Backpacks...

Your child should have received a backpack on Friday from the Early Years Program. If your child is going to kindergarten their bag is full of all the kindergarten school supplies needed to begin school in the fall. Those children staying in Pre-kg. also have a bag full of supplies they may keep to help develop skills we are working on at school. Enjoy!!

Centers I worked in this week are..

- *Science Center
- *Dramatic Play
- *Play-Dough
- *Writing Center
- *Math center
- *Reading/Listening Center
- *Blocks
- *Sensory Table
- *Manipulatives
- *Computers
- *Art

*This week I worked on...

5.A.ECa-experiment with writing tools and materials

The children used a variety of markers and crayons to create cards for all of our many helpers this year (bus drivers, lunch helpers, secretary, administrator, custodians, Housing, speech teacher). The children also practiced writing their name and made pictures for these helpers who have made the year so successful and smooth. Ask your child our “helper’s” names!!

***Parent Teacher Conferences....**

Our last day of Pre-Kg. for the year is Wednesday, May 18th. I have scheduled your parent/teacher conference for

Things we did this week..

-Observed the 4 chrysalis.... They have changed from caterpillars into the chrysalis stage of their life cycle. Right now we have 1 Painted Lady butterfly hatched out and waiting patiently for the other. The other three chrysalises fell off the cup lid and didn't make it! We also watched a few videos on how butterflies lay eggs, watched how a monarch caterpillar eats its way out of an egg, and watched as a chrysalis opens up to see a beautiful butterfly.

-reviewed many nursery rhymes like Jack and Jill, Twinkle Twinkle Little Star, and Hickory Dickory Dock. We also sang the nursery rhyme rap song for the rhymes we discussed.
