

The *Christ Our Savior* Experience Lutheran High School

Providing a Well Rounded Educational Experience

At Christ Our Savior Lutheran High School, we believe in providing our students with a well rounded educational experience that prepares them for whatever path they may choose. We expose our students to vocational, academic, patriotic, and leadership opportunities, all with a Christian foundation.

Faculty

Christ Our Savior's teachers are committed Christians who boldly live their faith as they present our students with a well rounded educational experience. Their focus is to assist our students in maximizing their God-given talents to impact the world.

Learning Environment

COSLHS's environment is very safe and enables students to reach their full potential. The student body has a family feel where students have a sense of acceptance, care, and compassion, as well as accountability. Our students and their families see *Christ Our Savior* as a caring family environment. This is shown through the communication between faculty and parents regarding their student's academic performance, as well as, the amount of time faculty members are willing to spend assisting students with their work outside of class. Faculty members care about each and every student and want to assist them in using their God-given talents to their fullest.

Service

Every student designs and participates in service opportunities in our community, and some have served across the country and the globe. We work to graduate students who are not only academically prepared for their career choice, but also understand work ethic and community responsibility.
