

Peer Mediation is very simply – kids helping kids to solve problems. . Mediators are selected through an application process and teacher recommendation. The Peer Mediation Team is trained in the causes of conflict and in the process of conflict resolution. Mediations are scheduled through the Peer Mediation Coordinator. The Mediators are responsible for being on time, keeping an open mind and following the proper mediation process. Peer Mediators are also responsible for attending all training sessions and the meetings that follow the initial training. Peer Mediators need to be a role model for the other students in their words and actions.
