**Equal Opportunity and Sex Equity**
*Board Policy 7:10, 2:260*

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

**Ethic Act’s Gift Ban Policy**
*Board Policy 2:105*

No District employee or School Board member shall solicit or accept a gift that he or she has reason to believe is offered in an effort to influence his or her official position or employment. This ban applies to spouses and immediate family members that may live with a Board member or employee.

**Insurance**
The school has purchased student accident insurance coverage on your child’s behalf. This program provides coverage for your child for any injuries incurred while participated in any school sponsored and/or supervised activity, including athletics. Aside from school sponsored coverage that the district has provided on your student’s behalf, dental accident coverage and also 24 hour coverage that
provides protection during vacations and weekends is offered to you should you elect to purchase additional coverage. **Please note that the school district does NOT carry insurance on any personal property that is brought to school such as clothing, band instruments, personal electronic devices and other items. Students and parents may want to schedule expensive items on their homeowner insurance policy.**

**Requirements for Students New to the District**

All students must register for school each year on the dates and at the place designated by the Superintendent. Students enrolling in the District for the first time must present:

1. A certified copy of his/her birth certificate or other reliable proof of identity and age.
2. Proof of residence, as required by Board Policy 7:60.
3. Proof of disease immunization or detection and the required physical examination, as required by State law and Board Policy 7:100.

**Animals on School Property**

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

**School Volunteers**

*Board Policy 6:250*

The District appreciates the efforts of all our school volunteers. For the safety and security of our students, the following safeguards have been enacted regarding building volunteers.

- All volunteers must go through volunteer training. Issues covered in the training include student confidentiality, acceptable behaviors, and other volunteer opportunities. Training will be scheduled by the building principals.
- Volunteers who may be working with students while not under the direct supervision of the classroom teacher (examples; field trip chaperones, reading helpers, recess supervisors) will be **required** to submit to a criminal background investigation prior to working with the students.
- There may be a fee associated with the processing of the background check.
**Skylert Notification System**

The District uses Skylert to make notifications to parents and guardians via telephone, SMS (text messaging) and email. Notifications include emergencies such as school closings, attendance alerts that your student is not in attendance, food service alerts that your child has a negative balance and general notifications about cancelled practices, upcoming events, etc. Custodial parents/guardians are able to change or add additional contact phone numbers, SMS numbers and e-mail as well as to select which types of notifications to receive using the Family Access website.

**Video and Audio Monitoring System**

*Board Policy 4:110*

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

**Accommodating Individuals with Disabilities**

*Board Policy 8:70*

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

**Students with Food Allergies**

*Board Policy 7:285*

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide
the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student’s needs through other means.

**Care of Students with Diabetes**

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school principal. Parents/guardians are responsible for and must:

a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.

b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.

c. Sign the Diabetes Care Plan.

d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the Building Principal.

**Treats and Snacks**

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged 3 days in advance with the classroom teacher using the pre-approval form located on the School and District website. All treats and snacks must be 200 calories or less per serving, store bought, and prepackaged in individual servings. No homemade treats or snacks are allowed at school. Treats and snacks must not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value. Parents should check with teacher for special diet considerations.

**School and District Report Cards**

The School and District Report Cards are available on our website at [http://manteno5.org](http://manteno5.org). A printed copy of the report will be sent to parents upon request, and parents may phone (815) 928-7000 to request printed copies of the report card.

**Attendance, Promotion & Graduation**

**Attendance**

*Board Policy 7:70*

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends
school in the district in which he or she resides, during the entire time school is in
session (unless the child has already graduated from high school). Illinois law
also requires that whoever has custody or control of a child who is enrolled in the
school, regardless of the child’s age, shall assure that the child attends school
during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who:
attend private school, are physically or mentally unable to attend school
(including a pregnant student suffering medical complications as certified by her
physician), are lawfully and necessarily employed, are between the ages of 12
and 14 while in confirmation classes, have a religious reason requiring absence,
or are 16 or older and employed and enrolled in a graduation incentive program.

**Student Absences**
*Board Policy 7:70*

There are two types of absences: excused and unexcused. Excused absences
include: illness, observance of a religious holiday, death in the immediate family,
family emergency, situations beyond the control of the student, circumstances
that cause reasonable concern to the parent/guardian for the student’s safety or
health, or other reasons as approved by the principal. All other absences are
considered unexcused. Pre-arranged excused absences must be approved by
the principal.

The school may require documentation explaining the reason for the student’s
absence.

In the event of any absence, the student’s parent or guardian is required to call
the school by 9:00 AM daily, call the 24-hour hotline, or use Skyward Family
Access to report online.

**Hotline Numbers**
- Elementary School (928-7200)
- Middle School (928-7150)
- High School (928-7100)

If a call has not been made to the school by 9:00 a.m. on the day of a student’s
absence, a school official will call the home to inquire why the student is not at
school. If the parent or guardian cannot be contacted, the student will be required
to submit a signed and dated note from the parent or guardian explaining the
reason for the absence. Failure to do so shall result in an unexcused absence.
Upon request of the parent or guardian, the reason for an absence will be kept
confidential.

A student must produce a doctor’s note after five consecutive days of absence. If
the school nurse sends a student home, that day’s absence will be counted as a
medical note.
After the 8th accumulative day of absence, a physician’s note is required to receive an excused absence. If a student presents a court subpoena, that absence will not be counted against the allotted 8 days.

**Home and Hospital Instruction**

*Board Policy 6:150*

A student who is absent from school, or whose physician anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student’s home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student’s physician indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child’s birth or a miscarriage.

For information on home or hospital instruction, contact: Student Support Services Office (815) 928-7005.

**Suicide & Depression**

*Board Policy 7:290*

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school’s ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district’s policy, is posted on the school district website. Information can also be obtained from the school office.

**Release Time for Religious Instruction & Observance**

*Board Policy 7:80*

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student’s parent/guardian must give written notice to the building principal at least 5 calendar days before the student’s anticipated absence.

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement. (105 ILCS 5/26-2b)
**Truancy**  
*Board Policy 7:70*

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State’s Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law and may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to $1500.00 (The School Code, Section 26-2a).

**Grading & Promotion**  
*Board Policy 6:280*

Electronic report cards are available in Skyward on a quarterly basis. Printed copies can be requested at registration or by contacting the school office. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

**Participation in Graduation/ Promotion**

Participation in High School Graduation and 8th Grade Promotion ceremonies is a privilege, not a right. It is afforded to those students who are in good standing with respect to academics, behavior and payment of fees.

---

**Student Fees and Meal Costs**

**Fees, Fines & Charges; Waiver of Student Fees**  
*Board Policy 4:110, 4:140, 4:140-E1, 4:140-E2*
Notification

At the beginning of each school year the District shall notify students and their parents/guardians of: (1) eligibility requirements for free and reduced-price food service; (2) the application process; (3) the name and telephone number of a contact person for the program; and (4) other information required by federal law. The Superintendent shall provide the same information to: (1) informational media, the local unemployment office, and any major area employers contemplating layoffs; and (2) the District’s website, all school newsletters, or students’ registration materials. Parents/guardians enrolling a child in the District for the first time, any time during the school year, shall receive the eligibility information.

Waiver of Student Fees

Board Policies 4:140, 4:140-E1, 4:140-E2

It is the policy of the Manteno School Board to charge a fee for the use of textbooks and consumable materials. The Board may also establish a fee for some extracurricular activities. All fees must be paid in the school office or by Family Access at http://www.manteno5.org. Teachers will not handle school fees. Students will be expected to pay for any willful damage to school property or for loss of school books.

Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. However, these students are not exempt from participation fees, charges for lost and damaged books, materials, supplies, and equipment.

A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, equipment, and/or damage to school property.

An authorized school representative will notify the parent(s)/guardian(s) promptly as to whether the fee waiver request has been granted or denied. An authorized school representative’s denial of a fee waiver request may be appealed to the Superintendent by submitting the appeal in writing to the Superintendent within 14 days of the denial. The Superintendent or designee shall respond within 14 days of receipt of the appeal. The Superintendent’s decision may be appealed to the School Board. The decision of the Board is final and binding. Questions regarding the fee waiver request process should be addressed to the school’s authorized representative.

A student shall be eligible for a fee waiver when:

1. The student is currently eligible for free lunches or breakfasts pursuant to 105 ILCS 125/1 et seq.; or
2. The student or student’s family is currently receiving aid under Article IV of The Illinois Public Aid Code (Aid to Families with Dependent Children).

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee on an application form available from the Building Principal. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The parent(s)/guardian(s) shall submit written evidence of eligibility for waiver of the student’s fee.

Within 30 days, the building principal will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the building principal.

**Transportation**

**Bus Transportation**

*Board Policies 4:110, 7:220*

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school.

All students who ride buses are under the supervision of the bus driver and are subject to the same regulations, which govern other school situations. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal. Video and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school related activity. Notice of electronic recordings shall be displayed on the exterior of the vehicle’s entrance door and front interior bulkhead in compliance with State law and the rules of the Illinois Department of Transportation, Division of Traffic Safety.

Students are prohibited from tampering with electronic recording devices. Students who violate this policy shall be disciplined in accordance with the
Board’s discipline policy and shall reimburse the School District for any necessary repairs or replacement.

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district’s regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student’s parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student’s safety and in compliance with State law, students are expected to observe the following rules:

**School Bus Safety Rules**

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the designated bus stop and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take your assigned seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
6. Always listen to the driver’s instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers.
7. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
8. Do not throw anything out of the window of the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver’s signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.

11. Never run back to the bus, even if you dropped or forgot something.

13. Do not misuse phones or cameras. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.

15. Only students who are assigned to a bus can ride that bus. Students cannot bring friends home on the bus.

For questions regarding school transportation issues, contact the Transportation Coordinator.

**Transportation Reimbursement Eligibility and Dispute Resolution**
*Board Policy 4:110*

Parent(s) or legal guardian(s) who must provide transportation to and from school because free transportation is not available for their children may be eligible to receive money from the state to help offset some of the cost, for example, bus fares or mileage reimbursement for private automobiles at the current IRS reimbursable mileage rate.

If you can answer yes to the following questions for the 2017-18 school year, you may be eligible to receive reimbursement for providing such transportation.

1) Will the pupil be under the age of 21 at the close of the school year?
2) Is the pupil a full-time student in grades kindergarten through 12?
3) Does the pupil either live ½ miles or more from school or live less than 1 ½ miles from school but must be transported due to a serious safety hazard approved by the Illinois Department of Transportation? (See following paragraphs.)
4) Does the pupil attend a school within Illinois which meets Illinois compulsory attendance laws?
5) Did the parent/guardian incur transportation expenses resulting from transporting the pupil to and from school?
6) Did the pupil not have access to transportation to and from school provided entirely at public expense?
7) Did the parent/guardian reside within Illinois during the time period expenses were incurred?

If you answered yes to the above questions, lived in Illinois and wish to file a claim, you must go to the school where each of your children is enrolled by June 30, 2016, to submit claim information. You may provide claim information to
appropriate school personnel at your child's attendance center until June 30, 2016

In addition, parent(s)/guardian(s) who have pupils living less than 1 ½ miles from the school attended must verify that a safety hazard due to vehicular traffic exists by completing an Application for Determination of Serious Safety Hazards. Parents can obtain a copy of the Application for Determination of Serious Safety Hazards from the Office of the Regional Superintendent of Schools for the county in which they reside. All applications for Determination of Serious Safety Hazards must be received no later than February 1 each year, at the office from which the application was requested. Example: ISBE (Chicago residents), ROE (Illinois residents other than those residing in Chicago). The Regional Superintendent of Schools is required to send the Application to the Illinois Department of Transportation within 15 days. The Illinois Department of Transportation reviews and approves or denies the application and returns it to the Regional Superintendent of Schools within 30 days. Upon receipt of the reviewed application, the Regional Superintendent of Schools will mail it to the parent/guardian who requested the safety hazard be verified. If the safety hazard is approved, the parent/guardian must go to the school the pupil attends to submit claim information, which is valid for four years.

Once all claim information is submitted at the school, it will be transmitted electronically to the Illinois State Board of Education. If your claim information is approved, you should receive a check directly from the state for the lesser of the cost of transporting your child/children or the average per pupil reimbursement paid to public schools for transporting regular education pupils. If insufficient funds are appropriated by the General Assembly, all claims will be prorated. If you have any questions, please call or come to the school.

Health and Safety

Immunization, Health, Eye & Dental Examination
Board Policy 7:100

Required Health Examinations and Immunizations
All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering Kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

The required health examinations must include a diabetes screening (diabetes testing is not required) and a statement from a physician assuring "risk-assessed" or screened for lead poisoning.
Failure to comply with the above requirements by October 15 of the current school year will result in the student’s exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

**Eye Examination**

All students entering Kindergarten or an Illinois public school for the first time must present proof before October 15 of the current school year of an eye examination performed by an optometrist or an opthamalogist within one year. Failure to present proof by October 15, allows the school to hold the student’s report card until the student presents: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

**Vision Screenings**

Basic vision screenings are done for students in Pre-School, Kindergarten, Second, Third, Eighth grades and children with Individual Educational Plans on a yearly basis. The basic vision screening does not replace the mandated vision examination by an optometrist or ophthalmologist.

**Dental Examination**

All children entering Kindergarten, second, and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year. Failure to present proof allows the school to hold the child’s report card until the student presents: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

**Exemptions**

A student will be exempted from the above requirements for:

1. Religious or medical grounds if the student’s parent/guardian presents to the building principal a signed statement explaining the objection;
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;

*Board Policy 7:20, 7:180, 7:190, 2:260*

Bullying includes a pattern of behavior that is repeated over time against the same person(s) with a noted power differential.

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

*Bullying* includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student’s or students’ person or property;
2. Causing a substantially detrimental effect on the student’s or students’ physical or mental health;
3. Substantially interfering with the student’s or students’ academic performance; or
4. Substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Aggressive Behavior Reporting Letter and Form
Illinois law requires a school district to notify the parent or guardian of a child who engages in aggressive behavior, including such behaviors as bullying (105 ILCS 5/10-20.14). The School Board policy prohibits a student while at school from engaging in aggressive behavior that causes physical or psychological harm to someone else and/or urging other students to engage in such conduct. Prohibited aggressive behavior includes, without limitation, the use of violence, force, noise, coercion, threats, intimidation, fear, bullying, or other comparable conduct. This early notification is intended to help all of us work together to avoid repetition of the behavior.

Field Trips
Board Policy 6:240

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip
locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;

*Board Policy 6:235*

*Each student and his or her parent(s)/guardian(s) must sign the Authorization for Electronic Network Access before being granted unsupervised access. Please read this document carefully before signing.*

All use of electronic network use must be consistent with the school’s goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow the terms of the Authorization for Electronic Network Access will result in the loss of privileges, disciplinary action, and/or appropriate legal action.** The signatures on the Authorization for Electronic Network Access page are legally binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance.

**Acceptable Use** - Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the District’s educational objectives, or (b) for legitimate business use.

**Privileges** - The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

**Unacceptable Use** - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:
a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
b. Unauthorized downloading of software, regardless of whether it is copyrighted or de-virused;
c. Downloading of copyrighted material for other than personal use;
d. Using the network for private financial or commercial gain;
e. Wastefully using resources, such as file space;
f. Hacking or gaining unauthorized access to files, resources, or entities;
g. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
h. Using another user's account or password;
i. Posting material authored or created by another without his/her consent;
j. Posting anonymous messages;
k. Using the network for commercial or private advertising;
l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
m. Using the network while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

a. Be polite. Do not become abusive in messages to others.
b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
d. Recognize that email is not private. People who operate the system have access to all email. Messages relating to or in support of illegal activities may be reported to the authorities.
e. Do not use the network in any way that would disrupt its use by other users.
f. Consider all communications and information accessible via the network to be private property.

No Warranties - The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user’s errors or omissions. Use of any information obtained via the Internet is at the user’s own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.
Indemnification - The user agrees to indemnify the School District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of this Authorization for Electronic Network Access.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the web or on District websites or file servers without explicit written permission.

a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.

b. Students and staff engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of “public domain” documents must be provided.

c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.

Use of Email - The District’s email system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides email to aid students as an education tool.

a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student to an email account is strictly prohibited.
b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.

c. Electronic messages transmitted via the School District’s Internet gateway carry with them an identification of the user’s Internet domain. This domain is a registered name and identifies the author as being with the School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the School District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.

d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message’s authenticity and the nature of the file so transmitted.

e. Use of the School District’s email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those “acceptable uses” as detailed in these procedures. Internet safety is almost assured if users will not engage in “unacceptable uses,” as detailed in this Authorization for Electronic Network Access, and otherwise follow this Authorization for Electronic Network Access. Staff members shall supervise students while students are using District Internet access to ensure that the students abide by the Terms and Conditions for Internet access contained in this Authorization for Electronic Network Access. Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children’s Internet Protection Act and as determined by the Superintendent or designee. The system administrator and Building Principals shall monitor student Internet access.

Students are prohibited from accessing and/or distributing at school any pictures, written material, or electronic material, including material from the Internet or from a blog, that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright;
3. Is socially inappropriate or inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, or contains indecent and vulgar language;
4. Is primarily intended for the immediate solicitation of funds; or
5. Is primarily prepared by non-students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources as long as the material to be distributed or accessed is primarily prepared by students.

The distribution of non-school-sponsored written material must occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the material is endorsed by the school district.

**Search and Seizure**

*Board Policy 7:140*

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

**School Property and Equipment as well as Personal Effects Left There by Students**

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or
dangerous substances or materials, including searches conducted through the use of specially trained dogs.

**Students**

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

**Seizure of Property**

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

When feasible the search should be conducted as follows:

1. Outside the view of others, including students;
2. In the presence of a school administrator or adult witness; and
3. By a certified employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search and given to the Superintendent.

**Athletics and Extra-curricular Activities [6-HS]**

**Athletic Rules & Code of Conduct [6-HS]**

*Board Policy 7:140*

The *Code of Conduct* applies to all students who want to participate in athletics. Athletics includes competitive sports, extracurricular activities, cheerleading and pom-poms. This code applies in addition to other rules and regulations concerning student conduct and imposes additional requirements on student athletes and cheerleaders.

Participation in athletics is a privilege. Those who participate in athletics have a responsibility to favorably represent the school and community. Student athletes are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in athletics may be lost in accordance with the terms of this *Code of Conduct*.

IHSA [or] IESA
Eligibility for most athletics is also governed by the rules of the Illinois High School Association [or] Illinois Elementary School Association and, if applicable, these rules will apply in addition to this Code of Conduct. In a case of a conflict between IHSA [or] IESA and this Code of Conduct, the most stringent rule will be enforced.

**Drugs, Alcohol and Tobacco**

Except with respect to prescription drugs used by the person for whom such drugs were prescribed in the manner intended by the prescribing medical doctor, the possession, use, distribution, purchase or sale of any alcoholic beverage, drug, drug paraphernalia, controlled substance, look alike, tobacco or tobacco product or any other substance which, when taken into the human body is intended to enhance performance or alter mood or mental state, including any item or substance which is represented by a student to be, or is believed by a student to be any of the foregoing, regardless of the true nature or appearance of the substance, is prohibited in school buildings, on school buses and on all other school property or school related events at any time. This prohibition shall include all school sponsored or school related activities, whether held before or after school, evenings or weekends and shall additionally include a prohibition of use by a student athlete in any instance where the school can demonstrate a reasonable connection to the school program or school athletic program. For purposes of this procedure, students who are under the influence of prohibited substances shall be treated in the same manner as though they had prohibited substances in their possession.

**Student Athlete Concussions and Head Injuries**

*Board Policy 7:305*

A student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer. If not cleared to return to that contest, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

Board Policy 7:15, 7:15 E

Surveys
All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students must advance or relate to the District’s educational objectives as identified in Board Policy 6:10, Educational Philosophy and Objectives, or assist students’ career choices, and/or are required by school code or law. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

Surveys by Third Parties
Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student’s parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information
School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

- Political affiliations or beliefs of the student or the student’s parent/guardian.
- Mental or psychological problems of the student or the student’s family.
- Sexual behaviors or attitudes.
- Illegal, anti-social, self-incriminating, or demeaning behavior.
- Critical appraisals of other individuals with whom students have close family relationships.
- Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or the student’s parent/guardian.
- Income other than that required by law to determine program eligibility.
The student’s parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

**Instructional Material**

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child’s educational curriculum within a reasonable time of their request.

**Student Records**

*Board Policy 7:340*

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member’s sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

1. **The right to inspect and copy the student’s education records within 15 school days of the day the District receives a request for access.**
   
The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges $.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.
   
These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to request removal from the student’s academic transcript one or more scores received on college entrance examinations**

A parent/guardian or eligible student may ask the District to remove certain scores of college entrance exams from their student’s academic transcript. Students often take college entrance examinations multiple times in order to improve their results. Test publishers provide the results from each
examination taken to the student’s high school. Schools must include each of these scores on the student’s transcript, which may result in academic transcripts having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. To request the removal of scores on college entrance examinations, the parent/guardian or eligible student must submit a written request stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

3. The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the
nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student’s records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student’s change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

Name
Address
Gender
Grade level
Birth date and place
Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
Academic awards, degrees, and honors
Information in relation to school-sponsored activities, organizations, and athletics
Major field of study
Period of attendance in school
Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your student’s information without your prior written consent.

   Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the parent/guardian, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the building principal.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under State law.

9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

   The name and address of the Office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the superintendent or school board.

Anytime that a convicted child sex offender is present on school property – including the three reasons above - he/she is responsible for notifying the principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children.

A violation of this law is a Class 4 felony.

General Information

Welcome

Welcome to Manteno Middle School! We are committed to making the experience of our students the best one possible. To that end, we pledge to make each day full of the most challenging and stimulating learning experiences we can. **We also believe that all students are capable of success in the classroom when they bring a positive and cooperative attitude with them each day.** We look for the good in all our students, but our students are also responsible for their actions.

In the event of any questions, please contact the school office at (815) 928-7150.

Skyward Family Access

Family Access is a web-based component of Skyward, our student management system that gives parents/guardians unprecedented access to student information. This allows parents to take a much more proactive role in their student’s education. Manteno Middle School makes extensive use of this tool in communicating with our students and families. With this system, parent(s)/guardian(s) may access student attendance, assignments, student schedules, food service accounts, grading, student contact information, fees, health information, and absence notifications. Parents may sign-up in the school office.

Communication / Grievance Procedure

Please follow the established communication procedure (the “chain of concern”) when you have a school-related question or concern:

1. The teacher or sponsor directly involved should be contacted first.
2. If the problem is not resolved, then and only then, should the principal become involved.
3. If the problem is not resolved, the parent then has the option of going to the Superintendent and finally the Board of Education.

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors must sign-in using the new electronic ID system. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign-out of the electronic ID system before leaving the school.

Visitors are expected to abide by all school rules during their time on school property. Visitors should identify themselves and inform office personnel of their reason for being at school. A visitor who fails to conduct themselves in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

Student Attendance

Arrival and Departure

Students report to classes at 8:05 AM and are dismissed at 2:55 PM. Students should arrive between 7:50-8:00 AM, but the doors will open at 7:35 am for bus riders. Students should clear the building by 3:10 PM. All students are required to sign in and sign out when entering and/or leaving the building during the school day. Please note: the building will not open until 7:35 am.

Absence from School

We suggest that every time a student is absent due to a situation that they were under medical care (doctor, dentist, orthodontist, etc.), a doctor’s note is presented to the school within one week so it doesn’t count against their 8 days.

In most cases, you will not need homework requests, because teachers are posting their weekly assignments in Course Learning Center in Skyward. If your child is ill, only request make-up work during the absence if you child will actually complete the work. If you need to request your absent student’s homework, we must receive the request by 9:00 AM each day. Only request homework if the student will actually finish the work. Requested homework will be available for pickup between 3:00 and 4:00 PM daily. Requests received after 9:00 AM are filled the following day.

Students with planned advance absences will need a pre-arranged absence form from the office.

Students are responsible for collecting and completing all homework prior to their return (see section on “academic issues”). Any student who has exceeded their eight-day limit are unexcused starting in the eighth day, whether or not the absence was “pre-arranged”.

Full Day Attendance Requirement

The State mandates that students, to be considered present for a full day, be in an educational setting for 300 minutes. If a student is present for less than 300 minutes but a minimum of 150 minutes, that student will be considered present for ½ day. Since state funding connects with this requirement, we encourage all students to attend full days whenever possible.

Absences and After School Activities

Students that are absent from school on any given day may not be admitted to any after school activities, including dances, banquets, and sporting events. The only exceptions must be approved in advance by the principal.

All students absent from school for more than one-half of the school day (150 Minutes -- attend school until 10:41 or arrive to school by 12:12) of an activity, is ineligible for any activity on that day unless the absence has been approved by the principal. Exceptions may be made by the coach or admin-
istration: 1) for a medical absence pre-arranged with the coach or 2) for a death in the athlete’s family. An athlete who has one or more truancies or who has been suspended from school may be suspended from participation in athletic activities by administration. An athlete who is absent from school on a Friday before a Saturday event may be withheld from Saturday activities at the sole discretion of the coach.

**Leaving Early**

To insure the safety of students leaving early, parent / guardian, or their designee must report to the office and sign the student out. Students will NOT be called out of class until the person picking the student up has arrived in the office. If someone besides the parent/guardian will be picking up the student, a note from the parent/guardian will be required for the student to be released to that person. Students who become ill at school will be allowed to go home ONLY after parents or an emergency contact has been notified.

**Tardy Policy**

If a student is tardy in the morning but has a written excuse for “valid cause” or is late because of district transportation trouble, he/she will not be penalized. This is considered an “excused tardy”. Any other tardy shall be considered “unexcused”. Students who arrive late to school must report directly to the office and obtain a tardy slip. Four unexcused tardies per semester shall result in a detention. Chronic tardiness will result in more severe discipline procedures, such as Saturday detentions.

**Telephone Messages and Emergency Phone Calls**

Parent(s)/guardians(s) sometimes need to communicate with their children during school hours. Except in the case of rare emergencies, students will not be called to the telephone. The office secretaries will only deliver IMPORTANT messages to the students. To avoid confusion or misunderstanding and to insure students will receive private messages, we encourage that parent(s)/guardian(s) deliver written messages to the office for delivery to their children. After-school messages are restricted to emergency only, although we cannot guarantee delivery of a message for phone calls after 2:00 pm. Students in emergency situations may use the office or classroom phones with permission. **Students may not use their own cell phones and/or smart watches to make or accept calls or messages during the school day.**

**Health and Safety**

**Injury or Sudden Illness to Students or Staff**

If a student becomes seriously ill or injured during school, he or she must report to the office. Parents or emergency contacts will be called. If a staff member becomes ill, students are to contact the nearest school staff member for immediate assistance or call 911.
Protective Eyewear

Protective eyewear devices shall be required to be worn by all students, teachers and visitors when participating in or observing dangerous vocational arts and chemical or combined chemical-physical laboratories involving caustic or explosive chemicals or hot liquids or solids. If you have any questions, ask the teacher immediately.

Art Class Clothing Protection

Students are encouraged to bring a “painting shirt” or other protective garments to protect their clothing from damage of art class materials.

Academics and Curriculum

School Report Cards

Manteno CUSD No. 5 provides access to our School Report Card at https://illinois.5-essentials.org. A printed copy of the report card will be sent to parents upon request by phoning (815) 928-7000.

Student Report Cards

Student report cards will be posted on Skyward Family Access. Parents wishing a printed copy of the report card may come into the school office to request a printed copy.

Grading Scale

Grades of A, B, C, and D are passing, while an F is failing. The grading scale follows a traditional 90 – 80 – 70 – 60 scale that follows mathematical rounding:
A = 100.00% - 89.50%
B = 89.49% - 79.50%
C = 79.49% - 69.50%
D = 69.49% – 59.50%
F = 59.49% – 0%

Grade Point Average Calculation

Occasionally, students need a Grade Point Average (GPA) for a scholarship application. We calculate GPA based on all subjects on the report card for which a letter grade is given. Point totals are A=5, B=4, C=3, D=2, F=1. Classes are weighted based on the instructional time per course (core math class = 1.0, related arts courses are .167 per class per term, etc.) Contact the school counselor for information.
Final Grade Calculation

Final grades are calculated in the following manner:
1. The grade in each quarter is equally weighted
2. The final is calculated by averaging the letter grade from each quarter using the following point totals: A=5, B=4, C=3, D=2, F=1
3. Use the following scale when calculating the final grade:
   a. A = 5.00-4.50
   b. B = 4.49-3.50
   c. C = 3.49-2.50
   d. D = 2.49-1.50
   e. F = 1.49-1.00
4. Incomplete grades cannot be issued a final grade until the incomplete is cleared. After the term has ended, incomplete final grades may be issued the grade available based work submitted, including a failing grade.

Retention / Social Promotion

At Manteno Middle School, students who receive two or more failing final grades for the year in core subjects may be recommended for retention. Final grades will be determined by averaging the four-quarter grades a student received for that core subject. To avoid retention, the student may attend an approved summer school program or complete another individual remediation plan approved by the administration. Retention decisions are based on quantitative measures supplemented by a qualitative assessment of the student’s motivation, self-image, and social adjustment.

Daily Classwork Posting

Manteno Middle School believes that students learn best when parents are active partners in their child’s learning. To help parents locate and access their child’s assignments and class work, MMS teachers will use Skyward’s Course Learning Center as a uniform and consistent procedure for posting daily assignments for all courses. Think of this as your “classroom learning calendar”. This provides a single portal for all students and parents to locate important class information. This also prepares students for the kinds of online learning management they will experience in college.

Classwork and Assignments

Some classwork is completed at home to help students practice what they have learned in the classroom. Homework is teacher assigned educational/academic tasks to be completed outside of the regular classroom setting. These assignments may be graded as to the quality of the work completed and/or as compliance/completion effort.

The time requirements and the frequency of homework will vary depending on a student’s teacher, ability, and grade level. Homework shall be reasonable, practice-based, and shall not exclusively determine whether or not a child passes or fails a course. Assessments will be the primary source to determine academic progress. As a result, “extra credit” shall not be offered. Parents are encouraged to communicate with their child’s teacher regarding the homework load.

Students are responsible for completing all assignments to the best of their abilities. Student achievement increases when students are engaged in meaningful enrichment and extra practice. We expect all students to submit their assignments on-time at the due date established by the teacher.
• For maximum effectiveness, assignments shall be completed prior to the assessments. **Assignments submitted following the assessment shall be lowered by one letter grade (10%), but must be submitted within one week following the assessment.**

• Students who fail to complete their assignments on time shall complete the work. These students might be removed from classes, work in the office before or after school at work sessions, or at lunch, or attend a Saturday morning work session to complete the work.

• Students who chose to retake an assessment shall complete all assignments prior to the retake and complete an Extended Learning Contract agreed to by their teacher and signed by their parent.

• For quarterly reporting, school-wide cutoff dates shall be followed for teachers to evaluate student assignments. If assignments or assessments are not submitted by these due dates, the report card may indicate that insufficient evidence exists to make fair evaluation of student performance of major expectations. In this case, no credit may be granted until work is submitted and students may fail a course based on insufficient evidence.

Under special circumstances, teachers may use their professional judgment and discretion to meet individual students’ needs. Teachers will make multiple attempts to intervene and communicate with the students and/or parents about incomplete work. In addition, students may be assigned academic detentions, afterschool work sessions, and Saturday detentions, or other appropriate consequences, for chronic late work.

**Types of Classwork**

All classwork may be assessed (graded) for either completion of the assignment (such as in preparation or some practice homework) and/or for the quality of the work (such as some practice and extension homework). This depends on the intent of the homework as determined by the teacher.

1) **Preparation Classwork** – This type of homework helps to prepare students for upcoming lessons or units of study. Examples may include pre-tests of knowledge, vocabulary development, pre-reading assignments and/or review of previous learned skills/concepts.

2) **Practice Classwork** – This type of homework allows students to use newly acquired skills/concepts to demonstrate/assess to themselves, parents and their teacher, their understanding of the skills/concepts. Examples may include worksheets, series of specific problems, end of chapter questions and drafts of reports or projects.

3) **Extension Classwork** – This type of homework demonstrates/assesses what skills/concepts students have mastered, to themselves, parents and teachers. Extension homework may also allow the student to further develop skills/concepts beyond what is required by the teacher/class curriculum. Examples may include take home test, projects, alternative assignments/assessments, final papers/reports and problems of the month.

**Purpose of Classwork at Home**

Research demonstrates that classwork at home is a valuable tool in the educational process for several reasons:

• Gives the students constructive and timely feedback on their grasp of skills and concepts taught in class.

• Gives teachers feedback on individual and whole group understanding of those skills and concepts being taught.

• Helps prepare students for future classroom activities.

• Allows students to practice/reinforce acquired skills and concepts.
• Allows students to gain knowledge and/or develop skills not covered in class.
• Allows students to apply skills/concepts learned through extension activities.
• Allows parents to be involved and informed regarding classroom activities, curriculum and the educational partnership needed for students to succeed.

Parent Guidelines for Classwork

Parents play an important role in assisting their children with classwork. The following are suggested guidelines for parents to assist their child in this area:

- Parents need to be available - at some point after school to be able to clarify, explain and problem solve with their child.
- Parents should assist their child in setting up an environment (place, time, time management, needed materials, distraction free area to work and routines) conducive to completing homework.
- Parents need to know resources available to them and their child to assist them in completing the homework. (Homework On-line, parental grade access on-line, textbooks on-line, on-line homework assistance web sites)
- Be aware and review the school, grade level and/or subject area homework expectations.
- Support the use of and how to use agenda and/or assignment notebooks as a way to organize homework and assist with time management.

And lastly, two of the most important guidelines:
- Be supportive of the use of homework as an instructional tool and a necessary part of the learning process and academic success.
- Allow your child to do the work, be a guide for them, but children should turn in their own work.

Academic Dishonesty

Students are expected to complete their own original work. Therefore, credit will only be assigned to those students who submit their own original work. Academic dishonesty is defined as, but not limited to, the following:

- Plagiarism (using another person’s ideas, expressions, or writings as one’s own)
  Students who plagiarize others material shall redo the assignment with the possibility of full credit on the assignment and will be subjected to one or more of the following consequences.
  1st offense: Teacher detention and recomplete the assignment
  2nd offense: Academic detention and recomplete the assignment
  3rd offense: 2 hour Saturday detention
- Cheating including but not limited to:
  o Cheat sheets for tests or quizzes.
  o Copying another person’s work and turning it in as their own work.
  o Using notes or technology without permission and turning it in as their own work.
  o Telling other students what’s on tests or quizzes.
  o Allowing others to copy their own work.
  o Completing an assignment for another student.

Students who are academically dishonest will be subjected to one or more of the following consequences:

- Students shall redo the assignment and receive the following consequence:
  o 1st offense: Office issued detention and recomplete the assignment
  o 2nd offense: 2-hour Saturday detention and parent contact
• 3rd offense: administration discretion, including suspension
  • Conference with parent(s), student, teacher(s), and or administrator.
  • Potential loss of credit (partial or whole) for the work.

**Absent / Make-Up Work**

Students have as many days to make up all work as days that they were absent from school. For pre-arranged absences, students are expected to return to school with all work completed. Daily assignments not turned in on the first day of the student’s return will not be accepted and no credit will be given. Tests and projects may be taken or turned-in within five school days of the return date. Students are required to make up all of the work missed during an unexcused absence following the homework policy (see below). **In most cases, you will not need homework requests, because teachers are posting their weekly assignments in Course Learning Center in Skyward. If your child is ill, only request make-up work during the absence if you child will actually complete the work.**

**Agendas**

Students must carry their student agenda with them at all times except lunch. Lost or damaged agendas may be replaced for $5. These agendas are used for hall passes and assignment notebooks. Vandalized or defaced agendas must be replaced with a new one. Teachers may monitor students’ agendas.

**AIMSweb and Other Assessments**

AIMSweb is a web-based program that organizes assessment data and prepares data analysis reports for our students. We use AIMSweb to track the progress of our students’ reading fluency, reading comprehension, math computation, and math concepts/applications. All students are tested three times each year. Students receiving Rti interventions are tested more frequently. Each area is measured by a short assessment given to students. The tests are given to identify students who need extra support, to determine the strength of our school’s core curriculum, and to track and monitor each child’s progress. **Our goal is to share the test results with parents/guardians in a timely manner. You should receive AIMSweb score reports three times each year – fall, winter, and spring.** AIMSweb assessments, as well as PARCC results and other assessments, are administered throughout the year and are used to make placement decisions about your child's classes at middle school and in high school.

**Physical Education**

Physical education, health, and fitness are required classes. Students in grades 6-8 are required to wear a PE uniform sold by the teachers on the first days of the course for $30. Students who do not dress may have their grade lowered, complete an academic PE assignment, and/or complete the assigned disciplinary action(s). Parents shall be notified by the teacher if students are not dressing. Fifth grade students will not dress for physical education classes, but they will be required to keep and wear gym shoes.

A written note from a parent/guardian will excuse a student from physical education for up to three days. For more than three days, an excuse must be submitted from a person licensed under the Medical Practice Act. If an excuse is issued from a person licensed under the Medical Practice Act then a release to return to physical activity must also be obtained from a person licensed under the Medical Practice Act. Special activities in physical education will be provided for students whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents their participation in the physical education courses.
Co-Curricular Music Performances

Students who choose to participate in the music performance groups are required to attend scheduled performances. Future dates for the IESA and the Kan-Will music activities include:

Attendance at performances outside the school day is required. When two equivalent school activities are in conflict, an authentic performance task may be assigned to replace the missed performance. Students may be asked to complete an alternate assignment as make-up or replacement work.

Students enrolled in band and chorus are expected to continue their participation for the entire year. Exceptions may be approved by the principal in consultation with the instructors, the student, and the student’s parents.

Eligibility is checked for IESA interscholastic music events.

Library Services

The school library is dedicated to providing reading and resource materials for students and staff. Students are encouraged to use their student ID cards when checking-out books. Students may borrow up to three books. The checkout period is one month, and overdue fines and damage/replacement fees may be assessed to students. The current rate is 10 cents per school day a book is late.

Parents are encouraged to collaborate with their children about the kinds of books their children choose to read. Visit the on-line card catalog at [http://web.panthernation.net/mlibrary](http://web.panthernation.net/mlibrary) to assist your child in this selection. Library books with a reading counts quiz are marked with a green dot on the spine. Books that have a "sensitivity issue" have a green film over lower edge of spine label. These books are restricted from 5th grade students unless given written permission by parents (written on the inside cover of the student agenda).

Families who reside within the Manteno School District boundaries are also residents of the Manteno Public Library District. For more information, contact the library at (815) 468-3323 or [http://www.manteno.lib.il.us](http://www.manteno.lib.il.us). Students may check-out Reading Counts books from either the school or Manteno Public Library and order books from other libraries nationwide through interlibrary loan. Novelist and NovelistPlus are databases that help students identify books at their Lexile level and interest. Textbooks are also on reserve at Manteno Public Library. Computers and internet access are available to students 11 years and older with parent permission.

Reading Counts

Manteno Middle School subscribes to Scholastic Reading Counts. Students take periodic quizzes called the “Scholastic Reading Inventory”. The result, known as your child’s Lexile level, measures your child’s reading ability and helps match students with appropriate books. All books in the middle school library are marked with the Lexile level and point value for that book. Books identified with sensitivity issues by Scholastic are marked with a green tag and are not available for check-out by fifth grade students.

Students receive periodic reading assignments from the teachers. Chosen books must come from the list of quizzes available from “Scholastic Achievement Manager”. Students may check the quiz database at [www.readingcounts.com](http://www.readingcounts.com). This website also describes the difficulty level of each book, the point
value, any sensitivity concerns, and book summaries. Families are encouraged to use this resource to help their child select appropriate books.

**Scholastic GO!**

Students may access Scholastic GO!, an on-line encyclopedia and research website. Students have unlimited access to over 120,000 articles and texts, 1100 newspapers, daily news feeds, dictionaries, a thesaurus, research tools for every age and grade level, and much more. Students may access 24/7 from their school Chromebooks or any computer within the district. For access outside the school network, visit [http://go.grolier.com](http://go.grolier.com) and utilize the login *mantenoms* and password *read* or contact the librarian for assistance.

**Sex Abuse Avoidance Education**

Parents will be provided written notice relating to sex abuse education not less than 5 days prior to the training. We partner with KC-CASA to provide annual training for students in grades 5-8.

**Student Support Services**

**Guidance Counselor and Social Worker Access**

Manteno Middle School offers guidance and social worker services. Parents and/or students may arrange an appointment to discuss any academic or social problems by contacting the school office.

**Student Based Assistance Team**

The Student Based Assistance Team (SBAT) is a problem-solving process that follows the RtI (Response to Intervention) or MTSS (Multi-Tiered System of Supports) model and involves teachers, support staff, administration, and parents working together to help students who need support. The SBAT process looks at teaching methods, student learning styles, materials, the learning environment, and the behavioral and learning needs of the student. Meetings are scheduled to discuss student progress, interventions, data collection, etc.

If a staff member and/or parent have a concern about a student’s academic progress or behavior, they contact a member of the SBAT team. The SBAT team member will give them paperwork to begin documentation. Once documentation is complete, an initial meeting will be held. At the initial meeting, strategies for success, interventions, data collection, and student strengths will be discussed and put in place for implementation. Subsequent meetings will be scheduled to review data, student success with the interventions, next steps, etc.

**Bus Transportation, Recess, and Cafeteria Expectations**

**Fifth Grade Recess Expectations**

Students participating in 5th grade recess shall demonstrate respectful and responsible behaviors to continue participating in recess. Students who do not demonstrate respectful and responsible behaviors during this time may be removed from recess and not allowed to participate in the activities for that day and future days. Students with missing classwork may be required to complete their work during recess.

Lunch Fees and Collection

For 2016-2017, MMS hot lunches cost $2.35 and milk cartons are $0.35. Lunch money is collected before school. Students may also bring their check to the serving line and leave it with the cafeteria staff. Parents may also deposit lunch money using a credit card through Family Access. Please pay food
service fees with a separate check from your other school fees. If you have two or more children, include a note which clearly indicates how much money you want in each child’s account.

Lunch Debt

Students must have money in their account to eat a hot lunch. Students who have accumulated a lunch debt equal to the cost of 5 hot lunches will be given a cold cheese sandwich and milk and charged $0.75 instead of a hot lunch until their debt is cleared.

6th-8th grade students may also choose to purchase cash items from the “a la carte line”. 5th grade students may not utilize the “a la carte line” program due to Federal lunch guidelines.

Cafeteria Rules

- Students shall not save seats for other students.
- Students shall walk to lunch and shall be orderly and quiet during lunch.
- Trays and other lunch items shall be discarded appropriately by following the procedure established by the lunch room supervisors.
- No food shall leave the cafeteria.

Students will not be called to notify them about lunch deliveries from their parents; students shall be responsible for checking the office prior to lunch for lunches dropped-off by their parents.

Students may not bring food or beverages into the main gym. Coffee and milk products are not permitted in lockers and classrooms; they should be consumed in the cafeteria. Group pizza orders, intended to be shared with friends during lunch, are not permitted. Students may not trade or share food.

Restorative Justice

Restorative justice is a philosophy based on a set of principles that guide the response to conflict and harm. These principles are based on practices that have been used for centuries in throughout various cultures and regions around the world. Restorative justice’s three main goals are:

- **Accountability.** Restorative justice strategies provide opportunities for wrongdoers to be accountable to those they have harmed, and enable them to repair the harm they caused to the extent possible.

- **Community safety.** Restorative justice recognizes the need to keep the community safe through strategies that build relationships and empower the community to take responsibility for the well-being of its members.

- **Competency development.** Restorative justice seeks to increase the pro-social skills of those who have harmed others, address underlying factors that lead youth to engage in delinquent behavior, and build on strengths in each young person.

Our school is piloting several programs in restorative justice, including advisory curriculum, revised Student Action Journals, and embedded social-emotional supports.

District Statement Regarding Student Rights

Students have asked many questions about their rights regarding locker searches, controlled substances, and other important school issues. This message shall attempt to help students understand their rights and responsibilities in these matters.

First, students should have no expectations of privacy in their school lockers and/or vehicles on school property. Lockers are school property, and any school official with reasonable suspicion may search your locker at any time. School officials also have the right to question students, perform other
searches with reasonable suspicion, and confiscate found materials. Students who fail to comply with these are subject to discipline for insubordination.

Second, students are not permitted to carry, possess, or distribute contraband at any time. The legal definition of contraband is goods or merchandise, the possession of which is prohibited by State or Federal Law, or by school policy. Contraband includes, but is not limited to the following:

- illegal drugs and look-alike substances
- alcoholic beverages
- tobacco products
- drug paraphernalia
- weapons and look-alike weapons
- toys or other items that could be construed as a weapon
- nude or inappropriate images or media

There have been cases in which students have brought scout knives, pocket knives, pellet guns, plastic toy guns, or similar objects to school to show their friends and classmates. It may seem like most of these things would never be a problem. However, the school is responsible for the safety of all students. The Illinois school code states that students who use or possess “look-alikes” of contraband are subject to the same penalties, including suspension and/or expulsion.

Third, any student found in possession of, or under the influence of, an alcoholic beverage, a controlled substance, narcotic and/or other illegal drug including look-a-like substances, or marijuana, has clearly participated in an illegal act. Students found in possession of, or under the influence of, these mentioned substances by any employee on school grounds or at any school function shall be suspended for up to ten (10) days, with the potential for expulsion from school for up to two (2) calendar years for such offenses.

Finally, students must be careful about the words they use. Any statement that could be perceived as “threatening” cannot be made. Students are responsible for the words they use.

In conclusion, our primary job is to provide a safe and secure environment for students. School officials are working to maintain the best learning environment for everyone. We need your help in making Manteno CUSD #5 the best school district we can be.

Bullying

Bullying is defined by the federal government as “aggressive behavior that is intentional, repeated over time, and involves an imbalance of power or strength.”

Lockers

Student lockers are equipped with a combination lock. Students must close and lock their locker after each visit. The school is not responsible for stolen articles.

Dress Code

Students are expected to present an appearance that:

- reflects a positive image of themselves
- does not disrupt the educational process
- does not interfere with the maintenance of a positive teaching/learning climate.

Dress and/or grooming, which are not in accord with reasonable standards of health, safety, and decency, will be considered inappropriate. The principal or his/her designee shall have final authority for judging the appropriateness of a student’s appearance, and whether such appearance is a disruption to the educational process. Teachers also have the responsibility to enforce acceptable dress standards.

Follow these guidelines:
- Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.
- Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang, cult, and satanic symbols, ghoulish details, chains, or other symbols that glorify death or mention death. Clothing that displays any insignia or sign, which shows disrespect for any race, creed, color, sex, or nationality is not permitted.
- Hats, hoods, coats, gloves, bandannas, sweat bands, and sunglasses may not be worn in the building during the school day.
- Hair styles, dress, and accessories that pose a safety hazard are not permitted in laboratories or during physical education.
- All clothing worn on the outside that is designed to be worn as underclothing or sleepwear is not permitted. Examples: thermal underwear, boxer shorts, pajamas, etc.
- Clothing with holes, rips, tears, and clothing that is otherwise poorly fitting by being too small, too tight, too large, too loose, or too exposed by showing skin and/or undergarments may not be worn at school.
- No visible tank tops, spaghetti straps, or muscle shirts may be worn. Sleeveless shirts may be worn as long as they are a fitted style around the arms and neck. Tank top width shall be three fingers wide.
- The length of shorts or skirts must be appropriate for the school environment. Skirts and shorts must hang to a length equal to that of a student’s fingertips when hanging naturally at his/her side; shirts should stay below the belt-line when arms are raised.
- Appropriate footwear must be worn at all times.
- Students may not write on themselves or on their clothing.
- All visible tattoo and body piercing that cause a disruption to the educational process.
- Book bags should not be carried during the school day unless specific permission by the administration has been given. Students must keep purses locked in lockers.

**Unnecessary Items / Contraband**

Items deemed to be unnecessary or disruptive to the school environment may be confiscated and returned only to the parent. Contraband is defined as goods or merchandise, the possession of which is prohibited by State or Federal Law, or by school policy. Contraband includes, but is not limited to illegal drugs and look-alike substances, controlled substances, alcoholic beverages, tobacco products, drug paraphernalia, weapons, prescription drugs not prescribed for the student, anabolic steroids not administered under the care of a physician, and any inhalant per board policy. Students are not permitted to carry, possess, or distribute contraband at any time. In compliance with this policy, toy guns, knives, or any toys that in the opinion of the principal/assistant principal could be construed, as a weapon not permitted at school.

**Cell Phones, Smart Watches, and Electronic Devices**

Cell phones and/or smart watches shall be turned off and kept in the student’s locker during school hours. Students may only use their cell phones and/or smart watches before/after school. Consequence for cell phone and/or smart watch possession may include:

- 1st offense: device brought to office for student to pick-up after school
- 2nd offense: device brought to office and returned only to the parent afterschool
- Repeat offenses will be subject to additional consequences for insubordination.

Students are allowed to use electronic devices in class ONLY with the teacher’s permission. Using any device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules is prohibited. Devices that are used not in the accordance of this Board Policy may be confis-
cated and discipline may result. The District is not responsible for damage, theft or any other loss to student-owned devices.

**Electronic Activity and Social Media**

Students may not engage in any activity, on or off campus, including without limitation, the use of any computer or other device whether such computer or device is located on- or off-campus, that 1) poses a threat or danger to the safety of other students, staff, or school property; 2) interferes with school purposes or an educational function; or 3) is disruptive to the school environment.

Students shall not make an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

School authorities may require a student or his or her parent or guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website if school authorities have reasonable cause to believe that a student’s account on a social networking website contains evidence that a student has violated a school disciplinary rule or procedure.

**Students shall not send group emails, “SPAM” e-mail, joke e-mails, or other non-academic related e-mails using their Google PantherNation accounts. Students shall not use cell phone nor any other recording devices to record students and student interactions at school.**

**Bicycles, Skateboards, Scooters, and Rollerblades**

Students who ride bicycles and other transportation to school are to walk their bikes on school property. Bicycles, skateboards, and scooters shall be parked outside at designated bike racks. **Bicycles and other transportation need to be secured with locks and chains.** Students who do not follow common safety rules or who break municipal traffic laws will have the privilege of riding their bicycles to school suspended.

**Bicycles, skateboards, and scooters are not allowed inside the school building. These must be locked on the bike or skate board racks.**

**Physical Altercation**

Any physical altercation between two or more students will be investigated by principal and/or assistant principal and/or dean. After the investigation is complete the students may or may not be disciplined as a result of the altercation. Any student involved in a physical altercation may be prohibited from attending extracurricular activities that includes but is not limited to dances and sporting events.

At the administrator’s discretion, the Manteno Police may be called to arrest students who are involved in violent physical altercations. This is to ensure the safety of our students and staff.

**Damage to School Property**

Students will be required to pay for any damage caused by their actions. Teachers must report all noticed damages to the principal immediately. Vandalism to school property can result in the student being expelled from school.
Field Trips

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

• Failure to receive appropriate permission from parent/guardian or teacher
• Failure to complete appropriate coursework
• Behavioral or safety concerns
• Denial of permission from administration
• Other reasons as determined by the school.

Social Probation

Social probation prohibits all participation in or attendance at activities (such as dances, promotion, banquets, athletics, concerts, musicals, plays, clubs, organizations, incentive trips, extra-curricular and co-curricular activities, and field trips) will be forfeit for a period of time to be determined by the administration. Membership or participation in a school-sanctioned activity is a privilege and not a property right. Social probation may be issued for inappropriate behavior. Students that are placed on social probation while participating in athletics may be subject to Code of Ethics violations.

School Dances

Attendance at Manteno Middle School-sponsored dances is a privilege. Only students who attend our school may attend school-sponsored dances, and only those students in the grade levels included in the dance. All school rules, including the school’s discipline code and dress code are in effect during school-sponsored dances. Students who violate the school’s discipline code will be required to leave the dance immediately and the student’s parent/guardian will be contacted. The school may also impose other discipline as outlined in the school’s discipline code.

Threatening Acts

Making any jokes or statements regarding bombs, shootings, and/or threats to students or any staff member at Manteno CUSD No. 5, on or off school property could be grounds for school/criminal penalties. Written or verbal threats made by a student will be investigated by the administration. Appropriate disciplinary action will then be dispensed based on administrator discretion. At the administrator’s discretion, the Manteno police may be called to ensure the safety of our students and staff. Offenses of this nature, verbal or written threats, can be punishable by up to two years of expulsion.

Panthers Exhibit Outstanding Leadership, Effort, and Pride

This award is given to one 8th grade student at Manteno Middle School. Interested students must complete and turn-in an application form. Teachers select the award recipient based upon the following criteria:

• Citizenship: community involvement through volunteer work in a club, church, or civic organization.
• Leadership: the holding of a leadership position within the school or community (such as student government, school clubs, community or civic organizations).
• Scholarship: performance in the classroom indicative of the desire to achieve academically.
• Sportsmanship: display characteristics of good sportsmanship, whether it be through participation in or support of the school’s extra-curricular activities.

Promotion Speakers

The student council president gives the welcoming address at the 8th grade promotion ceremony. The student council president is elected by secret ballot during annual student elections. A written speech is prepared in advance and is approved by the principal.

One 8th grade student will be selected to lead the pledge to the American flag at the 8th grade promotion ceremony. Teachers will select this student through a patriotic essay.

President’s Award for Educational Excellence

• “Gold” Certificate – 8th Grade
  • Students must achieve an “A” average on the 8th grade honor roll; and
  • Students must demonstrate high motivation, initiative, integrity, intellectual depth, leadership qualities and/or exceptional judgment; and
  • Recommendation of two teachers.

President’s Award for Educational Achievement

• “Silver” Certificate – 8th Grade
  • Show tremendous growth but not meet all the criteria for the President’s Award for Educational Excellence; or
  • Demonstrate unusual commitment to learning in academics despite various obstacles; or
  • Maintain a school record that would have met the school’s selection criteria for the President’s Award for Educational Excellence but illness, personal crisis, or special needs prevented the student from maintaining such high standards despite hard work; or
  • Achieve high scores or show outstanding growth, improvement, commitment or intellectual development in core subjects; or
  • Demonstrate achievement in the arts such as music or theater.

Honor Roll

We are simplifying our honor rolls. For the quarterly honor roll, all subjects on the report card for which a letter grade is given are included.

• High Honors = all A’s in all classes
• Honor Roll = only A’s and B’s in all classes
Students of the Month

Each quarter, students may be selected as “Student of the Quarter”. The guidance counselor is responsible for this program.

Perfect Attendance Awards

Various attendance incentives may be announced throughout the year. Perfect attendance requires full attendance on all days. Both excused and unexcused absences plus tardiness to school are deducted when calculating perfect attendance. The Regional Office of Education issues a perfect attendance certificate to students who achieve this standard.

Extra-Curricular and Co-Curricular Activities

Purpose

Students of Manteno CUSD #5 who take part in any extra-curricular activity represent our school and the community of Manteno by their actions and conduct. The administration, coaches, teachers, sponsors, and parents of the District take pride in our student body; therefore, we require that they demonstrate behavior becoming to our expectations. Participation in any extracurricular activity is an honor and a privilege but not a right. This privilege may be suspended or revoked when their actions or behavior are in violation of this Code of Ethics.

Conflicts between School Activities

Coaches, sponsors, and other school activity leaders shall work together to avoid and resolve scheduling conflicts. When conflicts arise, school leaders shall work towards a sharing arrangement or other reasonable accommodations.

In general, if two equivalent events conflict -- such as a school game and a school concert -- the student may choose which event to attend at no penalty from either activity. If two inequivalent events conflict -- such as a school practice and a school concert/or/ a school rehearsal and a school game -- the student shall attend the event with the highest weighting (in this example, the school concert/or/ the school game).

Code of Ethics

See Board Policy 7:240

Application and Enforcement

The Code of Ethics applies year round and it is understood that the consequences delineated below are the minimum penalties you may expect. The coach/sponsor may recommend more severe measures depending on unique circumstances, the student’s attitude, and the student’s cooperation. It is the responsibility of the school administration and/or disciplinary board to enforce the disciplinary measures outlined in the Code of Ethics. Should the suspension not be completed by the end of the current sport/activity, the remainder of the suspension will be completed in the student’s next sport/activity. On returning from a suspension, the student has no guarantee that they will have the same position.
Disciplinary Board

The disciplinary board will consist of the building principal and/or the building assistant principal, building athletic director, a fine arts sponsor, a student council or class sponsor, a coach from a men’s athletic team, and a coach from a women’s athletic team.

Reporting of Incidents

Based upon information from school personnel, law enforcement authorities, students, parents, community members, or other sources, the School District may initiate investigations of Athletic Code of Conduct violations that occur on school grounds, at school activities, or off school grounds.

Violations and Consequences

The consequences defined below apply to participants in sports and show choir. The disciplinary board will determine consequences for violators in all other extracurricular activities.

If a student and a parent are not able to attend the specific activity meeting, they must meet with the coach/sponsor and/or athletic director. All rules established by coaches must be in writing and approved by the athletic director, with a copy given to the principal, each student and parent.

Right of Appeal

Each discipline situation is unique and will be dealt with on an individual basis. There is an established procedure, which provides for the appeal of disciplinary action as follows:

4. The complainant may refer the issue to the Superintendent by requesting an appointment in writing for a review and decision.  
5. If the above steps do not resolve the concern of the complainant, he or she may request a review by the board appointed hearing officer.
Scholastic Eligibility at MMS

Scholastic eligibility applies to any extracurricular activity in which interscholastic competition takes place. This also includes activities sponsored by the IESA and the Kan-Will Conference which require scholastic eligibility. Eligibility shall be checked weekly on Friday to govern eligibility for the following Monday through Saturday. The eligibility check shall be the same day each week except when school is not in session; then it must be taken on the last weekday of student attendance.

The administration shall establish a calendar for each sport and activity defining the start of the season and the start of eligibility checks. At the beginning of a new term, teachers shall have recorded five grades before eligibility shall be marked for that course.

Web Sites and Safety

Parents and students are hereby notified of the existence of non-district web sites that highlight student athletes, extra-curricular participants, and display game/activity schedules. These sites may even highlight individual schools or post photographs for display or sale. These third-party sites are not under the ownership nor are they under direct control of the district. Therefore students should not post personal contact information (home phone number, personal cell phone number, personal email address, home mailing address, parent names, and parent contact information) on these sites. Many of these sites are used by other schools and news outlets wherein videotaped games or performances may be placed on the internet without notification to the school, the district, or the student. Therefore students participating in extra-curricular activities shall/must have their parents sign and agree to the District’s media release form. Students whose families do not agree to the media release form shall not be allowed to participate in extra-curricular activities.
Chromebook Procedures

**Students will take their Chromebooks home during the first few weeks of school.** With your permission, your child will be allowed to carry their Chromebook back-and-forth between school and home. Your child will leave their AC charger cord at home, recharging their Chromebook every night just like “homework”. We will provide a protective, zipped case with an ID tag. We expect students to use these cases at all times.

These devices are assigned to individual students, similar to textbooks and other supplies. Though the student may have possession of the device, it remains school property. While the student/parent/guardian is **not** required to purchase the device, there is an expectation of reasonable care and responsibility as there is with any district property provided to or used by a student. We would expect every student to take proper care of the device and return it in the same condition in which it was received, with reasonable wear & tear excepted. However, if a device is damaged, lost or stolen, charges will be assessed to the student based on the following schedule. These charges are NOT considered “fees” and will be assessed regardless of any fee waivers that may be in place.

All students are covered for **accidental damage**, whether at home or at school, but subject to the schedule below. This coverage is part of your school registration fee. **Students who purposefully damage the computer are responsible for paying the full repair charges:**
