

## 2018-2019 School Improvement Plan

Goal 1: By July 01, 2019, 100% of all content area/grade level teams will update units in Google Drive to include identified learning targets and success criteria, summative assessments aligned with learning targets at an appropriate DOK/ALD, common formative assessments aligned with the success criteria, and content specific instructional practices and resources embedded into the curriculum documents.

Goal 2: Increase to 100% the number of teachers participating in effective Professional Learning Communities to impact instruction as measured by qualitative and quantitative data from PLC protocols and observations.

Goal 3: Increase by 5% the number of students performing at a higher performance band (Reading) and a higher grade level (iLearn) in the areas of reading and math as measured by Scholastic Reading Inventory and iLearn Multi-Grade Diagnostic Assessment.
