issue with email communication, we recommend that you check a few items noted below and try again.

1. Are you sure you have the correct address and that you did not mis-key?
2. Does your computer have current virus and spyware protection software installed and working properly?
3. Does your email contain embedded images (some signatures) or have a custom stationary look that utilizes images, sounds, and/or other multimedia content?
4. Does your email address contain a correct return email address?
5. Are you trying to send the email as a blind copy?
6. Does your mail provider (or AOL, Hotmail, etc.) append anything to the message that might contain a phrase which could identify it as SPAM?
7. Does your email have advertising in the body, header, or footer? e.g. “Find out more”
8. Does your email contain third party content in the form of HTML links or links in the header or footers of your email?
9. Does your email contain attached files?
10. Is the problem intermittent with sometimes email being delivered and other times it is not? If so, do you see any pattern such as messages going through if you reply to one they sent you, or they get blocked when you use an account which has a signature?
11. Did you get any notification indicating the message was undeliverable or didn’t go through?

Virus Filter – Messages identified or suspect for Viruses, Trojans, and e-mail exploits will be deleted.

DNS Blacklist – There are several servers on the Internet that maintain a DNS Blacklist for servers known to distribute SPAM or to have open relays which allow SPAM. Our filter uses those lists so if someone has an e-mail account on one of the Blacklisted servers then their mail will be blocked. It is their mail server owner who is responsible for being removed from those lists.

Keyword Checking – There is a long list of keywords and phrases that if found in the subject or body of the message will be identified as SPAM. Examples would include but not limited to phrases such as “don’t miss out,” “find out more,” “100% guaranteed,” “please answer quickly,” “call now,” “adult only,” and a host of obscene phrases. Words included would be Viagra, nympho, erotic, and all those words not fit to print. Yes, we know that not every message with one of those is SPAM but these are the most common and if they are removed from the filter will let hundreds or thousands of SPAM messages through each day.

Header Checking – Messages will be blocked if the “From” field is empty, contains more than 4 numbers, or uses part of the recipient’s address/name. They will also be deleted if they have html scripts, contain remotely hosted images in the message body or if the message is mostly a
graphic file with very little text. Both of those are methods Spammers use to get past the Keyword checking and often result in the obscene pictures being displayed in the message. Messages that have false email headers and faulty return addresses will also be blocked.

Macro Filter – Any files with Macros will be rejected and deleted, both incoming and outgoing. These are a potential security risk due to what could happen when a Word or Excel file is opened with destructive Macro. Those are extremely easy for an end-user to create and then send to anyone with destructive results as soon as they open it.

Bayesian – This is the “Smart” filter that uses algorithms to identify potential Spam. It results in a lot of false positives but the decision was made to delete all Bayesian identified messages instead of tagging them and sending them on through. This means that many thousands of messages are deleted each day and are not logged due to the size, so many legitimate messages are deleted as Spam and we have no way to trace what happened.

Directory Harvesting – If someone sends a message that has several incorrect addresses in the “To:” field then the entire message will be rejected. This helps prevent Spammers from just sending a huge distribution list of potential names and getting lucky with some.

Custom Blacklist – Individual mail addresses and entire mail domains can be added to a custom list to be blocked.

File Attachments – Many types of files are blocked for security reasons and include those such as VBS, EXE, COM, BAT, and ZIP. Files such as XLS, PPT, and DOC are NOT blocked unless they contain Macros. File attachments are quarantined so if they don’t have a Macro then they can be forwarded on to the recipient if they are work related and the recipient lets us know when they get an automated notification that it was blocked.

SUMTER COUNTY SCHOOL SYSTEM STUDENT INTERNET ACCEPTABLE USE POLICY AGREEMENT
(See Appendix B)

STUDENT SUPPORT TEAM (SST)
Each school in the Sumter County School System has a Student Support Team (SST) which includes school staff who can provide information and support for students needing help academically, behaviorally or socially. The purpose of the SST is to improve the delivery of instructional services to students experiencing problems of an academic, behavioral or social nature in school and to serve as a resource for teachers and other educators in the delivery of these services. The SST may be made up of teachers, administrators, parents, special education teachers, counselors, school psychometrists, specialists, school social workers, central office personnel, outside agencies, or other appropriate personnel who can assist in the development of alternative classroom strategies and modifications to meet the individual needs of a student experiencing difficulty in school. Teachers, students, parents or others working with the student may request a SST meeting. Parents are invited to attend and participate in all SST meetings. If you have questions about the Student Support Team, call the school and ask to speak with the principal.

504 PLAN
Any student or parent or guardian (“grievant”) may request an impartial hearing due to the school system’s actions or inactions regarding your child’s identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system’s 504 Coordinator; however, a grievant’s failure to request a hearing in writing
does not alleviate the school system’s obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system’s Section 504 Coordinator. The school system’s Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system’s central office. Copies of the 504 Procedural Safeguards and Notice of Rights of Students and Parents Under Section 504 may be found at the system website or may be picked up at the Central Office or at any of the school offices.

SECTION IV: POLICIES AND PROCEDURES

ADMISSIONS TO SCHOOL
All students whose parents or legal guardians reside in or are employed by the Sumter County School District are eligible for admission. Any student enrolling in a Georgia Public School for the first time must present these items:
1. A certified copy of the birth certificate
2. A Georgia Immunization Certificate
3. A Vision/Hearing/Dental Evaluation Certificate
4. Proof that parents/guardians of child live in the county (rent contract, utility bill, phone bill)
5. Social Security Card (School will provide waiver form if necessary)
6. Name of previous school
7. Transcripts or report card of previous school
8. Copy of previous discipline records

For entrance into 6th grade or the equivalent age, all students must have at least one additional dose of MMR for a total of two administered on or after the child’s first birthday and at least 30 days apart. This dose may be given at the local county health department or by the child’s private physician. Children without this additional vaccination will not be allowed to enter sixth grade.

AFTERNOON DISMISSAL PROCEDURES
Students should make transportation arrangements prior to school being dismissed. When the dismissal bell rings, students will either report to the bus ramp at the back of the school or if a car rider will report to the front of the school for pickup or the student parking lot, and P.A.S.S. students are to report to the cafeteria. Students should be out of the building and off campus by 4:00 p.m. unless they are under the direct supervision of a teacher. The school is not responsible for students left on campus without appropriate adult supervision.

ATTENDANCE (ABSENCES AND EXCUSES)
The school district emphasizes the value of regular attendance in enabling students to benefit from the school program. Georgia law places the responsibility on each student to attend school on a daily basis and the responsibility of each parent or guardian to send his/her child to school on a daily basis.

More important, however, is the effect of regular and punctual attendance on the student’s scholastic achievement. Not only is each day’s lesson important to the individual student, but his/her presence as a class participant contributes to the education of others. Frequent absences and tardies for any reason are almost certain to affect adversely a student’s school work. Each student is expected to be in school every day except when illness, injury, or some providential condition beyond his/her control prevents attendance. Promotion will be based on academic performance and attendance. In order to meet attendance requirements, students must be in attendance the days school is in session. Any student who is absent for 7 or more excused AND unexcused days in any class during a semester will receive No Credit (NC) for Lack of
Attendance (LOA). **Out of school suspensions will count as unexcused absences.** Pursuant to the Georgia Compulsory Attendance Statute, O.C.G.A. & 20-2-690 parents/guardians may only write three (3) excuses for absences per semester. Any additional absences require documentation from mental health, social service agencies, clinic assistant or nurse, doctor, dentist, truancy panel, Department of Family and Children Services, etc.

**DOCUMENTED ABSENCES**

Students may be temporarily excused from school by the principal in the following circumstances: Serious illness or hospitalization. Serious illness or death in the immediate family which would reasonably necessitate absence from school; Special and recognized religious holidays observed by the student’s faith; Court orders or mandates by order of governmental agencies, including pre-induction physical examinations for the armed forces; Conditions rendering attendance impossible or hazardous to student health or safety; and Other circumstances to which the parent or guardian makes prior arrangements with the building principal for their child to be absent from school, i.e., college visits, serving as a legislative page, and other special family occasions.

Students who desire to document an absence shall present a written excuse signed by a parent or guardian within five (5) days of returning to school. Failure to present an excuse within five (5) days shall result in an unexcused absence. Excuses may be sent by FAX or e-mail. The principal or the designee will determine whether or not an absence is excused, and may, at his/her discretion, require supporting documentation from doctor, dentist, clinic, court, funeral home, etc. in order to make this determination.

Students shall be given a reasonable opportunity to make up work or tests when they have documented their absence from school within five (5) days of their return to school. The time period for make-up work should be relative to the amount of time missed. For example, a student absent for one day will have one day to make up assignments missed. Students placed in in-school suspension or participating in school related or sponsored activities are considered to be in attendance at school. Students otherwise suspended from school will be considered to be absent. Teachers are **NOT** required to provide make up work for students assigned out of school suspension.

**BOARD POLICY**  
**Absences and Excuses**  
**Descriptor Code: JBD**

A student shall not be absent from school or from any class or other required school hours except for illness or other providential cause, unless with written permission of the teacher, principal, or their duly authorized school official. No student shall encourage, urge or counsel other students to violate this policy.

As permitted under state law and State Board of Education policies, pupils may be excused for the following reasons:

a. Personally ill and when attendance in school would endanger their health or the health of others;
b. A serious illness or death in their immediate family necessitates absence from school;
c. Mandated by order of governmental agencies, including pre-induction physical examinations for service in the armed forces, or by a court order;
d. Celebrating religious holidays;
e. Conditions render attendance impossible or hazardous to their health or safety; and
f. Registering to vote or voting, for a period not to exceed one day.
A student whose parent or legal guardian is in military service in the U. S. Armed Forces or National Guard, and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting will be granted up to 5 days of excused absences per school year to visit with his or her parent prior to the parent's deployment or during the parent's leave.

Students shall be counted present under the following circumstances:
   a. When they are in attendance at least one half of the instructional day;
   b. When serving as pages in the Georgia General Assembly;
   c. Students in foster care shall be counted present when attending court proceedings relating to their foster care; and,
   d. If a Student Teen Election Participant (STEP) Program is established by the Superintendent and the local election superintendent, eligible students shall be counted present for up to two days per school year while volunteering as poll officers during elections.

Excuses for absences shall be furnished in writing, shall be signed by the student’s parent or guardian and shall specifically state the reasons for the absence. Excuses shall be dated and brought to the homeroom teacher within five days after the student’s absence. All excuses will be evaluated by the principal or a designee to determine if the absence is excused or unexcused. Students shall be permitted to make up work when absences are excused. Work missed due to unexcused absences may be made up at the discretion of the principal or his or her designee. After five (5) days no excuse is valid. Work missed due to out of school suspensions may not be made up. All make-up work must be completed within five (5) days of the student’s return to school.

For the purposes of perfect attendance awards, students shall be counted present when they are in attendance at least one half of the instructional day or serving as pages of the Georgia General Assembly.

The Superintendent has the authority to affect the procedures and rules to carry out this policy.

**High School Attendance Policy**

A student shall not be absent from school or from any class or other required activity unless with prior written permission of the principal or designee except for reasons stated in this policy. No student shall encourage, urge or counsel other students to violate this policy.

Beginning in the 2014-2015 school year and continuing for subsequent years, any high school student having more than 7 excused, approved or unexcused absences in a class during a school year will receive no credit for that class unless a waiver is granted by the Attendance Committee.

The Attendance Committee is a standing committee composed of five (5) members appointed by the principals and chaired by an administrator. The chair shall vote only in case of a tie.

The Attendance Committee shall use the following guidelines in determining whether to grant a waiver:

   a. If all absences are excused, the student shall be allowed to make up missed work and shall not be denied credit for the semester based on excessive absence.

   b. If any absences are unexcused, the Attendance Committee shall determine whether there exist unusual conditions or extenuating circumstances relating to the student’s
personal life or family situation which would require that the provisions of this policy be waived. If so, the student shall be allowed to make up missed work and shall not be denied credit for the semester based on excessive absences. If the student has any unexcused absences and there are no unusual conditions or extenuating circumstances relating to the student’s personal life or family situation, the student shall not be allowed to receive credit for the semester, even if the student has passing grades.

The Superintendent and/or his or her designee has the authority to enact rules to carry out this policy.

LAST REVISED: March 13, 2014

Sumter County Board of Education

ATTENDANCE APPEALS

In the event that the student is absent seven (7) or more times per semester or 15 times per year (these are to include any type of absence-excused or unexcused), the student is responsible for providing the attendance officer with excuse notes (doctor or otherwise) during the appeal procedure. No student shall exceed seven (7) absences in any class per semester or 15 per year. Any student who exceeds the number of absences allowed in any class during a semester will be informed that he/she will not receive credit for that class. Any student, who has been notified that he/she has exceeded the allowed number of absences, has the opportunity to file an appeal. An appeal form may be picked up in the office from the attendance personnel. This form should be filled out by the parent and the student and returned to the office by the student within five (5) days after receiving the excessive absence notice. This form will give the parent and student the opportunity to provide any written excuses, (doctors’ and others) explaining the excessive absences. The appeals will be reviewed by the school’s attendance committee. The decision made by the appeal’s committee may be appealed to the superintendent’s office. The student’s report card will reflect the decision of the committee.

BULLYING DEFINITION (SB 250)
The Sumter County Board of Education believes all students can learn better in a safe school environment. Behavior that infringes on the safety of students will not be tolerated. Bullying, as the term is defined in Georgia law, of a student by another student is strictly prohibited. Such prohibition shall be included in the Student Code of Conduct for all schools within the school system.

Bullying is defined as follows: An act that is:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act, which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
   a. Causes another person substantial physical harm within the meaning of Code Section 16-5-23.1 or visible bodily harm as such term is defined in Code Section 16-5-23.1;
   b. Has the effect of substantially interfering with a student's education;
   c. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
   d. Has the effect of substantially disrupting the orderly operation of the school.

The term applies to acts which occur on school property, on school vehicles, at designated school bus stops, or at school related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of a local school system. The term also applies to acts of cyberbullying which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication (1) is directed specifically at students or school personnel, (2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and (3) creates a reasonable fear of harm to the students’ or school personnel’s person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system.

Procedures may be developed at each school encouraging a teacher or other school employee, student, parent, guardian, or other person who has control or charge of a student, either anonymously or in the person’s name, at the person’s option, to report or otherwise provide information on bullying activity. Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying is encouraged to immediately report it to the school principal. Any report will be appropriately investigated by the administration based on the nature of the complaint in a timely manner to determine whether bullying has occurred, whether there are other procedures related to illegal harassment or discrimination that should be implemented and what other steps should be taken. Any report of retaliation for reporting bullying will also be investigated and addressed as called for in this policy and in accordance with school procedures.

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the Code of Conduct. However, upon a finding by the disciplinary hearing
officer, panel or tribunal that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to an alternative school.

Upon a finding by a school administrator that a student has committed an act of bullying or is a victim of bullying, the administrator or designee shall notify the parent, guardian, or other person having control or charge of the student by telephone call or through written notice, which may be done electronically.

Students and parents will be notified of the prohibition against bullying and the penalties for violating the prohibition by posting information at each school and by including such information in the student/parent handbooks.

**BUSES**

Students who are transported to and from school by Sumter County School buses are under school jurisdiction from the time they board the bus in the morning until they leave the bus in the afternoon. School bus drivers are responsible for the behavior of the students being transported and have the authority to correct and/or reprimand students as necessary. Bus students are expected to obey the rules and regulations printed in the RIDE GUIDE. Students who misbehave on the bus will be referred to the administrative staff and will receive the appropriate punishment for their behavior. Once bus students have arrived on campus, they are not allowed to leave campus for any reason other than a parent checking them out. Should a child need to ride a different bus home, a parent **must** send a written and signed note to Panther Support with an appropriate phone number where a parent can be reached. Bus passes are issued during the lunch period in Panther Support.

**CAR RIDERS PROCEDURES**

Students are to arrive at or after 7:40 a.m. daily to the cafeteria for breakfast. Breakfast will end at 8:10 a.m. All car riders should be picked up no later than 4:00 p.m. from the front of the school building.

**CELL PHONES**

Please refer to the School Board policy – **POSSESSION/USE OF ELECTRONIC DEVICES BY STUDENTS** in the Sumter County Schools Student Code of Conduct manual regarding cell phones and other electronic devices. The school will not be held responsible for lost or damaged student cell phones. Cell phones are not to be used during the school day. If a cell phone is seen or heard, it will be confiscated, and ABE points will be deducted. A parent or guardian may come after school between 4:00 p.m. and 4:30 p.m. to pick up cell phones without paying, but the holding time of phone remains as above.

If a student refuses to give a cell phone to a teacher, teacher may write the student up on a discipline referral. **ADMINISTRATIVE PROCEDURE**

Sumter County Board of Education

Approved: 4/13/2017

**CHECK OUT PROCEDURES**

The time to end the official school day will be posted at each school and will be clearly communicated to both students and parents. Students are expected to remain in class each day until the dismissal bell rings. This does not, of course, prevent a parent from occasionally picking up his/her child from school for a valid reason. The emphasis here is on the words “occasionally” and “valid.” It is very disruptive to an entire class when a student is called to the
office. If your child must leave school before the regular dismissal time, he/she will be paged from the office and sent to you. Teachers are not permitted to release any student until the office contacts them. The school strongly recommends that only parents or legal guardians pick up students from school. **No check out will be allowed after 3:30p.m.**

**Students will be permitted to be checked out early only by persons whose names are on the authorized checkout list for that student and who can present a photo I.D.**

In our continued efforts to provide the safest environment for the students of Sumter County Schools, we will be adhering to the following procedure for checking students out of school. Anyone checking a student out of school must be listed on the student’s registration form and be able to provide a proper picture identification. This will ensure that only authorized individuals are checking out students. This is not meant to inconvenience parents, but as a way to make sure that children are safe at all times.

**CHILD ABUSE LAW**
State Law requires all caregivers of children to report suspected child abuse or neglect to the Department of Family and Children Services.

**CLOSING OF SCHOOLS**
School may be closed due to inclement weather or emergency events. Local radio and television stations will carry news and information. Your best source of information is the radio. Telephone lines will be for official emergency use by the school.

**CLUBS AND ORGANIZATIONS STATEMENT**
Extracurricular clubs and activities are an important part of the life of the high-school child. Membership in different clubs and organizations gives students the opportunity to develop skills in social interaction, to be creative, and to assume positions of responsibility.

**CLUB INITIATIONS**
No school club/organization or student shall participate in hazing or any type of initiation activity. Involvement in such activity shall be subject to disciplinary action by the administration (as prescribed by the state law). **For the protection and safety of Sumter County School students, there will be no initiation activities.**

**CONTAGIOUS DISEASES**
Any child who has a condition which is contagious such as pink eye, impetigo, head lice, etc., must furnish the school with proof of treatment before the child can return to school. If the condition persists, the parent may be required to obtain written verification from a doctor or the health department stating the child is able to return to school.

**DELIVERIES (FLOWERS, GIFTS, ETC.)**
No flowers, balloons, or other gifts will be delivered to students during the school day. Please do not send delivery of flowers, candy, stuffed animals, etc. on students’ Birthdays, Holidays, or Valentine’s Day.

**ELECTRONIC DEVICES**
All communication devices should be left at home. They will not be allowed in classes or at school events without a permission slip from the office. Any item that disrupts the instructional day should not be brought to school. Those items that interfere with the classroom will be confiscated by the teacher and turned in to the principal. Toy guns or other look-alike weapons will be considered weapons. They will not be allowed on campus for any reason. Students who violate this rule will be subject to disciplinary action.
II. Requirements for Enrollment

1. Authority to Enroll
   Under the provisions stated in O.C.G.A. § 20-2-690.1, a parent, guardian, or other person has the authority to enroll a student in a publicly funded Georgia school.
   
   A. A student who meets the age eligibility requirements is eligible to enroll in the school system if the student’s parent or legal guardian (or the student in the case of an emancipated minor) is a resident of the school district. Proof of residence is required in accordance with regulations developed by the superintendent.
   
   B. The principal of the school to which a student is seeking admission shall require from any adult who is not the parent of the student, proof of legal custody or a certificate setting forth the circumstances whereby the adult is exercising parental control. However, a student may not be enrolled by an adult acting in the place of the parent if the purpose of the student’s residing with such adult is to avoid tuition as a non-resident, to avoid a suspension or expulsion imposed by another school district, or to avoid attending school in his or her attendance area. The principal, in conjunction with the central office employee designated by the Superintendent, shall make reasonable inquiry to determine the truth of the facts set forth in the certificate. Upon furnishing the required proof or certificate and appropriate verification of the facts set forth herein, the adult enrolling the student shall be deemed to stand in the place of the parent of the student for all school purposes.
   
   C. If the person enrolling the student is acting under the authority of a power of attorney executed by a parent or guardian serving in the military, the school shall allow the student to enroll. The school system may require proof of a duly executed power of attorney and/or certificate of acceptance as guardian, escort, or attorney. The school system shall not require such persons to obtain legal guardianship.
   
   D. A grandparent with a notarized power of attorney properly executed by a parent in accordance with O.C.G.A. §§ 19-9-122 through 123 may enroll a child if a hardship prevents the parent from caring for the child. The school system shall enroll a student, otherwise eligible to attend its schools, and allow such grandparents to act on behalf of their grandchildren without requiring them to go through court proceedings to obtain legal guardianship.

2. Age Eligibility
   Other than students specifically exempted by rule or by law, the following individuals are eligible for enrollment:
   
   A. Students who have attained the age of five by September 1 unless they attain the age of 20 by September 1 or they have received a high school diploma or the equivalent as prescribed in O.C.G.A. § 20-2-150; or
   
   B. Students who were legal residents of one or more other states or countries for a period of two years immediately prior to moving to Georgia, were legally enrolled in a public kindergarten or first grade accredited by a state or regional accrediting agency or the equivalent
thereof, are otherwise qualified and will attain the age of five for kindergarten or six for first grade by December 31; or

3. **Evidence of Date of Birth**

Other than students specifically exempted by State Board rule or by Georgia law, before admitting any student to a school in the school system, the superintendent or designee shall accept evidence in the order set forth below that shows the individual’s date of birth:

1. A certified copy of a birth certificate, certified hospital issued birth record or birth certificate;
2. A military ID;
3. A valid driver’s license;
4. A passport;
5. An adoption record;
6. A religious record signed by an authorized religious official;
7. An official school transcript; or
8. If none of these evidences can be produced, an affidavit of age sworn to by the parent, guardian or other person accompanied by a certificate of age signed by a licensed practicing physician, which certificate states that the physician has examined the child and believes that the age as stated in the affidavit is substantially correct.

A. Upon presentation of one of these evidences above, a photocopy of the document shall be placed in the student’s record and the document that is presented shall be returned to the parent, guardian, or other person.

B. A student will be identified in the local Student Information System (SIS) and in the Georgia Statewide Student Information System (GSSIS) by the student's legal name as it appears on the documentation submitted for age verification as cited above or in a court order changing the student's name.

C. Once a student has successfully enrolled in any publicly-funded Georgia school by providing one of the evidences cited above and is recorded in the Georgia Testing Identifier application (see SBOE Rule 160-5-1-.07), further proof of age is deemed unnecessary.

4. **Other Documents Required During the Enrollment Process**

The parent or guardian, or other person must provide:

A. A copy of the enrolling student’s social security number or sign a form stating the individual does not wish to provide the social security number, pursuant to O.C.G.A. § 20-2-150.

B. A certificate in accordance with the provisions of O.C.G.A. § 20-2-771, concerning the immunization of students, which includes an exception for religious grounds.

C. A certificate in accordance with the provisions of O.C.G.A. § 20-2-770, concerning nutritional screening and eye, ear, and dental examinations of students.

D. Proof of residence shall be required, unless the student is homeless and the McKinney-Vento Act applies. A homeless child shall be enrolled immediately even in the absence of any appropriate documentation. Upon
determining that a student is homeless, the child must be allowed to either remain in the district in which he or she was enrolled prior to becoming homeless or enroll in the district where he or she is now located. Proof of residence is not required. The employee or other designated individual responsible for care of homeless students shall assist the homeless student in acquiring the necessary records for enrollment.

**Documents which may be used as proof of a student’s primary abode are:**

1. A lease or rental agreement consisting of written evidence that the agreement is valid and current, and a current utility bill (gas, electric, water, telephone, or cable). Records must include the name and street address of the parent/guardian.

   OR

2. A property tax statement or home ownership title (property deed, warranty deed, quit-claim deed, or security deed), and a current utility bill (gas, electric, water, telephone, or cable). Records must include the name and street address of the parent/guardian.

5. **Students Placed by DHR or DJJ**
   
   A. When a student is being placed by DHR into a new home or facility that would require a change in school or school system, the school system in which that student is attending school shall consult with the student’s custodian to ascertain whether the student should be maintained in the school of origin or assigned to the appropriate school in the new school system in accordance with the McKinney-Vento Act. Foster children awaiting permanent placement qualify as homeless under the McKinney-Vento Act.
   
   B. Upon notification by DJJ that a student will be enrolling in the school system, the school system shall enroll the student in his or her home school, as opposed to an alternative educational setting, unless the Case Management Consultation team concludes that the best placement for the child would be the alternative setting. Any placement made pursuant to an Individualized Education Program (IEP) team shall take precedence.

C. Upon notification by DHR or DJJ, the school system shall immediately enroll a student in the physical or legal custody of DHR or DJJ or a student placed by DHR or DJJ in a residential facility located within the school system’s jurisdiction, pursuant to O.C.G.A. § 20-2-133. The school system will follow guidelines developed by the State Department of Education governing the provision of education services provided by local school systems to students being served in therapeutic facilities.

6. **Provisional Enrollment**

   A student shall be enrolled on a provisional basis and allowed to attend a school for 30 calendar days while awaiting evidence of age, residence, or other local requirements. The provisional enrollment period may be extended for extenuating circumstances in the discretion of the superintendent or designee.

   A. The superintendent or designee shall notify the registering parent, guardian, or other person at least 10 calendar days prior to the withdrawal of the student.

   B. If evidence is not provided within this period, the superintendent or designee shall mark the student withdrawn at the end of the thirtieth day.
i. The registering parent, guardian, or other person will be considered noncompliant and subject to all penalties as prescribed in O.C.G.A. § 20-2-690.1.

ii. The superintendent shall report violations to the appropriate authorities for adjudication.

C. O.C.G.A. § 20-2-150(c) concerning compulsory attendance of students prior to their seventh birthday does not apply to provisional enrollment.

D. Students pre-registering for school are not eligible for provisional enrollment until the beginning of the attendance period of the school term for which the student is enrolling.

E. The provisions of O.C.G.A. § 20-2-670 regarding transferal of discipline actions or felony convictions for students in grade 7 and above shall take precedence over any provisional enrollment.

F. A student shall be allowed to enroll in the school system if the student meets residency and other specified qualifications and otherwise would not be denied enrollment under O.C.G.A. § 20-2-751.1 and O.C.G.A. § 20-2-751.2 concerning student expulsion.

G. The school system is not responsible for making determinations regarding immigration and visa status. The school system will accept non-immigrant, foreign students on visas and immigrants/non-visa-holders who meet age and residency requirements without inquiring about their legal status, in accordance with federal or state law and SBOE rule.

III. Admission of Students Suspended or Expelled from Other School Districts

It is the policy of the Sumter County Board of Education to deny enrollment in any school in this school district to a student who has been suspended or expelled from another school district in this state or any other state for misconduct until the period of time for which the student was excluded in the previous school district has passed. The Board determines that the admission of students who have been suspended or expelled from other school districts for disruptive conduct would be disruptive as well to this school district.

A student who has withdrawn from school in another school district to avoid receiving a suspension or a hearing as to whether the student should be suspended for more than 10 consecutive days or expelled may not enroll in the schools in this school district until the student has completed a hearing before the previous Board of Education or its designated tribunal and that Board of Education has determined the guilt or innocence of the student and the appropriate disposition of charges against that student.

The Superintendent shall have the authority to waive this policy as to any student when the denial of admission to a school in this district would constitute a violation of the Individuals with Disabilities Act, the Rehabilitation Act of 1973 or other federal or state law.

EXTRA-CURRICULAR ACTIVITIES

Sumter County Schools offer a wide range of activities to help provide a well-rounded educational program. Included are clubs, band, cheerleaders, sports, and academic teams. Membership and information regarding qualifications are presented to the student body. Additional information can be obtained from the office, coach or sponsor of the activity.

Extracurricular activities are governed by state standards and regulations. Any student participating in activities must have passed 5 of 7 (traditional) or 3 of 4 (block) academic
subjects the previous semester to be eligible. Sponsors are expected to check all candidates’
records carefully. This rule is part of state requirements for all extracurricular activities. Students
who are assigned to afterschool Alternative Behavior Education intervention (ABE) detention, In School Suspension (ISS) or Out of School Suspension (OSS) will not be
allowed to participate in any extracurricular activities on any school campus until the time is
served.

FEES AND FINES
All fees and fines must be paid at the end of each school term. Students who owe fees for
textbooks or materials should pay their teacher during the school year. During the summer,
textbook fees and fines should be paid in the front office. Students who owe Media center fines
should pay those fines in the media center. Any fee or fine related to sports must be paid prior to
students being able to participate in the next season. All financial obligations to the school must
be met prior to graduation. In addition, there will be a processing fee of $5 for ADAPT, DDS
Attendance, Notary, Birth Certificate, Official Transcripts, etc.

FIRE DRILLS/LOCK DOWN/TORNADO DRILLS/DISASTER DRILLS
Fire drills will be held monthly (except November and February) with an additional drill during
the first two weeks of school. Evacuation routes are posted in all rooms. When the fire alarm
sounds, students are to line up quietly and file out of the building to the designated areas where
their teacher will take roll. If the alarm rings during a class change or during students’ lunch
period, students are to leave the building by the nearest exit.

During the case of a LOCKDOWN, students will not be allowed to checkout/leave the
building. For the safety of parents/guardians and stakeholders, no one will be allowed to enter/leave
the building during this time.

Tornado drills will be held in lieu of fire drills during November and February. When a tornado
watch is announced, students will move to their assigned area and await further instructions. If a
tornado warning is issued, all students and staff members will assume the "duck and cover”
position until the signal for “all clear” is sounded.
OTHER EMERGENCY DRILLS will be held as directed by the county.

Monthly disaster drills will be scheduled during the school year and should be respected for the
protection of life. Instructions are posted in each classroom and teachers will inform students of
proper procedures for evacuating the building.

HALL PASSES
All students outside a class period must have in their possession a valid hall pass or agenda
planner. Students can expect disciplinary action if found without a hall pass or agenda planner.

All students will respect any school personnel checking hall passes or agenda planners. Student
will be expected to give name, grade, and answer any other questions asked.

Teachers will not allow a student to enter or disrupt a class without permission from the teacher
who is responsible for the student at the time.

HEALTH RECORDS
Student health records refer to (maintained privacy etc.) immunizations that are required for
school attendance.

HOMELESS
Students defined as homeless are allowed to enroll in school. A homeless child or youth is
defined as “Children and youth who lack a fixed, regular, and adequate nighttime residence,”
including, but not limited to:
• Sharing the housing of others due to loss of housing, economic hardship, or similar reason ("doubled up").
• Living in motels, hotels, trailer parks, camping grounds due to lack of adequate alternative accommodations.
• Living in emergency or transitional shelters, etc.

Students meeting the above description are allowed to stay in their school of origin for the duration of homelessness or until the end of the school year after they find permanent housing, as long as that is in the child's best interests. The school counselor should be notified of students experiencing homeless situations during the school year.

**IDENTIFICATION BADGES**

In an effort to increase school security and safety, all students are required to wear a student ID card on a clip or lanyard, both of which will be issued to every student at the beginning of the school year for the first time at no charge. All students must wear the ID Clip or lanyard daily during school hours. For safety purposes, all students must be visually identifiable to school staff. These badges will be used to check out books from the media center. They will also be used to obtain breakfast and lunch trays. Damaged and lost badges will be replaced for $5.

**IMMUNIZATIONS**

Georgia's immunization requirements for children attending seventh grade have been revised to align with the current Recommendations of the Advisory Committee on Immunization Practices (ACIP), the American Academy of Pediatrics (AAP), and the American Academy of Family Physicians (AAFP). Effective July 1, 2014, all children born on or after January 1, 2002 who are attending seventh grade, and children who are new entrants into a Georgia school in grades eight through twelve, must have received one dose of T-dap vaccine and one dose of meningococcal conjugate vaccine.

**ILLNESS/ACCIDENTS**

If your child is injured or is ill at school, we will make him/her as comfortable as possible and then call you immediately. If you cannot be reached, we will attempt to contact the emergency numbers you listed on the student registration form. If no one can be reached in a critical emergency, the child will be transported to the hospital. It is very important that the school has an updated working phone number on the emergency contact form. **No school employee is permitted to give any aspirin.**

In case of an emergency, each student is required to have on file at the school office the following information:

1. Parent(s) or guardian(s) names(s)
2. Complete and up-to-date address
3. Home phone number and parent(s) work phone (connected and working)
4. Emergency phone number of a friend or relative (connected and working)

Students are not to share their lockers or locker combination with others. Lockers may be inspected at any time by school officials. Lockers may only be used at designated times. Students who violate the rules will forfeit locker
privileges. Only school locks may be used and must not be removed from the lockers. Students must pay for replacement locks if lock is missing.

**Lunchroom Information**

Students are expected to eat in the lunchroom in a quiet and orderly manner. Each student is responsible for returning trays and disposing litter to the proper places. Food cannot be taken from the lunchroom. Neither fast foods nor soft drinks may be brought into the lunchroom. Parents are welcome to have lunch with their child. Please call the office to make reservations and find out the cost for adult lunches.

All students are served breakfast and lunch free of charge. It is permissible for students to bring their lunches; however, they are encouraged to eat school meals. If your child has food allergies, please list them in writing and give the list to the teacher. She will see that the nutrition workers are aware of the allergies. It is assumed that a child can drink milk unless the school is given a note, signed by a doctor, stating the medical reasons why a child cannot drink milk. **No soft drink containers are allowed.** For sanitary considerations, the Georgia State School Food Service prohibits the students from giving or accepting food in the cafeteria.

The school will provide a nutritionally balanced breakfast and lunch to all pupils regardless of their ability to pay or their race, color, national origin, age, sex or handicap. **Students must have I.D. cards in order to eat breakfast and lunch.**

**Medication/Nurse**

Medical care of the individual student is the responsibility of the parent or guardian. No school employee shall be responsible in any way for administering any drugs or other medication to a student attending Sumter County Schools, except as consented by parents and following specific administrative procedures.

**Medication to be administered during school must be brought to the school office. Failure to do so will result in disciplinary action.** The parent/guardian must send a note to the office in order for the student to take any medication while at school. Medicine must be in the original container. The note must include the name of the medication and the time it is to be given.

**Parent Permission to Drop Out**

Every parent, guardian, or other person residing within this state having control or charge of any child or children between their sixth and sixteenth birthdays shall enroll and send such child or children to a public school, a private school, or a home study program that meets the requirements for a public school, a private school, or a home study program.

**Pledge**

Reciting the Pledge of Allegiance during morning announcements is just part of the daily school routine. Student and parents have the right to opt out of the pledge for religious reasons. Those students are required to remain seated and silent during the Pledge as an exercise of their rights to freedom of speech and religion.

**Returned Checks**

If a check is returned from the bank (insufficient funds, stop payment, etc.) parents will be required to redeem the returned check with cash or money order in the front office. A charge will be assessed for any returned check in accordance with Georgia Code O.C.G.A § Section 13-6-15 not to exceed $30.00 or 5 percent of the face amount of the instrument, whichever is greater. Returned checks not redeemed after a reasonable period of time, may be forwarded to a collection agency with the parent bearing the additional collection costs.

The school offers accidental coverage only through National Security Insurance Company. Both “School Day” and “24-Hour” coverage are available.

Cars not parked in the designated student parking lot will be ticketed or towed. Loitering or visitation in the parking lot is prohibited. The Sumter County School System is not responsible for vehicles, or its, contents, while parked on school property or property used by the school. Such inspections/searches may be conducted without notice, without student consent, and without a search warrant. No reckless driving will be tolerated. In the event a student purchases another vehicle or switches vehicles, it
shall be the student’s responsibility to notify the office of the change. Parking privileges will be revoked upon the tenth tardy to school for the remainder of the current nine weeks period. Parking violations will be assessed at $5 for the first violation, $10 for the second violation, and $20 per subsequent violation. Vehicles will be towed at the owners’ expense if parked in a restricted area.

**TARDIES**

Tardiness is defined as (1) being late for school, or (2) late for class. Students are tardy to school at 8:10 a.m. Tardies accumulate on a nine weeks basis. A little late is too late! Students tardy to school will report to Panther Support to sign in and retrieve a tardy slip to submit to the teacher.

**TEENAGE AND ADULT DRIVER RESPONSIBILITY ACT**

Section a. 1 of the Georgia’s Teenage and Adult Driver Responsibility Act of 1997 requires that local school systems certify whether or not a student’s attendance pattern and discipline record allow him or her to have a Georgia’s Driver’s permit or license. The Sumter County School System’s central office is required by this law to receive information from the school regarding students 15 or 17 years old whose driver licenses are to be revoked or not issued according to the provisions of the law. Such a student is one who:

- Has dropped out of school without graduating and has remained out of school for ten consecutive school days.

**Date Adopted: September 12, 2002**

**Last Revised: April 11, 2013**

**Sumter County Board of Education**

It is the purpose of the Sumter County Board of Education to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct which require students to conduct themselves at all times in order to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within the district.

The school’s primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be
necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in the Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:
- At school or on school property at any time;
- Off school grounds at any school-related activity, function or event and while traveling to and from such events;
- On school buses and at school bus stops.

Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student’s continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16, UNSAFE SCHOOL CHOICE OPTIONS.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

**AUTHORITY OF THE PRINCIPAL/AUTHORITY OF THE TEACHER**
The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly, or dangerous conduct covered or not covered in this Code, the principal may undertake corrective measures that he or she believes to be in the best interest of the student and the school, provided any such action does not violate school board policy or procedures. Only action taken by principals can be appealed to the Associate Superintendent.

All consequences for offenses listed below are minimum consequences. Depending on the severity of the situation, school officials may apply stricter measures. An administrator has the discretion to determine the offense and the appropriateness of the consequence assigned.

Misbehavior governed by the code may occur during school hours, outside school hours, on school grounds or campus, off school grounds or campus, at school-sponsored activities whether on or off school grounds/campus, and/or on school-sponsored transportation.

**Each time a student is given In-School Suspension or Out-School Suspension the parent(s)/guardian must meet with a member of the school administration before the student may return to his/her regular classes.**

Students who repeatedly violate the various rules and regulations may be subject to disciplinary action more severe than the consequences specified for the individual offenses committed, up to and including suspension to a formal hearing and possible long-term suspension or expulsion.

School administrators are authorized to take disciplinary action for misconduct which occurs:
- On the school grounds during or immediately before or immediately after school hours;
- On the school grounds at any other time when the school is being used by a school group;
- Off the school grounds at a school activity, function or event;
- Within a school safety zone.

Authority to take disciplinary action also extends to any off-campus non-school related actions by students, at any time of the year, which has a direct and immediate impact on school discipline, the educational function of the school, or the welfare of students and staff. A student who has committed a criminal act while off campus is subject to disciplinary action and may be excluded from school. Such act could, but is not limited to, a felony, a delinquent act which
would be considered to be felony if committed by an adult, an assault misconduct of a serious nature. A student whose presence on school property may endanger the welfare and/or safety of other students or staff, whose presence may cause substantial disruption at school, is also subject to in-school suspension, and assignment to an alternative education.

The Superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law.

Each teacher shall comply with the provisions of O.C.G.A. § 20-2-737 which requires the filing of a report by a teacher who has knowledge that a student has exhibited behavior that repeatedly or substantially interferes with the teacher’s ability to communicate effectively with the students in his or her class or with the ability of such student’s classmates to learn, where such behavior is in violation of the student code of conduct. Such report shall be filed with the principal or designee on the school day of the most recent occurrence of such behavior, shall not exceed one page, and shall describe the behavior. The principal or designee shall, within one school day after receiving such a report from a teacher, send to the student’s parents or guardian a copy of the report and information regarding how the student’s parents or guardians may contact the principal or designee.

A teacher shall remove from class and send to the principal for placement in an alternative education program or for expulsion as appropriate, a student who engages in conduct described in Levels III and IV.

The teacher shall file a report of such removal with the principal by the end of the school day on which such removal occurs or at the beginning of the next school day: that describes the student’s behavior, and is one page or less.

By no later than the close of school on the day following removal, the principal shall discuss the matter with the teacher and student and give the student oral or written notice of the reason(s) for which the student was removed from class. If the student denies engaging in such conduct, the principal shall explain the evidence against the student and offer the student an opportunity to present the student’s version of what happened.

If the principal seeks to return the student to the teacher’s class, and the teacher gives his/her consent, the student shall be returned to class, and the principal may take such additional action to discipline the student as may be warranted.

If the teacher refuses to accept the student back in his/her class, the principal shall: determine an appropriate temporary placement for the student, and convene a meeting of a school placement review committee.

At the conclusion of the conference, the principal shall send to the student’s parent a copy of the report filed by the teacher and written notification that:

- the student was removed from class,
- the placement of the student, whether back in class or in a temporary placement pending review by the school placement review committee,
- any additional disciplinary action imposed by the principal, and
- information regarding how the student’s parents may contact the principal.

An appropriate temporary placement for the student shall be a placement that, in the judgment of the principal:

- provides the least interruption to the student’s education, and
- reflects other relevant factors, including, but not limited to, the severity of the behavior that was the basis for the removal
- the student’s behavioral history
- the student’s need for support services, and
- the available education settings.

The student shall not be returned to the class of the teacher who removed him/her, as an appropriate temporary placement, unless the teacher gives his/her consent. The temporary placement shall be in effect from the time of student removal until the decision of the school placement review committee is issued or, if applicable, a placement determination is made.

The school placement review committee shall convene by the end of the second day following the student removal by the teacher and shall issue a decision in writing by the end of the third school day following such removal by the teacher. The sole function and authority of the placement review committee shall be to determine whether or not the student shall be returned to the teacher’s classroom.

If a placement review committee decides to return a student to class, the principal shall implement the decision, and may, after considering the use of any appropriate student support services, take any of the following actions:
- place the student in ISS
- impose out-of-school suspension for not more than ten school days, including any time during which the student was subject to out-of-school suspension after his/her removal from class
- make another disciplinary decision/recommendation consistent with local board policy.

If a placement review committee decides not to return a student to class, the principal shall implement the decision and after considering the use of any appropriate student support services may:
- Place the student in another classroom, ISS or an alternative education program
- Impose out-of-school suspension for not more than (10) school days, including any time during which the student was subject to out-of-school suspension as a temporary placement
- May make another placement or disciplinary decision or recommendation consistent with local board policy; or
- May implement or recommend any appropriate combination of the above and return the student to the class from which he/she was removed upon the completion of any disciplinary or placement action.

Within one day of taking action on the decision of the placement review committee, the principal shall:
- Send written notification of the action to the teacher and the parents of the student
- Make a reasonable attempt to confirm that the written notification has been received by the student’s parents.

Parents of a student removed from class who has been determined to be a chronic disciplinary problem student may be required to participate in conferences requested by the principal. Refusal by a parent or guardian to participate in such a conference will subject the parent to an application to the Juvenile Court of Sumter County for an order to attend such conferences and/or participate in such programs or such treatment as the court deem appropriate to improve the student’s behavior or both.
PROGRESSIVE DISCIPLINE PROCEDURES

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student’s discipline history, the age of the student and other relevant factors. The following is an example of the progressive discipline procedures:

- **1st OFFENSE** - Warning (verbal or written)/ Deduction of ABE Points
- **2nd OFFENSE** - Contact parent/guardian/ ABE Intervention Assigned
- **3rd OFFENSE** - Teacher Detention/ ABE Intervention Assigned
- **4th OFFENSE** - Referral to office

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia’s Character Education Program.

The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Alternative Behavior Education Referral (ABE)
- Loss of Privileges
- Isolation or Time Out
- Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Corporal Punishment
- Detention
- Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The School will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary tribunal as outlined in the Board of Education policies.

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved also by the disciplinary tribunal or hearing officer in accordance with local board policy.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student’s parents will be notified, if possible. School
officials may involve law enforcement officials when evidence surrounding a situation
necessitates their involvement or when there is a legal requirement that an incident be reported.

School officials may search a student if there is reasonable suspicion the student is in possession
of an item that is illegal or against school rules. Students’ vehicles brought on campus, student
book bags, school lockers, desks and other school property are subject to inspection and search
by school authorities at any time without further notice to students or parents. Students are
required to cooperate if asked to open book bags, lockers or any vehicle brought on campus.
Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school
function, including activities which occur outside normal school hours or off the school campus
at the discretion of administrators.

**ALTERNATIVE BEHAVIOR EDUCATION (ABE)**

ABE utilizes interactive software which emphasizes the importance of responsible behavior.
Furthermore, this program empowers teachers and administrators with the ability to combat
dropout rates, disproportionality, number of referrals, and ISS/OSS assignments. As for
students, ABE is designed with student behavior and social success in mind.

Students will be placed on a point system. They will gain or lose points throughout the building
during the week and the following weeks to come as they meet certain point thresholds. These
thresholds are called triggers and based on these triggers students will receive rewards or
consequences. An example of this would be the following situation: A student is sleeping in
class and not completing any assignments. The student is awakened by the teacher and the
student fails to comply with the teacher. The teacher will deduct ABE points for sleeping in
class, not complying with the teacher, and classroom disruption. These point deductions will
result in ABE Checking Account Triggers.

*No Weekly Reward when students drop below 45 points; Points are cumulative for the week
and class-to-class.*

In addition to the rewards or consequences, our students will have other rewards and discipline
consequences. For example, students will receive incentives/rewards for positive behavior or
after school detention with interventions for non-positive behaviors which will be held on
Tuesdays and Thursdays from 4:00 p.m. to 5:00 p.m. Should your child have ABE detention, it
will be your responsibility to pick up your child at 5:00 p.m. If a student is assigned ABE
intervention they will also have lunch detention until all requirements are met (80% Pass rate on
each module). If a student fails to report to ABE detention, additional interventions will be
assigned. Also, students who continually fail to report to ABE afterschool detention will be
suspended until a parent conference is held.

**SEARCH AND SEIZURE**

To maintain order and discipline in the schools and to protect the safety and welfare of students
and school personnel, school authorities may search a student, lockers, or student automobiles
under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search.

1. **Personal Searches:** A student’s person and/or personal effects (e.g. purse, book bag, etc.) may be searched whenever a school administrator has reasonable suspicion to believe that the student may be in possession of illegal or unauthorized materials. If a search of a student’s person in conducted, it will be conducted in private by a school administrator of the same sex and with an adult witness of the same sex present.

2. **Locker Searches:** Student lockers are school property. School authorities have the right to conduct periodic general inspections of lockers at any time without notice, without consent, and without a search warrant to assure that items contained are related to the school program. It is the responsibility of the student assigned to the locker to secure and be responsible for personal possessions and school property.

3. **Automobile Searches:** Vehicles parked on campus during the school day are required to be registered with the school and display the appropriate permit. The school retains authority to conduct routine patrols of student parking lots and inspections of the exterior of student automobiles on school property. The interiors of students’ vehicles may be inspected/searched whenever a school authority has reasonable suspicion to believe that illegal or unauthorized materials are contained inside. Such patrols, inspections, and searches may be conducted without notice, without student consent, and without a search warrant.

4. **Seizure of Illegal Materials:** If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to the legal authorities for ultimate disposition.

**DISCIPLINARY JURISDICTION OVER STUDENT CONTACT OFF-CAMPUS STUDENT MISCONDUCT AND JURISDICTION POSTING**

**Off-Campus Student Misconduct**

A student who has been arrested, indicted, adjudicated, convicted, or having information filed for conduct that occurs off-campus, and while the student is not in attendance at a school related event or activity, will be automatically placed in an alternative education program with/without a hearing, or will be recommended for expulsion or long-term suspension at a Student Evidentiary Hearing, provided that:

1. The Superintendent or designee has a reasonable belief that the student has engaged in conduct punishable as a felony or a delinquent act which would be a felony if committed by an adult, and the Superintendent (designee) believes the continued presence of the student in a regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process. Students placed in an alternative education program under this provision will remain in such program pending the disposition of their criminal case. The Superintendent (designee) will review the outcome of the criminal case at that time and make a determination as to whether the student may return to his/her neighborhood school or remain in the alternative education program.

2. In addition, the School District has the authority to take disciplinary action regarding any off-campus, non-school related actions taken by students, which has a direct and immediate impact on school discipline, the learning environment, or the welfare and/or safety of students and staff. A student who has committed a criminal act while off-campus is subject to disciplinary action, up to and including expulsion.

3. The School District can also refuse to readmit or reenroll a student that has been expelled or suspended because the student has been convicted of, adjudicated to have committed, indicted for, or having information filed for the commission of any felony or any delinquent act which would be a felony if committed by an adult.

**When and how principals become involved in discipline**
Jurisdiction: School administrators are authorized to take disciplinary action for misconduct that occurs:

- On the school grounds before, during or after school hours,
- On the school grounds at any time when the school is being used by a school group;
- Off the school grounds at a school activity or function or even,
- En route to and from school;
- On school buses or at bus stops;
- Within a school safety zone.

Authority to take disciplinary action also extends to any off-campus non-school related actions by students, at any time of the year, which have a direct and immediate impact on school discipline, the educational function of the school, or the welfare of students and staff. A student who has committed a criminal act while off campus is subject to disciplinary action up to and including expulsion from school. Such act could include, but is not limited to, a felony, a delinquent act which would be considered to be a felony if committed by an adult, an assault upon another student, a violation of the laws prohibiting controlled substances, or sexual misconduct of a serious nature. A student whose presence on school property may endanger the welfare and/or safety of other students or staff, or whose presence may cause substantial disruption at school, is also subject to in-school suspension and/or assignment to an alternative education program.

INVESTIGATION OF MISCONDUCT

STUDENT CODE OF CONDUCT STATEMENT OF ADMINISTRATIVE PROCEDURES

INTRODUCTION - Instruction should take place in a school environment conducive to learning. Effective instruction requires good order and discipline. Good order and discipline mean the absence of distraction and disturbance which interfere with functions of the teachers, students, class and school. Good order and discipline mean the presence of a friendly, business-like atmosphere in which students and school personnel work cooperatively toward established and accepted goals.

Students who misbehave usually have academic difficulties, and removal from school almost inevitably adds to their academic problems. Sometimes expulsion is precisely what a delinquent student desires. Also, as the school loses contact with a student and loses its opportunity to work with the student to eliminate antisocial behavior, the student may continue the misconduct in a way more dangerous to himself/herself and others. When the regular classroom is not the place for the student, other provisions will be made.

STUDENT CODE OF CONDUCT - Each student is expected to:

- Demonstrate courtesy and respect for others
- Behave in a responsible manner at school, on school buses, and at all school functions on or off campus
- Attend all classes, regularly and on time
- Prepare for each class; take appropriate materials and assignments to class
- Be well-groomed and dress appropriately
- Obey all campus and classroom rules
- Respect the property of others, including District property and facilities
- Cooperate with or assist the school staff in maintaining safety, order, and discipline
- Avoid violations of the Student Code of Conduct
The District may impose campus, classroom, or club/organization rules in addition to those found in the Code of Conduct. These rules may be listed in the student handbooks or posted in classrooms, or published in extracurricular handbooks, state or national organization by-laws, and/or constitutions, and may or may not constitute violations of the Code of Conduct. Additional rules or requirements, not part of the Student Code, are adopted and approved by the sponsor, principal, and/or district administrator.

Sponsors and coaches of extracurricular activities may develop and enforce standards of conduct that are higher than the District’s general standards and may condition membership or the student’s participation in the activity on adherence to those standards. Extracurricular standards of behavior may take into consideration conduct that occurs anytime, on or off school property; however, no provision of an extracurricular behavioral standard shall have the effect of discriminating the basis of gender, race, disability, religion, or ethnicity.

Organizational standards of behavior of an extracurricular activity are independent of the Student Code of Conduct. Violations of these standards of behavior that are also violations of the Student Code of Conduct may result in independent disciplinary actions. **A student may be removed from participation in extracurricular activities or may be excluded from school graduation/honors programs for violation of the Student Code of Conduct.**

- Pressure for sexual activity
- Repeated remarks to a person with
- Sexual or demeaning implications
- Unwelcome touching
- Suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning one’s grades, job, etc.
- Sexual harassment is a kind of discrimination. It means that someone is treated differently because of his or her sex. It is behavior or words that:
  - are directed at a person because of his or her sex
  - are uninvited, unwanted, and unwelcome
  - cause a person to feel uncomfortable or offended
  - create an environment that makes learning difficult
  - are pervasive and ongoing.

Any person who alleges sexual harassment by a staff member or student in the school district may complain directly to a principal, assistant principal, guidance counselor, or other individual to receive such complaints. Filing of a complaint or otherwise reporting sexual harassment will not reflect upon the individual’s status nor will it affect future employment, grades, or job assignments. The right to confidentiality, both of the complaint and of the accused, will be respected consistent with the Board’s legal obligations, and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.

All allegations of sexual harassment shall be fully investigated and immediate and appropriate corrective or disciplinary action shall be initiated. Appropriate documentation shall be maintained on all allegations of sexual harassment. A substantiated charge against an employee shall subject such person to disciplinary action, including discharge. A substantiated charge against a student shall subject that student to disciplinary action including suspension or expulsion. Additionally, in all cases a report of sexual harassment will be reported to the system’s Title IX coordinator. It is the policy of the Sumter County Board of Education to maintain a learning environment that is free from sexual harassment. It shall be a violation of this policy for any member of the district to harass a student through conduct or communications of a sexual nature as defined.

Sexual offenses are prohibited with and against members of the same sex as well as members of the opposite sex. Students may not engage in consensual sexual acts on school
grounds or at a school activity, function, or event whether on or off school grounds. Sexual Misconduct is defined as amorous kissing or similar displays of affection; any form of sexual activity; or exposing one’s intimate body parts or “mooning” to another student or adult. A student may be charged with Sexual Battery for intentionally making physical contact with the intimate parts of another person without the consent of that person. A student may be charged with Sexual Molestation for doing any immoral or indecent act to or in the presence of another person, without that person's consent, with the intent to arouse or satisfy the sexual desires of either the student or the other person. This includes forcing another person to make physical contact with the student’s intimate body parts. Any student (or parent or friend of a student) who has been the victim of an act of abuse, sexual misconduct, or other inappropriate behavior is urged to immediately make a report of the act to any teacher, counselor or administrator at his/her school.

**What Teenagers Need to Know About Sex and the Law?**

a. If you are 18, you are considered to be an adult even if you are still in high school. Anyone younger than 18 is a “minor.”

b. “Sexting” is a crime. You and your friends can be charged criminally if there is a nude or partially nude photo of you on their cell phone or computer—even if you took the photo yourself. You can get into trouble, too, for sending it to them. Once you send the photo, you cannot control who else they share it with or where they post it.

c. If you touch, slap or pinch someone’s breast or bottom as a joke in school, it may not be a joke to that person. If the person you touch finds it offensive, the legal system will not take it as a joke either.

d. If you are convicted of a sex offense, even as a juvenile, you will be required to register as a sex offender. You will have to notify the police every time you move, get a new job, or attend a new school.

e. If you have consensual sexual contact with someone under the age of 16, you can be charged with statutory rape in juvenile court even if you are under the age of 16 as well. If your case then is transferred to adult court, you will be treated as an adult sex offender and subject to the same penalties as an adult.

A “weapon,” “tool” or “instrument” means and includes by way of illustration but is not limited to the following items:

1. Any handgun, firearm, rifle, shotgun or similar weapon; any explosive compound or incendiary device; or, any other dangerous weapon as defined in O.C.G.A. § 16-11-121, including a rocket launcher, bazooka, recoilless rifle, mortar, or hand grenade.

2. Any hazardous object, including any dirk, bowie knife, switchblade knife, ballistic knife, any other knife having a blade of two or more inches, straight-edge razor, razor blade, spring stick, knuckles, whether made from metal, thermoplastic, wood, or other similar material, blackjack, any bat, club, or other bludgeon-type weapon, or any flailing instrument consisting of two or more rigid parts connected in such a manner as to allow them to swing freely, which may be known as a nun chahka, nun chuck, nunchaku, shuriken, or fighting chain, or any disc, of whatever configuration, having at least two points or pointed blades which is designed to be thrown or propelled and which may be known as a throwing star or oriental dart, or any instrument of like kind, any nonlethal air gun, and any stun gun or Taser. Such term shall not include any of these instruments used for classroom work authorized by the teacher.

Students who possess any weapon described in paragraph 1 in violation of this policy will be subject to a minimum of a one calendar year expulsion. The Superintendent shall have the
authority either before or after the student is referred for a tribunal hearing to reduce the mandated one year expulsion under circumstances where the one year expulsion appears excessive to the superintendent. The tribunal shall also have the authority to modify such expulsion requirement on a case-by-case basis in determining the appropriate punishment. Finally, in any tribunal decision appealed to the board of education, the board may reduce the mandated punishment but shall consider whether the superintendent and/or tribunal considered a reduction and any rationale in denying such a reduction.

Students who possess other weapons or hazardous objects as described in paragraph 2 will be subject to discipline as specified in the student code of conduct.

**Reporting Requirements**

Any employee who has reasonable cause to believe that a student possesses a weapon as defined in paragraph 1, is involved in an assault using a weapon as defined in paragraph 2, or is involved in a second offense with a weapon on campus must report such violations to the principal or assistant principal of the school. If the principal has reasonable cause to believe that a report is valid, he/she must immediately make an oral report to the Superintendent and to the appropriate law enforcement authority and district attorney. The student’s parents or guardian will be notified immediately of his/her child’s involvement in any activity involving weapons.

If a student turns in a weapon found, school authorities have to make an insightful determination as to whether the student is truthful in reporting finding a weapon as opposed to being in possession of the weapon. In cases where doubt exists, proof remains with the student. Please be reminded that the case law ruling from the State Board of Education is that intent must be determined in order to expel a student for possession of a weapon.

Students will be given a copy of the Code of Conduct, which includes a statement of prohibited conduct with regard to weapons and possible disciplinary actions.

A student is deemed to be in possession of an illegal and/or banned item(s) under BOE policy when such item(s) is/are on the person of the student, in the student’s possession, in the student’s locker, in the student’s vehicle on school property or on property being used by the school system.

Welcome to another great year! We look forward to transporting your child this school year. To
insure that your child will have a safe riding experience this year, we ask that you review the safe
riding instructions with your child now and periodically during the school year.
Statistics show children riding a school bus are much safer than in their parent’s personal vehicle
or any other type of transportation on the roadways. The Sumter County Board of Education
believes the school bus is an extension of the class room; therefore, the same rules of Self-
Respect, Respect for Others, and Respect for other’s property will apply at the bus stop,
departing from the bus stop and while on the bus.
Safe riding begins before your child leaves the house or arrives at the designated
bus stop. In
order to keep your child safe, your child needs to arrive at the bus stop approximately five
minutes before the scheduled pick up time. These few minutes will allow your child to arrive at
the bus stop without the need to hurry. These five minutes will also limit your child’s time near
roadways and exposure to various weather conditions for prolonged periods.

While Waiting For The Bus
Students should wait away from the roadway at their designated stop. There should be no horse
playing, pushing or shoving while on the way to the bus stop or at the bus stop. Students who do
not live on the same side of the road as the bus pick up must wait on their side of the road until
the bus arrives. If your child has to cross the road, he/she must wait for the bus to come to a
complete stop and wait for the driver to give instructions for when it is safe for him/her to cross.

While Loading The Bus At The Designated Stop (same side of road)
Students must wait for the bus to come to a complete stop, wait for the entrance door to open,
and make sure that the red stop lights are flashing before approaching the bus to board. When
more than one student boards at the same bus stop, they must line up in a single file line just
prior to the arrival of the bus. There should not be pushing, shoving or horse playing while
boarding the bus. Students should always use the handrail when stepping onto the bus. Students
should be seated in their seat as carefully but as promptly as possible and remain there until they
reach their school or destination.

While Loading The Bus At The Designated Stop (opposite side of road)
When a student has to cross the road to board the bus, they must stand on their side of the road. Students must wait for the bus to come to a complete stop, wait for the entrance door to open, and be sure the red stop lights are flashing before ever approaching the bus to board. Student must wait for the driver to give a verbal or physical sign that it is ok to cross the road. Even after all the above, students must quickly look both ways to be sure the road is still clear and all other vehicles have stopped. Students must always cross in front of the bus and should always use the handrail when stepping onto the bus. There should not be pushing, shoving or horse playing while loading the bus. Students should seat themselves as carefully and as promptly as possible and remain there until they reach their school or destination.

**While On The Bus**
Once students board the bus, the driver has total responsibility of your child’s safety. Students must follow the listed “Bus Regulations” found in “Code of Student Conduct” to insure a safe ride, whether they are being transported from home to school or back home or any school-sponsored trips.

**While Unloading The Bus At The School Or Destination**
Students should unload the bus in single file from front to back with no pushing, shoving or horse playing while unloading the bus. Students should use the handrail as they depart the bus until both feet are on the ground. Students should check for an approaching bus on the door side before exiting the bus. Students should look both ways before crossing the traffic area and should clear this area as quickly and safely as possible. Students should never return to the bus without the supervision of an administrator.

**While Loading The Bus At The School**
Students should wait for buses in a safe area designated by the school. The bus should come to a complete stop and your child must wait for the driver to open entrance door before approaching the bus. Students should look both ways before leaving the curb and crossing the traffic area to approach the bus. Students must watch for other buses pulling up on the right side while loading the bus. Students should line up in a single file according to the order they arrive to the bus and should use the handrail to board. There should be no pushing, shoving or horse playing while coming to, while loading and while getting to their seat. Students should be seated as carefully but as promptly as possible and remain there until they reach their designated stop.

**While Unloading The Bus At the Designated Stop**
Students should unload the bus in single file from front to back with no pushing, shoving or horse playing. Students should use the handrail as they depart the bus until both feet are on the ground. Students should exit the bus and clear the roadway and continue to move until they are safely away from the bus. Students who live on the opposite side of the road, they must cross in front of the bus while the bus is at their stop. When a student must cross the road, they should stop at the front of bus and look both ways before continuing to cross. When all is clear, students should clear the roadway as quickly as possible. Students should go directly home and never return to the bus for any reason. Please instruct your child to never retrieve an item that rolls under the bus. Students who have permission from parents to check their mail box who live on the same side of the road as their mail box must clear the roadway and wait for bus to depart and for traffic to clear before returning to the roadway to the mail box. If your child lives on the opposite side of the road of their mail box, they must cross over to their side of the road while the bus is at their stop. If your child has permission from you to check the mail box and you live on the opposite side of the road of your mail box, your child must also wait until after the bus has departed their stop and for traffic to clear before crossing the road to check their mail box.
**Railroad Crossing**

History has shown that more lives are lost in school buses at railroad crossings than at any other location. Each time a school bus and a train collide; the train wins! This is why it is so important for the driver to have their full attention on the rail road crossing. There is no other time when a driver’s distraction can cost the loss of so many lives. Please reinforce with your child the importance of being “Silent At All Rail Road Crossings”

**Bus Evacuation**

Due to unforeseen circumstances beyond the bus driver’s control, your child may have to evacuate a bus at some time during the year. The decision to evacuate may be solely because we have the best interest of the students in mind. When evacuating a bus is necessary, students are placed in a safer location while waiting for assistance to arrive.

Most evacuations are due to breakdowns which may leave the bus in questionable surroundings. Not all breakdowns result in an evacuation; several factors are taken into consideration before the decision is made to evacuate a bus. The location of an inoperative bus is the greatest factor when making a decision to evacuate a bus. A bus may be required to be evacuated if it is disabled next to a high volume roadway, high speed limit roadway, on or near a bridge, on a steep hill, in curve or near water or any unsafe area.

When any type of evacuation occurs, students must follow the instructions of the driver to safely unload and to relocate in a safe location away from the hazard. On rare occasions, the driver is incoherent so we may depend on the older, mature students to help with evacuation. This type of evacuation is practiced with all students during the beginning of each school year. There are several reasons that students may have to be unloaded from one bus to another bus without it being an emergency. We ask for you to periodically remind your child to stay calm whenever it is necessary to unload from one bus to another for any reason and to always use their “While Loading and Unloading the Bus” directions found on pages 96-98.

All buses are designed with several “Emergency Exits”; these locations are, but not limited to the entrance/exit door, rear door, emergency exit windows and roof hatches. Students should always use the front entrance/exit door during all evacuations when possible. When the service door is not available, the second choice should be the back door. All other exits should be used only when the loading door and the back door are not practical. When the rear door is the chosen exit, selected students designated by the driver are instructed to assist students to the ground. All students are instructed to leave all personal belongings on the bus and to exit from the front to the back of the selected exit location. Students are instructed to walk at least 100 feet from the bus in the direction away from the recognized hazard or hazards.

School bus transportation is such an important part of the education system in Sumter County. We appreciate your assistance as we try to provide the safest and most efficient transportation for our precious cargo-your children!

SECTION VI: APPENDICES
APPENDIX A

It is the intent of the Sumter County School District to comply with the above referenced federal statutes and regulations adopted pursuant thereto, in terms of employment, programs and other related activities in the school district. Part of our compliance effort is to periodically apprise employees, parents and students of the existence of these statutes and regulations, and our intent to carry out the mandates thereof.

Coverage
The final regulations cover all operations of the Sumter County School District with the exception that the Vocational Education Guidelines cover vocational programs only.

Treatment
All schools must treat students and employees without discrimination on the basis of race, sex, color, national origin, religion, age, or disability. The regulations cover the following areas:

- Access to and participation in course offerings and extracurricular activities, including campus organizations and competitive athletics.
- Eligibility for and receipt or enjoyment of benefits and services.
- Use of facilities.

A recipient school district may not participate with single-sex organizations other than the following: Boy Scouts; Girl Scouts; YWCA; YMCA; and certain voluntary youth services organizations that meet the provisions of Title IX.

Health Education
Classes in health education may not be offered separately on the basis of sex except that separate sessions for boys and girls are permissible during times when materials and discussion deal exclusively with human sexuality.

Physical Education
Sex segregated physical education classes are prohibited. The regulations allow separation by sex within physical education classes during competition in wrestling, boxing, basketball, football, and other sports involving bodily contact.

Athletics
Where selection is based on competitive skill or the activity involved is a contact sport, athletics may be provided through separate teams for males and females, or through a single team open to both sexes. If separate teams are offered, they must provide equal opportunity – comparable facilities, equipment, etc. – but equal aggregate expenditures are not required.

Organizations
The school district may not provide significant assistance, in connection with its education program or activity, to any organization, agency, or person which discriminates on the basis of race, sex, color, national origin, religion, age or disability.

Counseling Materials
Counseling materials developed and disseminated in keeping with these regulations must exclude references which portray biases toward race, sex, color, national origin, age, religion or disability.

**Employment**

The regulations apply to nondiscriminatory policies and practices including both full-time and part-time employment and students. Specifically, the regulations cover:

- Employment criteria;
- Recruitment;
- Compensation;

**Student Records**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are: The right to inspect and review the student’s education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the Sumter County School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task, (such as an attorney, auditor, medical consultant, or therapist); or parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Ave, SW.

BOARD POLICY

Descriptor Code: JB

Student Attendance

The Sumter County Board of Education recognizes the necessity of regular school attendance for academic success. At the same time, it recognizes that some absences are unavoidable and should be excused.

Excused Absences

It is the policy of the Board to excuse students who are absent from school for the following reasons:

1. Personal illness or when attendance in school would endanger a student’s health or the health of others.
2. A serious illness or death in a student’s immediate family necessitating absence from school.
3. A court order or an order by a governmental agency, including pre-induction physical examinations for service in armed forces, mandating absence from school.
4. The observance of religious holidays, necessitating absence from school.
5. Conditions rendering attendance impossible or hazardous to student health or safety.
6. In other circumstances where the principal determines that an absence should be excused.

The principal may require students to present appropriate medical or other documentation upon return to school for the purpose of validating that absences are excused.

A student shall be counted as present when serving as a page for the Georgia General Assembly.

A student whose parent or legal guardian is in military service in the U. S. armed forces or National Guard, and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting will be granted up to 5 days of excused absences per school year to visit with his or her parent prior to the parent's deployment or during the parent’s leave.

Students shall be counted present under the following circumstances:

a. When they are in attendance at least one half of the instructional day;
b. When serving as pages in the Georgia General Assembly;
c. Students in foster care shall be counted present when attending court proceedings relating to their foster care; and,
d. If a Student Teen Election Participant (STEP) Program is established by the Superintendent and the local election superintendent, eligible students shall be counted present for up to two days per school year while volunteering as poll officers during elections.

Grades and Absences

Final course grades of students shall not be penalized because of absences if the following conditions are met:

1. Absences are justified and validated for excusable reasons.
2. Make up work for excused absences were completed satisfactory.

In addressing student attendance issues, this school system shall comply with requirements of state law, State Board of Education rules and Student Attendance Protocol developed with guidance from Lisa L. Jones, Judge, Juvenile Court, Southwestern Judicial Circuit. A copy of this protocol is available for review at the system office and at each school. Pertinent parts of the Protocol are included in student handbooks. After schools have exhausted their resources for
dealing with unexcused absences, the Protocol requires that a juvenile complaint (Form 90) be filed in the Juvenile court of Sumter County by the School Resource Officer.

**Uniform Withdrawal Criteria**

For the purpose of accurately measuring the academic performance and the attendance of students enrolled in school, the Board adopts the following uniform criteria for withdrawing students.

1. Appropriate school personnel are authorized to withdraw a student who:
   a. Has missed more than 10 consecutive days of unexcused absences;
   b. Is not subject to compulsory school attendance; and
   c. Is not receiving instructional services through homebound instruction or instructional services required by the federal Individual with Disabilities Education Act (IDEA).

The principal or appropriate central office personnel shall use his or her best efforts to notify the parent, guardian, or other person who has charge of a student if the school system plans to withdraw such student who is younger than 18 years of age and is not subject to compulsory school attendance.

2. Appropriate school personnel are authorized to withdraw a student subject to compulsory attendance if the superintendent or superintendent’s designee has determined the student is no longer a resident of the local school system or is enrolled in a private school or home study program.

3. Appropriate school personnel shall withdraw students retroactive to the first day of the consecutive absences.

Work missed due to unexcused absences may be made up at the discretion of the principal or his or her designee. After five (5) days no excuse is valid. Work missed due to out of school suspensions may not be made up. All make-up work must be completed within five (5) days of the student’s return to school.

A student shall not be absent from school or from any class or other required activity unless with prior written permission of the principal or designee except for reasons stated. No student shall encourage, urge or counsel other students to violate this policy.

Beginning in the 2014-2015 school year and continuing for subsequent years, any high school student having more than 7 excused, approved or unexcused absences in a class during a school year will receive no credit for that class unless a waiver is granted by the Attendance Committee.

The Attendance Committee is a standing committee composed of five (5) members appointed by the principals and chaired by an administrator. The chair shall vote only in case of a tie.

The Attendance Committee shall use the following guidelines in determining whether to grant a waiver:

a. If all absences are excused, the student shall be allowed to make up missed work and shall not be denied credit for the semester based on excessive absence.
b. If any absences are unexcused, the Attendance Committee shall determine whether there exist unusual conditions or extenuating circumstances relating to the student’s personal life or family situation which would require that the provisions of this policy be waived. If so, the student shall be allowed to make up missed work and shall not be denied credit for the semester based on excessive absences. If the student has any unexcused absences and there are no unusual conditions or extenuating circumstances relating to the student’s personal life or family situation, the student shall not be allowed to receive credit for the semester, even if the student has passing grades.
The Superintendent and/or his or her designee has the authority to enact rules to carry out this policy.

   c. All physical restraint must be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress.
4. Before any staff member may implement physical restraint, he or she should have completed an approved training program.
a. Approved training programs will address a full continuum of positive behavioral intervention strategies as well as prevention and de-escalation techniques and restraint.

b. Schools and programs shall maintain written or electronic documentation on training provided and the list of participants in each training. Copies of such documentation will be made available to the Georgia department of Education or any member of the public upon request.

6. Whenever physical restraint is used on a student, the school or program where the restraint is administered shall notify the student’s parent or legal guardian within one school day after the use of restraint.

7. This policy does not prohibit a staff member from utilizing time-out, as defined in paragraph (2) above, or any other classroom management technique or approach, including a student’s removal from the classroom that is not specifically addressed in this rule.

8. This policy does not prohibit a staff member from taking appropriate action to diffuse a student fight or altercation.

9. Deciding whether the use of physical restraint is necessary to protect students or others from imminent harm or bodily injury, and taking the actions deemed necessary to protect students or others from imminent harm or bodily injury, are actions that involve the performance of discretionary, not ministerial, duties.

10. In some instances, in which a student is an immediate danger to himself or herself or others, the school or program must determine when it becomes necessary to seek assistance from law enforcement and/or emergency medical personnel. Nothing in this policy shall be construed to interfere with the duties of law enforcement or emergency medical personnel.
