

## Principal's Greeting

Hello Students and Parents,

This year promises to be one filled with engaging instruction and real-world experiences as students are emerged in the Georgia Standards of Excellence (GSE). In keeping with our mission, we strive to promote a lifelong love of learning and to provide a learning environment that will help all students develop intellectually, socially, morally, emotionally, and physically to their fullest potential.

At Sumter County Elementary School (SCES), we want our students to continuously discover and/or showcase their talents as they acquire knowledge on the road to becoming successful graduates as well as productive and responsible citizens. As a part of our students' journey, we want to ensure that parents, family members, and community members are actively involved in the learning process; therefore, our doors are always open for all stakeholders to visit and volunteer time and/or services.

Again, we are excited to begin a new school year and look forward to working with our students, parents, and community! It is going to be my pleasure serving as an instructional leader and facilitator at SCES where we are "All STARS!"

Respectfully,

*Dr. Sharon Tullis*
