ATHLETIC ELIGIBILITY

A high school or middle school student is ineligible to participate in athletic competition if he/she receives (1) failing grade during the previous nine (9) weeks grading period. Semester grades take precedence over nine (9) week grades. Eligibility is from end of grading period to grading period for both middle and high school students. HS/MS students must meet athletic code. Any student passing at least 70% of their previous courses will have their grades re-checked for eligibility on the twenty-third (23) day of the grading period.

CLASS WITHDRAWALS

If a student withdraws from a class after eight school days, he or she will receive a grade of WF (Withdraw/Fail) for the semester, and that grade will be computed into his/her grade point average. The only exception to this policy will be the necessity to drop a class for valid medical reasons.

CORRESPONDENCE COURSES

Seniors who are taking a correspondence or night course must have verification of completion turned in to the guidance office no later than the end of the first semester, unless previous arrangements were made with the guidance office or principal.

COURSE LOAD

High school students are required to enroll in a minimum of eight classes (including success) each semester unless otherwise approved by the principal. Students cannot be enrolled in less than five credited courses without administrative approval. Students falling below this level may be subject to being dropped from enrollment at Westville High School, and/or being ineligible to participate in athletics or co-curricular programs.

Course Selection

In December, the guidance counselor begins to meet with students to assist them in choosing their following year's classes. The programming process extends into February until all students have selected classes.

The entire master schedule of Westville High School is developed each year based upon students' course selections. Teacher assignments and numbers of class sections are determined by student requests for the courses being offered. Therefore, it is extremely important that all students make course selections very carefully.

Students complete course requests online. Parents should check their student's requests very carefully and report errors or request changes to the guidance office as soon as possible. Change requests will be considered until the master schedule is completed on approximately **May 1**. After that time, no changes will be made.

Schedule Changes

Westville High School classes are scheduled very tightly based on student selections of courses. Teachers and classrooms are committed to these student selections and the slightest variation in numbers can have profound implications for the entire Master Schedule. For this reason, plus the responsibility we have to students to help them learn to adhere to their commitments, students will be allowed to change their schedules for **NO** reason other than the following after **May 1st** of the previous school year:

- To upgrade work in a department or discipline:** e.g., a student wishes to add a class in place of being a student aide, a student is changed from non-college prep to college-prep class within a given course discipline. Changes to different disciplines or even departments are not considered.
- To correct an inappropriate student placement:** e.g., a student has tried in a previous prerequisite class, but failed to master skills needed to have success at present. The student effort put forth will be an important factor in the request.
- To balance classes:** e.g., when there is an obvious discrepancy in numbers of students in similar classes, some students may be switched to other classes.
- To prevent student-to-student conflicts (at the teacher's request):** e.g., a teacher requests a change to separate incompatible students. Even when legitimate requests are made, some cannot be honored because of the complexity of the master schedule and the effects on the schedule overall.
- Failure in a class**
- All Blackhawk Academy courses must be completed by midnight on the last day of semester.**
- Students will not be removed from class due to attendance within the last three weeks of the semester. Students will remain in class for auditing purposes.**

DUAL-CREDIT/HONORS/ADVANCE PLACEMENT ENROLLMENT

Dual Credit/Honors/Advanced Placement

Westville High School is proud to offer students dual credit, honors, and advanced placement courses to students who qualify. Students must be enrolled as a full time student in grades nine and ten to take dual credit classes as a junior or senior. These courses are weighted, and count one point more per grade.

Courses Offered include:

- AP Biology (3 credits)
- AP/DC/ Honors Calculus (5 credits)
- Advanced Life Science (2 credits)
- Natural Resources Management (2 credits)
- DC Chemistry (4 credits)
- DC English (3 credits at PNW)
- DC/Honors Macroeconomics
- DC Speech (3 credits at PNW)
- DC Psychology (3 credits at PNW)
- DC/Honors Microeconomics (3 credits at PNW)

To qualify for these courses, students must meet 2 of the 3 criteria:

- Have a cumulative GPA of 3.0
- Be in the top 1/3 of their class
- Have a composite ACT score of 21, or a 500 in both sections of the SAT

There is no cost to the Honors or AP courses, and the core dual credit courses cost \$25 per credit hour, or ½ the cost per credit hour PNW charges for courses on campus except Eng 104 and 105. Free/Reduced Lunch students incur no costs.

Westville High School has established the following guidelines for dual credit enrollment:

1. Students who are not successful in the dual credit class may not be able to transfer back into a class at the high school except at the beginning of a semester.
2. Credits received in a college class will count toward a student's high school grade point average.
3. All costs at the college level, (textbooks, transportation, etc.), are the responsibility of the parents and not Westville High School.
4. Students must follow all guidelines of Westville High School, the participating college, and Rule 511 1AC 6-10.
5. Students who withdraw from a dual credit course after eight (8) school days will receive a "WF" (withdraw fail).

AUDITING CLASSES

Students who enroll after ten school days (10) into the semester into a non-transferable class may audit the class. Auditing is defined as a student who participates in the class but does not receive credit. This will not count towards the student's athletic eligibility or GPA. Exceptions may be granted by the principal or designee.

GRADE REPORTING

The school year is divided into two semesters. The school has two nine week grading periods per semester. Report cards are available to each student in each subject during the week following the conclusion of each grading period. Only the grades received at the end of each semester are considered as final grades, and become part of a student's permanent record. Permanent records include grades, class rank and attendance for all four years of high school enrollment.

For purposes of computing class rank, honor roll status, and final semester grades the following values have been assigned:

A	4.00	B-	2.67	D+	1.33
A-	3.67	C+	2.33	D	1.00
B+	3.33	C	2.00	D-	0.67
B	3.00	C-	1.67	F	0.00

The designation of Valedictorian and Salutatorian of Westville High School will be based upon the weighted cumulative grade point average (GPA) on February 1 of their senior year. Students must have attended Westville High School their junior and senior year to qualify as Valedictorian or Salutatorian, and must be pursuing an academic honors or technical honors diploma.

GRADING SCALES

Class rank is calculated by assigning a numerical factor to each semester letter grade a student earns over the course of his/her high school career. All courses completed at Westville High School or accepted as transfer credit by the school (i.e.-correspondence classes, college classes, alternative school classes, etc.) are used in determining class rank. Westville High School uses a 4.0 grading scale (A=4.0). In determining class rank, the following point system is used:

MIDDLE SCHOOL/HIGH SCHOOL

A	93-100	B	83-86	C	73-76	D	63-66
A-	90-92	B-	80-82	C-	70-72	D-	60-62
B+	87-89	C+	77-79	D+	67-69	F	0-59

SEMESTER GRADES

The numerical semester grade is converted into a letter grade and recorded on the student's permanent record.

Any student who is absent during final exams must present a doctor's verification in order to make-up the missed exam(s).

In order to receive credit for the semester, a student must pass two of the three: nine week grading periods and final exam. An incomplete grade may be given for a nine-week grade in those cases where a student has not been able to complete an assignment due to illness or emergency. However, an incomplete grade must be converted to the grade earned within one week of the conclusion of the grading period. If the make-up work is not satisfactorily completed and/or submitted by the established deadline date, the incomplete grade becomes an F. Exceptions to this policy may be granted by the principal.

When a student repeats a course for any reason, the higher of the two grades shall be recorded on his/her permanent record and computed into his/her grade point average. The lower grade will be deleted from his/her file. Students must take the class the next time the course is offered. Students may not audit a class unless authorized by the principal.

HOMEWORK

Homework assignments are given to students to assist them in understanding class content and to practice relevant academic skills. When a teacher gives a homework assignment, he/she has the following expectations:

1. The assignment must be completed as directed by the teacher.
2. The assignment must be turned in on time.
3. The assignment must be legible, neat, and easily understood with all work shown, and complete sentences used.

Late homework assignments, which may or may not be accepted, will be handled at the discretion of the teacher. Each teacher will explain his/her policy regarding homework to his/her students through his/her classroom management plans. Homework shall not be used as a punishment for student behavior.

TUTORING

Tutoring is available to any student in grades 7-12 during success period. Students with excessive amounts of missing assignments may not be eligible. Agreement and approval must be reached by the teacher, parent, and student.

HONOR ROLL

The honor roll recognizes academic achievement and is published each marking period. Students must have the following grade point average (GPA) in order to qualify for the honor roll:

Principal's Honor Roll –	3.67 - 4.00
All A's (Including A-)	
"A" Honor Roll –	3.67 - 3.99
"B" Honor Roll –	2.67 - 3.66

Any student who receives a grade lower than a C- for a grading period is not eligible for the honor roll.

ADVERTISING

Pupils, staff members, and school facilities may not be used for advertising or promoting the interest of any non-school organization without the permission of the principal. The school shall not participate in any fund-raising event or campaign for any purpose without the approval of the Fund Raising Committee. Teachers and sponsors may not permit any such campaigns or events within their classrooms or student organizations. Contest and activities sponsored by outside agencies that involve awards or prizes to pupils are not permitted without the approval of the superintendent. Such activities must have educational value for the participants in order to be approved.

ASSEMBLIES

Assemblies are held at various times throughout the school year and are part of the educational program at Westville Middle School/High School. In general, students will report to their classroom prior to assembly programs and be accompanied to the program by their classroom teacher. Seating in the gymnasium will be assigned. All students are required to attend unless excused by the principal. Courteous behavior is expected at all times going to the assembly, during the assembly, and returning to classrooms.

ATTENDANCE

Regular attendance and promptness are essential to successful academic performance in school. Absence from school is often the greatest single cause of poor academic achievement. Students are expected to attend classes every day and be on time in order to benefit fully from the instructional program and to develop habits of punctuality, self-discipline, and responsibility. Since the learning process is a progressive activity, each day's lesson is built upon those class activities, which took place on previous days. Whenever a class is missed, for whatever reason, that learning experience can never be completely made up. Westville Middle School/High School's attendance policy is developed with the idea that if a student is not present in school, he/she is not learning. The attendance regulations are designed to encourage attendance and to promote an "on the job" attitude for students to follow throughout life.

Teachers will keep an official record of attendance for all students in their classes. Records of all student attendance will be kept in the main office on an hourly and daily basis. Students are reminded that they are not to leave campus once they have arrived at school without obtaining a pass from the principal's office. If your child is sent home or goes home from school, it will be up to the nurse's discretion or administration if it is a countable or non-countable day if the following criteria is not met: fever or vomiting at school.

ABSENCE CLASSIFICATIONS

Absences are classified as either countable (excused or non excused) or non-countable (excused or non-excused) toward a six-day absence limit per semester. The following is an explanation:

COUNTABLE ABSENCES – EXCUSED

The following are examples of countable absences that are excused but count toward the student's six-day absence limit. Students are allowed to make up all work missed on these days.

1. Personal illness not verified by a physician's statement.
2. Prearranged absences.
3. Routine doctor, dental, and/or orthodontic appointments.

NON-COUNTABLE ABSENCES – EXCUSED

The following are examples of non-countable absences that are excused and do not count toward the student's six-day absence limit. Students are allowed to make up all work missed on these days.

1. Personal illness verified by a physician's statement that the student is not to attend school.
2. A death in the immediate family (parent, sibling, grandparent).
3. Serving as a page in the State Legislature.
4. Court appointment (other than traffic violations).
5. Working at the polls on Election Day.
6. In-School Suspension.
7. Driver's license examination.
8. College visits. Limit one (1) during junior year and two (2) during senior year.

COUNTABLE ABSENCES – NOT EXCUSED

The following are examples of countable absences that are unexcused and count toward a student's six-day absence limit.

1. Truancy
2. Personal business
3. Vacation

NON-COUNTABLE ABSENCES – NOT EXCUSED

The following is an example of a non-countable absence that is unexcused and does not count toward a student's six-day absence limit. Students are allowed to make up work missed on these days.

1. Out-of-School Suspension

ATTENDANCE NOTIFICATION

Students who accumulate excessive absences during a semester, whether absences are excused/unexcused, counted/non-counted will be referred to the administration with a meeting to be scheduled. Excessive absences for any reason could mean loss of credit. Attendance letters will be mailed home periodically to inform parent/guardians and students of their attendance. When a student reaches five (5) countable absences in a course, parent/guardians will be notified about an impending loss of credit. **If a student has seven (7) or more absences in a class, he/she may be placed in Blackhawk Academy and offered the chance to redeem the credit.** Attendance is reviewed periodically by the administration throughout the semester. Final decisions regarding loss of credit will be rendered at appropriate times. Parent/guardians will be notified relative to decisions concerning attendance reviews.

ABSENCE REGULATIONS

The following are regulations concerning absences:

1. **A parent/guardian must telephone the school in the morning on the day of the absence. Failure to do so will result in the student receiving an unexcused absence.**
2. A note from a parent/guardian giving the reason for the absence must be presented to the attendance secretary the day the student returns to school. Failure to bring a parent's/guardian's note may result in a truancy record.
3. If the absence was due to an illness and a physician was visited, a medical excuse from the doctor's office must be presented to the office upon returning to school verifying the date(s) the student was too ill to attend. **Medically excused absences do not count toward the six-day absence limit.** If the student forgets the note, an additional day will be given to present it. **Physician's notes will not be accepted after a 24-hour period.** Physician's notes that have been altered in any manner will not be accepted, and the student will be subject to disciplinary action.
4. **Routine medical and dental appointments count toward the six-day absence limit.** A student who has an appointment should bring a note from a parent/guardian verifying the appointment and the time the student is to leave school. The student will be given a pass that allows him/her to leave class at the designated time. Upon his/her return, the student must sign back in. **A note from the physician's or dentist's office verifying the time to be excused must be presented to the office. Only the time the student was at the appointment and appropriate travel time will be excused.**
5. In an emergency, a parent/guardian should contact the principal in order to release a student from school.
6. **Absences due to vacations and personal business are unexcused and are counted toward the six-day absence limit.**
7. Students will be excused for the time necessary to take a driver's license examination.
8. Absences for college visits, job shadowing, and other approved matters may be handled through a pre-arranged absence form. Students must see the attendance secretary for a form, have it signed by a parent/guardian and all teachers, and return it to the office prior to the absence. The absence(s) will count toward the six-day absence limit, except one (1) non-countable college visit day for juniors, and two (2) non-countable college visit days for seniors. College Day forms must be completed two days in advance.
9. **Deaths in the immediate family** (parent, sibling, grandparent) are excused and do not count toward the six-day absence limit.
10. **It is the responsibility of the student to know the number of absences he/she has accumulated each semester in each class.**
11. Students must be in attendance no later than the beginning of third period and remain for the remainder of the school day in order to be eligible to participate in or attend any after-school or evening function. Violations of this policy will be subject to disciplinary action.
12. Students with an unexcused absence on Friday may not be eligible to attend school functions on the

weekends.

HOMEBOUND INSTRUCTION

Students and parents are reminded that Westville Middle School/High School stresses the need for students to physically be in the school environment, especially lab-oriented classes, as much as possible. However, if students develop a physical or emotional illness that has been verified by a physician and that will extend a minimum of six (6) consecutive weeks, a request for homebound instruction may be made. Because students are not attending regular classes during homebound instruction, it is suggested that this option be considered only after all other alternatives have been exhausted. The process for requesting homebound instruction is as follows:

1. Parent/guardians should make a written request for homebound instruction from the principal, who will consult with the parent/guardian regarding this process.
2. The principal, after receiving the completed paperwork, will recommend the best homebound alternative(s) to meet the student's needs, which may include homebound tutoring or independent homework assignments.

MAKE-UP WORK DUE TO ABSENCES

It is virtually impossible to make up class time lost due to absences. When a student is absent, it is his/her responsibility to contact the teacher(s) to obtain make-up work. Parent requests for homework due to illness will be honored when a student is absent two or more consecutive days. **For each day absent, the student will have one day in which to complete assigned work. Example: if a student is absent Monday and returns to school Tuesday, the work is due Wednesday.** Students are encouraged to turn in make-up work on a daily basis and not as a complete package at the end of the make-up period. All make-up work must be completed to the satisfaction of the teacher. **In addition, homework, tests, quizzes, or other projects that were scheduled for the first day of a student's absence are expected to be completed the day a student returns. All test make-ups will be before or after school. Exceptions can be made for dual credit courses. Final exams are the responsibility of the student and teacher to schedule.**

Students who request prearranged absences, such as a college visitation day, are expected to present all make-up work and take tests or quizzes the day they return to school. Students who sign out of school during the day are expected to be prepared for the classes they missed upon their return. For example, a student signing out and missing a test during second period should be prepared to take the test the day he/she returns.

PARENTAL JURISDICTION

A student who is 18 years old is not, merely by virtue of age, free from parent/guardian control or responsibility. As an example, parental contact is required in matters regarding attendance problems, unless proof of emancipation has been filed with the principal.

PARENTAL RIGHT TO INSPECT INSTRUCTIONAL MATERIALS

The parent/guardian of a child enrolled at Westville Middle School/High School shall be entitled to inspect any instructional materials that will be used in connection with a survey, a personal analysis, or an evaluation that is not a direct part of academic instruction. Instructional materials include teachers' manuals, student textbooks, films, video materials, or tapes. Any complaints arising under this policy may be submitted in accordance with the policy for parental (public) complaints.

SIGN IN/SIGN-OUT PROCEDURE

The sign in/sign out register is located in the office. Students leaving the building after they have arrived at school, or entering the building after 8:05 a.m., are required to sign in and/or out. Students who do not sign in and/or out will be considered truant for the time they are absent from school. Consent of a parent/guardian must be confirmed in advance of a student leaving the building.

STUDENT WITHDRAWAL AND TRANSFER

Students who wish to withdraw from school or transfer to another school must notify the guidance office. A withdrawal form must be completed and signed by each teacher before the withdrawal can be processed. In addition, all books and other school property must be returned. No records can be forwarded unless the form is filled out completely and accurately, along with a signed statement from the parent/guardian of students under the age of 18. All students withdrawing from Westville Middle School/High School are required to attend an exit interview with the principal prior to the completion of the withdrawal process. A student who withdraws from school for a reason other than financial hardship may not be issued a driver's permit or license until the age of 18. The determination of the reason for withdrawal will be made during the exit interview. A student who wishes to return to school after dropping out will not be admitted until approval is granted by the principal.

CHANGE OF ADDRESS

In order to assure that proper enrollment procedures are followed and for the school to communicate effectively with parents, especially in case of an emergency should arise, it is important that student records are current. Therefore, corrections to a student's name, address, telephone number, and emergency contact person should be reported to the office as soon as possible.

DAILY ANNOUNCEMENTS

It is the responsibility of each student to know the contents of the announcements each day. Daily announcements will be given over the P.A. system each day. Copies also will be available in the office. To have announcements included, teachers or sponsors may obtain an announcement form in the office. Announcements should be concise, signed by the teacher or sponsor, and turned in by 3:00 p.m. the day before the announcement is to be given. Only urgent announcements will be read at the end of the day.

DISCIPLINE

The fundamental purpose of Westville Middle School/High School is to provide educational opportunities for all students. Discipline is one of the most important lessons taught in education because it underlies the whole educational structure. Although discipline is not part of the formal curriculum, it is essential to the educational process through its development of self-control, character, orderliness, and efficiency. A cooperative team effort between the home and school is needed to maintain a positive learning environment. Discipline is the key to good student conduct and to the proper consideration of other people.

It is every student's responsibility to assist in maintaining an environment that allows maximum opportunity for learning. Students are expected to behave in a manner that does not interfere with the rights, freedoms, privileges, and safety of other students or staff members on school property, or at any school sponsored activity. The behavior of students should reflect standards of good citizenship.

The paramount emphasis on citizenship at Westville Middle School/High School is the development of pride and respect, pride in yourself, your accomplishments, your school, your country, and your family, and respect for the property, feelings, opinions, and rights of others. Schools are primarily judged on the basis of its student citizenship.

When students act in a respectful manner and take pride in the appearance of the building, the reputation of the school is overwhelmingly positive. To this end, and to promote an atmosphere most conducive to learning, all students are expected to conduct themselves in an orderly and responsible manner, and adhere to acceptable standards of courtesy, decency, and morality. **Students will be held strictly responsible and accountable for their actions.**

Students who violate school rules or jeopardize the educational atmosphere will be disciplined. In addition, according to Indiana Code 9-24-2-1, students under the age of 18 who have received at least a second school suspension, have been expelled from school, or have withdrawn from school in order to avoid those types of punishment, may be referred to the Bureau of Motor Vehicles for denial or invalidation of a learner's permit or driver's license.

Students' disciplinary files will be maintained throughout their career at Westville Middle School/High School.

However, the discipline file does not become part of their permanent record, except in the case of a student who has been expelled.

All disciplinary action, except that which is specifically intended for a semester basis (i.e. tardies, attendance, etc.), accumulates over the entire school year.

BULLYING

Bullying committed by students toward other students is strictly prohibited. Engaging in bullying conduct described in this rule by use of data or computer software that is accessed through any computer, any computer system, or any computer network is also prohibited.

What is Bullying?

“Bullying” (per IC 20-33-8-2) means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors, that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other targeted student and create for the targeted student an objectively hostile school environment that:

- (1) places the targeted student in reasonable fear of harm to the targeted student’s person or property;
- (2) has a substantially detrimental effect on the targeted student’s physical or mental health;
- (3) has the effect of substantially interfering with the targeted student’s academic performance; or
- (4) has the effect of substantially interfering with the targeted student’s ability to participate in or benefit from the services, activities, and privileges provided by the school.

Bullying fosters a climate of fear and disrespect that can seriously impair the physical and psychological health of its victims and create conditions that negatively affect learning. Bullying includes unwanted, aggressive behavior that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. The imbalance of power involves the use of physical strength, or popularity to access embarrassing information to control or harm others. Bullying can occur anywhere (in-school or outside of school) and at any time – both during and after school hours. Bullying can include **physical bullying**, **verbal bullying**, **social/relational bullying**, and **electronic/written communication**.

Physical bullying involves hurting a person’s body or possessions. It includes hitting/kicking/punching, spitting, tripping or pushing, taking or breaking someone’s things, and making mean or rude hand gestures.

Verbal bullying involves saying mean things. It can include teasing, name-calling, inappropriate sexual comments, taunting, or threatening to cause harm.

Social/relational bullying involves hurting someone’s reputation or relationships. Social bullying involves telling other children not to be friends with someone, leaving someone out on purpose, spreading rumors about someone, or embarrassing someone in public.

Electronic/written communication involves cyber-bullying, collective or group note writing, any bullying undertaken through the use of electronic devices (computer, cell phones).

Considerations in determining if the behavior meets the definition of bullying:

The history between the individuals. Have there been past conflicts? Have these individuals had a dating relationship? (This may not be considered bullying)

Power differential. Is there an imbalance of power? (Power imbalance is not limited to physical strength.)

Repetition. Has this or a similar incident happened before? Is the individual worried that it may happen again?

Are any of the individuals involved with a gang? (This may result in interventions different from bullying.)

ELECTRONIC DEVICES

Students may bring electronic devices to school but they should be turned off or on silent and remain that way throughout the school day except for the following:

- 1) Students may bring and use electronic devices in classes where they have been directed to do so by their teacher(s) and it is for educational purposes.
- 2) Students may use their cell phones/electronic devices during their lunch period and passing period.
- 3) If a student’s phone goes off more than once during one class period each semester, student may be subject to discipline (student is given warning for first offense).
- 4) No phone calls should be made on cell phones during school hours. Students should ask permission to use the office phones for any phone calls and these should be limited to emergencies only.

Violators should expect to have their electronic devices confiscated. Refusal to surrender cell phones or electronic devices to any staff member will constitute insubordination, which may result in further discipline. The school is not responsible and will not investigate reports of any electronic device that is lost or stolen.

Important Notice to Students and Parents Regarding Cell Phone Content and Display

The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever a reason to believe that any person/student is involved with "child exploitation" or "child pornography" as defined by Indiana Criminal Status exists.

It is "child exploitation," a Class C felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph, or create a digitalized image of any incident that includes "sexual conduct" by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes "sexual conduct" by a child under the age of 18.

It is "child pornography," a Class D felony under I.C. 35-42-4-4(c), for any person/student to possess a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes "sexual conduct" by a child who the person knows is less than 16 years of age or who appears less than age 16.

"Sexual conduct" is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.

The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.

Because student cell phones have been found in a number of Indiana school districts to have contained evidence of "sexual conduct" as defined above, parents and students must be aware of the legal consequences should this occur in our school system.

CLASS OFFICERS

High School class officers will be elected each year to represent their respective classes. They are expected to set good examples and be role models for those they represent. Any conduct by class officers unbecoming their elected positions may cause them to be removed from office at the discretion of the Principal or Superintendent.

CONSPIRACY POLICY

Students will be subject to disciplinary action if they are aiding, assisting, or conspiring with another person to violate school student conduct rules, state, and/or federal law.

DETENTION

A teacher may assign one or more detentions upon parent/guardian notification for infractions of classroom rules. Students serving detention for a teacher are expected to have sufficient schoolwork to do. Students who fail to serve a teacher's detention will be assigned progressive discipline.

DISPLAYS OF AFFECTION

Overt displays of affection are not appropriate school behavior in the building, on school grounds, or at any school-related activity and will not be condoned.

DISRUPTIVE AND DANGEROUS ITEMS

Students are not to bring any items to school that may cause a disturbance to the learning environment or create a safety hazard to themselves or others. Therefore, water guns, water balloons, laser pointers, smoke bombs, stink bombs, skateboards, roller blades, legal or illegal fireworks, or similar disruptive items are not to be used either inside or outside the building. At no time and under no circumstances are students to have weapons or any dangerous instruments in their possession, in their lockers, or on school property. **Confiscated items will not be returned to their owner.** Appropriate disciplinary action may follow.

DRESS AND APPEARANCE

School authorities reserve the right to set standards of appearance pertaining to the school setting. Students are expected to keep themselves properly groomed and neatly dressed at all times during the school day and at all school-sponsored functions, including athletic contests, dances, concerts, award programs, Friday Class, etc. An individual's appearance has an influence on how he/she acts and how others react. Neatness and cleanliness reflect an expression of pride in one's self, in one's school, and in one's community. Dress should be neat, clean, in good taste, and appropriate for the learning environment. **Any form of dress, which is considered contrary to good hygiene, safety requirements, or is disruptive to the purpose of Westville Middle School/High School will not be permitted.**

This list is not intended to be all-inclusive:

1. No clothing expressing drugs, alcohol, tobacco, sex, cults, or gangs will be allowed.
2. No skirts, dresses, shorts, or cut-offs will be allowed shorter than **mid-thigh in length**.
3. Underwear is to be covered at all times.
4. Bare midriffs are not allowed.
5. No tank tops, tube tops, halter tops, camisoles, or spaghetti straps.
6. Cleavage is to be covered.
7. Ragged or tattered jeans showing excessive skin are not allowed.
8. No caps, hats, bandannas, and hoods are to be worn on your head.
9. Metal items on clothing that may damage furniture will not be allowed.
10. Sunglasses are not to be worn in the building.
11. Pajama pants, house slippers, and blankets are not allowed.
12. Spandex clothing may be permitted if worn with a top that meets the skirt length requirement.

Students who dress inappropriately may be restricted from attending class or participating in a school-sponsored activity and/or be subject to disciplinary measures.

EXPULSION

Expulsion is disciplinary action whereby a student is suspended from school attendance for longer than ten (10) days. Expulsion means loss of credit and failing grades recorded on the student's transcript. In accordance with the due process procedures outlined in this policy, a student may be expelled from school for the remainder of the current semester, the next semester, or the remainder of the school year. When the principal recommends to the superintendent that a student be expelled from school, the following procedures will be followed:

1. The superintendent may conduct an expulsion meeting or appoint one (1) of the following persons to conduct the expulsion meeting:
 - a. county attendance officer;
 - b. legal counsel;
 - c. a member of the administrative or guidance staff who did not expel the student during the current school year, and was not involved in the events giving rise to the expulsion.
2. An expulsion may not take place until the student and his/her parent/guardian are given notice of their right to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student or his/her parent/guardian to request or to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion.
3. The request to appear at the expulsion meeting must be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting an expulsion meeting.
4. At the expulsion meeting, the principal (or designee) will present evidence to support the charges against the student. The student or parent/guardian will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and his/her parent/guardian.

FOOD AND BEVERAGES

The consumption of food and beverages is restricted to the cafeteria. No food or beverages, unless approved by the teacher, are allowed in classrooms at any time.

JURISDICTION

All administrators, teachers, secretaries, custodians, cafeteria workers, bus drivers, and other staff members of Westville Middle School/High School have the authority and the responsibility to enforce the policies of the school. **Refusal on the part of students to respect this authority both during the school day and at any school-related activity shall be considered as insubordinate conduct and dealt with accordingly.**

LOITERING

Being out of the classroom during class time is something which is to be avoided. While out of the classroom with a pass, a student should be conducting only the business that he/she was given permission to accomplish. If a student is not in his/her assigned area, he/she will be considered loitering and will be assigned to

Friday Class. In addition, students who leave campus after they have arrived at school in the morning will be considered truant. **Students should not be in the building after 2:55 p.m. unless under the direct supervision of a staff member.**

STUDENT CIVILITY

Civility, self-restraint, and respect for one's own peers are lessons to be both taught and learned as part of a properly structured education.

Uncivil conduct, foul language, and disrespectful behavior toward students, staff members, and other persons are not acceptable and will be subject to disciplinary measures.

Uncivil conduct includes such things as name calling, racial or sexual harassment, bullying, threats or "fighting words" that are intended to arouse anger or hostility, and lewd vulgar and indecent expressions of any kind.

TARDINESS

Promptness to class is extremely important. A student is tardy when he/she is not inside the classroom when class is scheduled to begin. Any student who is more than twenty (20) minutes late to class shall be considered absent from that class and will be reported to the office. Students who arrive at school after 8:15 a.m. must sign in at the office before they will be admitted to their first period class. If a student is tardy to a class, the following penalties per semester will be assigned:

<u>Tardy Number</u>	<u>Teacher Action</u>	<u>Administrative Action</u>
1st per class	Records tardy and informs student of the tardy.	None
2nd per class	Records tardy and informs student of the tardy.	None
3rd per class	Records tardy and informs student and parent of the tardy.	None
4th per class	Records tardy and informs student of the tardy.	Principal/designee notifies student of one (1) lunch detention. Parent/Guardian notified.
5th per class	Records tardy and informs student of the tardy.	Principal/designee notifies student of one (1) Friday night class. Parent/guardian notified.
6th per class	Records tardy and informs student of the tardy.	Principal/designee notifies student of one (1) Friday night class. Parent/guardian notified.
7th per class	Records tardy and informs student of the tardy.	Recorded as one (1) unexcused absence.
8th per class	Referred to principal/designee.	Principal/designee will determine punishment following parent conference.

TRUANCY

Truancy refers to a student being somewhere on school property without the knowledge or authorization of school personnel or being absent from school for an invalid reason. Truancy will result in the following progressive discipline:

- 1st Truancy - One Friday night class (truant in one period or less).
- 2nd Truancy - Three (3) day In-School Suspension assigned (truant in more than one period).
- 3rd Truancy - Five (5) day In-School Suspension assigned and referral made to Bureau of Motor Vehicles.
- 4th Truancy - Ten (10) day Out-of-School Suspension assigned with a recommendation to the superintendent for expulsion proceedings.

Students who are determined to be habitual truants will be referred to the Bureau of Motor Vehicles for denial or invalidation of a learner's permit or driver's license. A habitual truant is defined as student who is chronically absent, by having unexcused absences from school for more than ten (10) days of school in one (1) school year.

USE OF COMPUTERS

The use of computers in the Westville Schools is a privilege. Misuse of technology equipment or computer applications will result in harsh penalties. Firewalls can only do so much to keep students from reaching inappropriate web sites. Making threats or inappropriate use of e-mail, or seeking pornographic web sites will not be tolerated. Network "chatting" is prohibited.

STUDENT NETWORK AND INTERNET ACCEPTABLE USE POLICY

The M.S.D. of New Durham Township is pleased to offer all students' access to the school's computer network and Internet. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This computer technology will help propel our school through the communication age by allowing students and staff to access and use resources from distant computers, communicate and collaborate with other individuals and groups around the world, and significantly expand their available information base. The Internet is a tool for life-long learning.

Parents/guardians and students however should be aware that even with the use of "firewalls" some materials accessible via the Internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. In addition, it is possible to purchase certain goods and services via the Internet that could result in unwanted financial obligations for which a student's parent or guardian would be liable.

While the M.S.D. of New Durham Township's intent is to make the Internet secure, students may find ways to access other objectionable materials. Even if the district institutes technical methods or other systems to regulate students' Internet access, these methods cannot guarantee compliance with the district's acceptable use policy. The district believes that the benefits to students of access to the Internet exceed any disadvantages.

Terms and Conditions for Acceptable Usage:

The school board, to help ensure proper use of the Internet and all other aspects of the school's computer network as an educational resource has adopted the following terms and conditions for acceptable use of the school's computer network. This list of terms and conditions is not "all inclusive." Interpretation, application, and modification of this acceptable use policy are within the sole discretion of M.S.D. of New Durham Township School Corporation. Any questions or issues regarding this policy should be directed to the superintendent of the M.S.D. of New Durham Township School Corporation.

- The use of the Westville School computer network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges as well as other disciplinary or legal action. Building administrators will deem what is inappropriate use and their decision is final.
- Students and staff must follow the Internet-access procedures, as defined by the classroom teacher.
- All use of the school's computer network must be in support of education and research and be consistent with the mission of the educational objectives of the M.S.D. of New Durham Township School Corporation.
- The use of the Internet resources may not be used in violation of any U.S., state or local regulation.
- The Internet resources may not be used to upload, download, or distribute pornographic, obscene, sexually explicit, racist, or threatening material.
- The unauthorized installation, use, storage or distribution of copyrighted software and/or materials on district computers is prohibited.
- The school's network is not for private or commercial business use, political or religious purposes.
- The school's network and the messages transmitted and documents created on it are the property of the M.S.D. of New Durham Township School Corporation and are not to be considered private. Network supervision and maintenance will require review and inspection of directories or messages.
- Students are not allowed to subscribe to list servers or news groups, have e-mail accounts, or use chat programs unless these services are a requirement of the classroom curriculum.

Violations & Vandalism Guidelines

Violations of the acceptable use policy terms and conditions will result in loss of access as well as other disciplinary or legal action. These violations include (but are not limited to) the following:

- Viewing, sending, or displaying offensive messages or pictures
- Using obscene language
- Harassing, insulting or attacking others
- Damaging computers, computer systems or computer networks

- Violating copyright laws
- Using another's password or another's stored files
- Trespassing in another's folders, work or files
- Intentionally wasting limited resources-
- Employing the network for commercial purposes
- Breaking security by sharing your password with others

Vandalism is defined as any malicious attempt to harm equipment or destroy or alter data of another user, the school's computer network, or any other network or computer system. This includes, but is not limited to, the uploading or creation of computer viruses. Vandalism will result in loss of access and disciplinary action as determined by the building principal.

Security Guidelines

- System accounts are to be used only by the authorized owner of the account. Students are NOT to share their password or account with anyone. Account owners are responsible for all activity under their account. Students are NOT to leave an open file or session unattended or unsupervised, and are to follow log out procedures to end a session.
- Network storage areas are to be treated like school lockers and are the property of the M.S.D. of New Durham Township School Corporation.
- Users shall not gain or seek information, obtain copies of, or modify files or passwords or use any other means, to gain unauthorized access to district systems and information.

Personal Security Guidelines

- Users should never reveal personal information, their own or others, such as home addresses and telephone numbers.
- Users should never meet people in person that they have contacted on the system without parent/guardian permission.
- Users are required to notify their teacher, whenever they come across information or messages that are dangerous, inappropriate, or make them feel uncomfortable.

Liability

The M.S.D. of New Durham Township School Corporation and its employees shall not be liable for a user's inappropriate use of electronic resources or violations of copyright restrictions, users' mistakes or negligence, or unauthorized financial obligations incurred by users. Individual users of the district computer networks are responsible for his/her behavior and communications over those networks.

EMERGENCY SCHOOL CLOSING

Westville students can tune into a number of media sources for school cancellations, including radio stations WLOI (1540 AM) and WCOE (96.7 FM) LaPorte; WEFM (95.9 FM) Michigan City; and WAKE (1500AM) and Indiana 105 (105.5FM) Valparaiso. TV stations carrying announcements will be WNDU 16 and WSBT 22 in South Bend. Alert Now phone messages and emails will be sent as soon as possible. Announcements will normally be made by 6:00 a.m. in the event of an early dismissal; school officials will try to broadcast an announcement one hour before dismissal.

HALL PASSES

Class time is essential. Students are not to be in hallways or restrooms during class periods unless they have proper authorization. Permission will not be granted except in cases of emergency or for the purpose of instructional activities assigned by a teacher. Students are expected to be courteous at all times when walking in the halls and should refrain from running and shouting. Any student found without their agenda book or other approved pass, in a location other than that specified, or off the most direct route to their destination, may be subject to disciplinary action.

LIBRARY

The library is open from 7:45 a.m. to 3:00 p.m. All students are encouraged to use the library as much as possible. The library is a place for students to do reference work, complete school assignments requiring library materials, and engage in recreational reading. To make profitable use of the library requires a quiet atmosphere. Library personnel are available to assist students in any manner they can.

No books or reference materials are to be taken from the library without being checked out. Students are

responsible for all materials checked out in their name. Lost or late materials will be subject to a fine. Students who demonstrate irresponsibility in the prompt return of materials or payment of fines may have their library borrowing privileges temporarily suspended.

LOCKERS

Each student will be assigned a hall locker, free of charge, for the purpose of storing books, school supplies, coats, hats, backpacks, and other necessary items. Jackets, coats, sunglasses, backpacks, and headwear are to be locked in lockers and not worn in the building at any time. **Students are to use the lockers assigned to them and are not to share it with another student.** Students are expected to keep their lockers clean, neatly arranged, and locked. School personnel may hold periodic inspections of lockers and any illegal or inappropriate material will be confiscated and proper charges filed as necessary.

Lockers are the property of the school, not the student assigned. Since each locker has its own combination lock, no padlocks are to be placed on them by the student. Students are not to leave valuables in their lockers at any time. The school cannot accept responsibility for any lost or stolen articles. Damaging or defacing a locker is a violation of the student code of conduct. If a student has a damaged or broken locker, he/she should report it to the office as soon as possible. The administration has the legal right to inspect lockers, without notification, whenever it is deemed necessary.

LUNCH/BREAKFAST POLICY

Westville Middle School/High School has a comprehensive food service program. The school lunch program in the cafeteria serves complete lunches as well as a-la-carte selections. Students are also permitted to bring their lunch from home and to purchase beverages and incidental items.

Westville Schools use a system in which money is paid into each student's cafeteria account. Cafeteria checks should be submitted separately from other school-related checks. The students nine (9) digit number must be used each time a student purchases items from the cafeteria. **The cafeteria does NOT have a charge program.** Cafeteria workers will be by the concession stand on Mondays only to allow students to put money into their accounts. Students may bring money any other day but it must be taken to the cafeteria before school. Students may pay daily in the lunch line, but may not take a check or cash for more than one day.

When going to lunch, students are expected to walk in a safe manner and not crowd in line. **All food items are to be consumed in the cafeteria.** Student behavior in the cafeteria should be based on courtesy and cleanliness. Any student who participates in a food fight will be suspended from school. All students eating at school are expected to properly dispose of their refuse in the receptacles provided. Students are to remain in the cafeteria during their entire lunch period. Students are not allowed to leave school during lunch or be in the parking lot. **Also, students are not permitted to have food catered to the school.**

A free breakfast/lunch program is available to eligible Westville Middle School/High School students. The criteria for free breakfast/lunch is determined by the state of Indiana.

A reduced breakfast/lunch program is available to eligible Westville Middle School/High School students. Application forms, including federal income guidelines, may be obtained in the office. Acceptance in this program also alters the cost of book rental. Further information may be obtained from the school treasurer.

NON-CUSTODIAL PARENTS

A non-custodial parent, unless restricted by a court order, will be given access to all student report cards, progress reports, student records, and disciplinary actions. Such parents will also be allowed to participate in conferences, classroom visitations, open houses, and all other school activities.

The non-custodial parent may not visit with his/her youngster during the school day, nor may the student be released to the non-custodial parent, unless written permission has been given by the custodial parent.

A certified copy of a court order restricting the rights of the non-custodial parent shall be provided to the principal, should a custodial parent wish to prohibit the distribution of information to, or the school visitation of, the non-custodial parent.

POSTERS

All posters, flyers, and notices placed in the school must have administrative approval. Such items are to be removed the day following their obsolescence. A maximum of ten (10) identical items may be posted, and **ONLY** masking tape may be used to secure items. Posters placed without prior approval will be removed. Notices promoting private profit-making organizations are prohibited.

SAFETY AND HEALTH

One of the most important responsibilities of a school organization is to provide a safe and healthy environment for all students and staff members. The primary purpose of the health and safety program at Westville Middle School/High School is to promote and protect the welfare of its students and staff members.

ACCIDENT REPORTS

Any student who has an accident in school must report it to his/her teacher if the accident occurs in the classroom. If an accident occurs at any other time of the school day, it should be reported to the nurse's office. A report will be taken and first aid will be administered. Students who carry insurance through the school insurance vendor may pick up an insurance form in the office.

BOMB THREATS

School personnel work closely with law enforcement agencies regarding bomb threats and the safety and well-being of students and staff. Making a false bomb threat is a federal offense punishable under United States Code 18-844e, with a penalty of up to ten years in prison, \$250,000 fine, or both. This penalty also applies to juvenile offenders.

EARTHQUAKE INSTRUCTIONS

Students should become familiar with the emergency plans for the rooms that they use. The safe areas in each room are under sturdy tables, desks, or against inside walls. The unsafe areas in rooms are mirrors, hanging objects, and tall, unsecured furniture. If indoors, stay in the room, get under a desk or table, or stand in a corner. If outdoors, get into an open area away from trees, buildings, walls, and power lines. No alarm will sound; there is no warning for an earthquake.

FIRE ALARMS AND EXTINGUISHERS

If a student witnesses a fire in the building, he/she should pull the nearest fire alarm immediately, and report it to the nearest staff member. Pulling a fire alarm, however, should be done only when a legitimate need arises. A very serious violation of both school policy and state law occurs when false fire alarms are pulled. The same also holds true when fire extinguishers are misused or abused.

FIRE DRILLS

Fire drills are signaled by loud beeping from the fire horn. All students and staff members must leave the building immediately and completely clear the walks leading from the building. Students shall be directed by their teacher to the appropriate exit. All doors and windows should be closed. When evacuating, students should walk rapidly in a calm, quiet, and orderly manner. If students reach a blocked exit, they should reverse direction and raise their hands above their heads to warn others to use another exit. Teachers are to remain with their class and take roll immediately upon evacuation. Any missing students should be reported to a public safety official or school administrator. The all-clear-for-safe-return signal will be one (1) continuous ring from the bell or a P.A. announcement. It is the responsibility of each student to cooperate fully whenever a fire alarm sounds. Failure to exit the building in a prompt, safe, and prescribed manner may result in disciplinary action.

ILLNESS/INJURY

Students who become ill or are injured while at school should report to the nurse's office for medical attention and permission to leave the building, if necessary. All students who are ill or injured, but not in need of emergency care, should have their agenda/student code of conduct book signed by the teacher to go to the office for a nurse pass. Students who are too ill to return to class will be sent home only after a parent/guardian or other responsible adult has been contacted. If a student requires emergency care, his/her parent/guardian will be contacted to determine appropriate action. Students will not be allowed to leave school without parental permission. In all cases, students must report to the nurse before they leave school. Failure to do so will result in an unexcused absence for all classes missed.

MEDICATION

By law, school personnel cannot dispense any drugs, including aspirin and other non-prescription drugs, without written permission from a parent/guardian. If a prescription drug needs to be taken, a doctor's written prescription or the prescription bottle itself with a parental note must be presented. In all instances, medication, whether prescription or non-prescription, must be furnished by the individual needing the medication in the original container. **Students are not allowed to have any type of drug or medication, whether prescription or non-prescription, in their lockers or on their person.** When medications are necessary, they must be kept with the school nurse.

PERSONAL SEARCH

Students have the right to be safe and secure and to pursue their education in a safe and disciplined environment. In order to ensure the security of the school and the safety of students and staff members, objects

in the possession of students, such as a coat, jacket, purse, briefcase, backpack, or gym bag, will be subject to random administrative inspections, including those done with metal detectors. Refusal to cooperate with a reasonable request for such administrative inspection may result in disciplinary action.

TORNADO DRILLS

Students should become familiar with the tornado emergency plans for the rooms they use. When the tornado alert sounds, which is an intermittent beep over the intercom system, all windows and classroom doors should be open. Students should walk to their assigned areas, kneel facing inner walls, and cover their heads with their arms. Students should stay away from entrances and interior doors. If an alert is sounded when students are loading buses, they should return to the building and seek shelter.

PESTICIDE NOTICE

The Metropolitan School District of New Durham Township hires Hatfield Pest Control, LaPorte, Indiana, to handle the pest control for all our facilities. Hatfield services our school the first Thursday of every month. They arrive at school after 3:00 p.m. (all students are dismissed by 2:55 p.m.) to provide their service. They use a modified integrated pest management program which means very little spraying is used; more baits are used – not visible to students or faculty. All chemicals used by Hatfield are approved by the state of Indiana. If additional information is needed, please contact Mr. Greg Campbell (owner) at 219-362-7444 or 800-606-2555.

STUDENT ACTIVITIES

All students are strongly encouraged to actively participate in school activities. Such participation enables students to develop leadership qualities, make friends, learn new leisure time activities, pursue special interests, or simply have fun.

Students should have parental permission to participate in a school activity. In the case of interscholastic athletics, physical examinations and medical insurance waivers are also required. All participating students in all school-sponsored activities must be transported to and from the activity on the transportation provided by the school unless their parent/guardian has been granted a waiver.

Because so many of our students are involved in multiple extra-curricular activities, conflicts are bound to happen. Activity sponsors are to work things out so the student is not caught in the middle or penalized. If the sponsors cannot reach a decision, the principal/designee will.

EXTRA-CURRICULAR ACTIVITIES PARTICIPANT AND STUDENT DRIVER DRUG TESTING

A Statement of Need and Purpose

A program of deterrence will be instituted as a proactive approach to drug free schools. Through driving or participation in extra-curricular activities, students using illegal drugs pose a threat to their own health and safety, as well as to that of other students. The purpose of this program is three fold: (1) to provide for the health and safety of students; (2) to undermine the effects of peer pressure by providing a legitimate reason for students to refuse to use illegal drugs; and (3) to encourage students who use drugs to participate in drug treatment programs. Students involved in extra-curricular activities need to be exemplary in the eyes of the community and other students. It is further the purpose of this program to prevent students from driving to and from school or participating in extra-curricular activities while he/she has drug residues in his/her body, and it is the purpose of this program to educate, help, and direct students away from drug and alcohol abuse and toward a healthy and drug free lifestyle. The program is designed to create a safe, drug free environment for students and assist them in getting help when needed.

The MSD of New Durham Township has a strong commitment to the health, safety, and welfare of its students and to maintaining the extra-curricular activities in the MSD of New Durham Township as a safe and secure educational environment.

Introduction

The effective date of this program is August 3, 2015. This program does not affect the current policies, practices, or rights of the MSD of New Durham Township with regards to drug and/or alcohol possession or use, where reasonable suspicion is obtained by means other than drug testing through this policy. The MSD of New Durham Township reserves the right to search any student who exhibits cause for reasonable suspicion of drug and/or alcohol usage. The search may also include the student's locker, belongings, and vehicle.

Scope

Participation in extra-curricular activities is a privilege. This policy applies to all MSD of New Durham Township students in grades 7-12 who wish to participate in extra-curricular activities that are listed below:

- A. Athletics (participants include, but are not limited to, athletes, cheerleaders, managers, and other athletic student personnel)
- B. Music (participants include, but are not limited to, performing band members, performing choir members, and participants in small group ensembles)
- C. Academic Teams
- D. Drama
- E. Any club or school group which has a paid sponsor

This policy also applies to:

- A. Any student who wishes to drive to school, from school, or during school
- B. Any student who volunteers to be a part of the random drug testing pool

Consent Form

It is mandatory that each student in the above stated categories sign and return the consent form prior to participation in such activities. Failure to comply will result in nonparticipation and/or no issuance of a student driving permit.

Each student shall be provided with a consent form which shall be dated and signed by the student and by the parent/guardian. In so doing, the student agrees to participate in the random drug testing program at MSD of New Durham Township and the student's parent/guardian consent to his or her child participating in the random drug testing program.

Non-Punitive Nature of Policy

No student will be penalized academically for testing positive for illegal drugs or banned substances as a result of being randomly tested. The results of drug tests pursuant to this policy will not be documented in any student's academic records. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the Board will not solicit. This random drug testing policy does not negate the reasonable suspicion drug testing policy.

Banned Substances

For the purposes of this policy, the following substances or their metabolites that can be tested for are considered illicit or banned for extra-curricular participants and student drivers.

- A. Alcohol
- B. Barbiturates
- C. LSD
- D. Methaqualone
- E. Phencyclidine
- F. Amphetamines
- G. Benzodiazepines
- H. Marijuana metabolites
- I. Propoxyphene
- J. Anabolic Steroids
- K. Cocaine metabolites
- L. Methadone
- M. Opiates
- N. Vapor cigarettes
- O. Other specified drugs

Testing Procedures

- A. At the beginning of each selection date, school year, or sports season, all students wishing to participate in extra-curricular activities may be subject to an oral swab. Up to ten percent (10%) of eligible students will be randomly tested up to a weekly basis anytime during the school year. Students who refuse to submit to an oral swab drug testing will not be allowed to practice or participate in designated extra-curricular school activities or to drive until the following school year.
- B. Each student will be assigned a number that will be placed in the drawing by the principal/designee, and

numbers will be drawn by the laboratory from a pool of those agreeing to be tested. Testing may occur on any day, Monday through Saturday, and selections will be made from time to time throughout the school year.

- C. No student will be given advance notice or early warning of the testing. In addition, a strict chain of custody will be enforced to eliminate invalid tests or outside influences.
- D. Upon being selected for an oral swab test under this policy, either by random draw, request of parent/guardian, or a "follow-up" test, a student will be required to complete an oral swab according to the proper protocol and policy of the laboratory conducting the analysis.
- E. The specimen will then be turned over to the testing laboratory, and will be tested for alcohol and "street drugs" (which may include all drugs listed as controlled substances under the laws of the State of Indiana). Also "performance enhancing" drugs such as steroids may be tested.
- F. If it is proven that tampering or cheating has occurred during the collection, the student will become ineligible for all the extra-curricular activities for the remainder of the school year. This will be reported to the parent/guardian.
- G. The laboratory selected must follow the standards set by the Department of Health and Human Services. It must be certified under the auspices of the Clinical Laboratory Improvement Act (CLIA) and the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

Collection of specimens, chain of custody

The superintendent will establish guidelines to set up the collection environment, guarantee the validity of specimens, and supervise the chain of custody.

Test Results

- A. This program seeks to provide needed help for the students who have a verified positive test. The student's and other students' health, welfare, and safety will be the reason for preventing students from participation in the extra-curricular activities and restrict him/her from driving to or from school.
- B. The principal/designee will receive a laboratory report for negative results or a verified MRO report for positive results for each test conducted. The student and his parent/guardian will be notified by the MRO where they will be given an opportunity to present documentation of a prescription for the positive substance. The MRO will contact the prescribing physician verify the prescription.
- C. If the test is verified positive, the principal/designee will meet with the student and his/her parent/guardian at an MSD of New Durham Township facility. The student and parent/guardian will be given the names of counseling and assistance agencies that the family may want to contact for help.
 - A student involved in athletics who tests positive will be subject to the disciplinary consequences outline in the athletic handbook.
 - A student involved in extra-curricular activities will be subject to a thirty (30) calendar day suspension. Suspensions that are not completed in the current season/activity/school year will carry into the next season/activity/school year.
 - A student driver who tests positive for banned substances or alcohol will have his/her driving privileges suspended sixty (60) school days. Suspensions of driving privileges may carry over to the following school year. A student driver suspended for banned substances or alcohol may have his/her suspension reduced to thirty (30) days if the student successfully completes a drug program at a licensed drug and/or alcohol rehabilitation center.

A follow-up test will be requested by the principal/designee following the suspension period and after such an interval of time that the substance previously found would normally have been eliminated from the body. If this follow-up test is negative, the student will be allowed to resume extra-curricular activities and/or driving. If a second positive result is obtained from the follow-up tests, or any later test of that participant, the same previous procedure shall be followed.

- D. Information on a verified positive test result will be shared on a need to know basis with the student's coach or sponsor. The results of negative tests will be kept confidential to protect the identity of all students being tested.
- E. Drug testing result sheets will be returned to the principal/designee identifying students by number and not by name. Names of students tested will not be kept in open files or on any computer. Result sheets will be locked and secured in a location to which only the principal/designee has access.

Statistical reporting and confidentiality of drug test results

The testing laboratory may not release any statistics on the rate of positive drug tests to any person, organization, news publication, or media without expressed written consent of the board. However, the lab will

provide the superintendent and the building principal with a quarterly report showing the number of tests performed, rate of positive and negative tests, and what substances were found in the positive oral swab specimens upon request. Under this drug testing program, any staff, coach, or sponsor of the school corporation who may have knowledge of the results of a drug test will not divulge to anyone the results of the test or the disposition of the student involved, other than in the case of a legal subpoena being made upon that person in the course of a legal investigation. Once again, this will underscore MSD of New Durham Township's commitment to confidentiality with regards to the program.

Financial Responsibility

- A. Under this policy, participating students will be assessed a \$6.00 fee and the school corporation will use this fee to pay for all initial random drug tests and all initial follow-up drug tests.
- B. A request on appeal for another test is the financial responsibility of the student or his/her parent/guardian. Appeal tests will be limited to hair analysis.
- C. Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student or his/her parent/guardian.

Certifying Scientist Responsibility

The Certifying Scientist will review all results of oral swab drug testing. Any oral swab specimen testing positive for illicit or banned substances will be handled in the following manner:

- A. The Certifying Scientist determines if any discrepancies have occurred in the Chain of Custody.
- B. Depending on the substances found in the oral swab, if necessary an MRO will contact the parent/guardian/custodian to determine if the student is on any prescribed medication from a physician.
- C. If the student is on medication, the parent/guardian/custodian will be asked to obtain a letter from the prescribing physician, within five (5) working days, to document the medications the student is currently taking. Failure to provide such requested information will be considered a positive result.
- D. The Certifying Scientist will then determine if any of the prescribed medications resulted in the positive drug screen.
- E. The Certifying Scientist, based on the information given, will certify the drug test results as positive or negative and report this to the building principal, initially reporting positive results by phone.
 - 1. For example, a drug screen positive for codeine may be ruled negative by the Certifying Scientist when s/he receives a letter from the treating physician that the student has been prescribed Tylenol with codeine as a pain medication following tooth extraction.
 - 2. Or, if the student has a positive drug screen for codeine and has no documented physician order for the medication (maybe a parent gave the student one (1) of their pills), this would like be ruled a positive drug test by the Certifying Scientist.
 - 3. Drug screens positive for illicit drugs (marijuana, heroin, cocaine, or alcohol, etc.) would automatically be considered positive by the Certifying Scientist.
- F. The Certifying Scientist may use quantitative results to determine if positive results on repeat tests indicated recent use of illicit or banned substances or the natural decline of levels of the illicit or banned substance from the body. If the Certifying Scientist feels the quantitative levels determined to be above the established cut-offs do not reflect current use but natural decay, then a negative result may be reported.
- G. The Certifying Scientist will complete the final review on the drug testing custody and control form and return the appropriate copy to the building principal in a confidential manner.

Other Rules

Apart from this drug testing program, MSD of New Durham Township Middle/High School departments and the coaching staff/sponsor of each sport/activity have their own rules and requirements. Coaches/sponsors have the necessary authority to enforce those rules. Any student who violates a rule or requirement as a member of a team or activity will be subject to the consequences as defined in those rules and requirements.

Athletics

Interscholastic competition is offered in cross-country, volleyball, basketball, soccer, baseball, bowling, golf, track, and softball. All students participating in athletics will abide by the Indiana High School Athletic Association regulations and the Blackhawk Athletic Code. Athletic schedules will be available throughout the school year in the athletic office.

A notable characteristic of a successful athletic program and an exemplary student body is to continuously display the utmost in sportsmanship both on and off the playing field. Westville High School/Middle School is proud of its reputation for maintaining a high standard of sportsmanship. It is the responsibility of all athletic fans, adults as well as students, to demonstrate outstanding sportsmanship at all times. It is our goal as a school to

always win with pride, and to lose with grace and dignity. Regardless of the outcome of an athletic contest, we strive as a school to always win the competition that matters most – sportsmanship!

What is good sportsmanship? It is supporting our cheerleaders in cheering for our team rather than being negative toward the opposing team or fans. Good sportsmanship is being respectful during the National Anthem and to the contest officials. Good sportsmanship is also applauding all participants and coaches for their efforts regardless of who wins or loses.

In short, good sportsmanship is being a good ambassador for Westville Middle School/High School. Students attending athletic contests and other school functions are representatives of our school and are expected to exhibit appropriate behavior at all times. The use of noisemakers, confetti, and profanity are not examples of proper conduct.

CLUBS AND ORGANIZATIONS

All clubs will have membership open to all students who have an interest in the function of the club. A club-meeting schedule will be distributed by sponsors and posted in classrooms. Every activity or meeting must be under the direction and direct supervision of a staff member. **No student shall be in the building without direct sponsor supervision.**

Clubs will be organized for the primary purpose of providing service to others. Students who have an interest in organizing a club must secure faculty sponsorship and administrative approval. Outside visitors are not permitted to attend club meetings unless special arrangements have been made through the sponsor and the principal.

A club may be the outgrowth of a curricular class now offered in the school. Clubs, however, shall not duplicate the offering of the parent class. Under no circumstances shall a club be formed to perpetuate the special interests of any individual or small group of students. Students may not form any type of secret club, society, fraternity, or sorority under the auspices of Westville Middle School/High School. All induction ceremonies must be approved by the principal, and absolutely no form of hazing will be condoned. Listed below are some of the various clubs and organizations available to Westville Middle School/High School:

Cheerleaders

Cheerleaders (which includes the school mascot) and the pep club perform at basketball games and other selected contests. They promote school spirit, make signs for games, and conduct pep sessions.

Music Activities

Music courses offered at Westville Middle School/High School include choir. The choir performs several times throughout the school year, including Christmas and spring concerts. The choir is sometimes asked to perform at community and civic functions, as well as school activities. All music groups participate in contests and activities throughout the school year. Further information on the school's music programs may be obtained by contacting the choir director.

National Honor Society

National Honor Society honors juniors and seniors who are outstanding in scholarship, service, leadership, and character, and have attended Westville High School one (1) semester.

Students meeting these basic requirements may then be considered for membership by a faculty committee in the spring of the year.

Transfer students who have been initiated into the National Honor Society at another school must inform the sponsor of their membership within thirty (30) days of enrollment. Membership criteria in the Westville High School Chapter may be different than at the student's prior school. Therefore, deficiencies may have to be removed in order to qualify for membership in the Westville High School Chapter.

National Honor Society members are committed to participating in various school and community service projects, such as food drives, Christmas gift drives, after school tutoring, etc.

Pom Pons

Pom Pons perform at basketball games and other selected events. Participation is open to any student in grades (7-8) and (9-12).

Student Council

The Westville High School and Middle School Student Councils represent their respective student bodies. Their purpose is to make significant contributions to the total education and development of all students, to serve as a liaison between the administration and the student body, to provide organization and direction of school functions, to establish and maintain high standards of conduct and scholarship, and to promote leadership.

Dances

Numerous clubs and groups sponsor dances throughout the year to provide students with an opportunity to have fun with their friends in a supervised social setting. Dances are chaperoned, and are typically held on Friday evenings. Admission will be closed thirty (30) minutes following the scheduled starting time. All participants are to leave the premises immediately following the dance. **Once a student leaves a dance, he/she will not be allowed to return.**

Westville Middle School/High School dances are generally limited to its own students. If a student wishes to bring a guest, however, date request forms must be completed and turned in to the office by the specified date which is announced well in advance of the dance. Students are responsible for the behavior of their guests.

The sponsoring organization for each dance makes arrangements for the music, theme, refreshments, admission fee, and all other particulars subject to administrative approval. It is also the sponsoring organization's responsibility to provide sufficient faculty and parent chaperones, and to clean up immediately after the dance. All chaperones will have complete authority during dances.

Dances are considered a privilege, and an extension of the regular school day. Therefore, all rules and regulations of Westville Middle School/High School concerning student behavior (i.e., dress, headwear, etc.) apply at dances as well. Violation of these rules will result in disciplinary action. Body passing, slam dancing, or any other dangerous or inappropriate behavior will not be tolerated. Absolutely no alcohol, tobacco, or drugs will be permitted. Students in possession or under the influence of any of the above will be disciplined according to the Student Code of Conduct.

Students planning on attending specified dances may be restricted from doing so should they have any outstanding obligations, such as detentions, fines, fees, etc.

Financial Transactions

The school treasurer keeps accurate records of all school transactions. A financial report of all extra-curricular accounts is issued at the end of each month. All clubs and organizations must deposit all funds with the school treasurer.

To make a purchase from an organizational account, a student must first obtain permission for the purchase from the sponsor, obtain a receipt or an invoice, and present the receipt or invoice to the sponsor. The sponsor must then complete a payment authorization voucher form, attach the receipt or invoice, and present it to the school treasurer for payment.

The principal is responsible to the Indiana State Board of Accounts for all extra-curricular funds.

Fund-Raising

All fund-raising activities must be approved by the administration. Students may not solicit the community on a door-to-door basis for the purpose of raising funds unless permission is granted by the superintendent. Students who accept items for sale for the purpose of earning revenue for a school organization are responsible for returning the items or their monetary value.

STUDENT INSURANCE

A school accident insurance policy is available to all Westville Middle School/High School students through American Youth Student and Sports Insurance for a nominal charge. Currently, three (3) different insurance packages are offered: sports coverage, 24-hour accident coverage, and school time coverage. Information, including price plans, regarding student insurance will be available during student registration, and throughout the school year in the office. All students participating in athletic competition must either purchase school insurance, or verify having comparable coverage through their parent/guardian's health insurance plan.

STUDENT SERVICES

COLLEGE APPLICATIONS AND TRANSCRIPTS

In order for a transcript to be official, it must be signed and stamped, and sent directly from the high school to a college admissions office or a scholarship committee. Students are to complete their portion of the application and then submit it to the guidance office. The guidance counselor will then complete the application, if necessary, attach an official transcript, and mail it directly to the specified mailing address. It is strongly recommended that all applications be completed online unless specifically requested otherwise.

College or university applications are usually available by the end of August. It is wise to apply for admission during the first semester of the student's senior year. All college and scholarship applications have deadline dates. It is important to note whether the application must actually be received by the due date or only post-

marked by the due date. Directions on the application are usually specific therefore; it is the student's responsibility to read them carefully and follow them completely.

All applications that need a recommendation or a transcript must be submitted to the guidance office no later than one (1) week prior to the deadline mailing date to better ensure that it will be sent on time. Transcripts also available through parchment.com or sendedu.org.

GUIDANCE AND COUNSELING

The purpose of the guidance department is to assist students in making decisions and assuming responsibility. The guidance counselor provides students with opportunities to discuss personal, occupational, social, or educational concerns. Some of the duties of the guidance counselor include:

1. Administering and interpreting interest, achievement, and ability tests to students.
2. Providing information to students regarding post-secondary educational opportunities and assisting them with applications.
3. Providing information and assistance to students concerning career plans.
4. Helping students develop four-year plans of study which will prepare them for entry-level careers or higher educational opportunities.
5. Referring students to the services of outside agencies equipped to handle their specific needs.
6. Counseling students who develop difficulties in the areas of personal, social, or educational needs.

WORK PERMITS

Work permits inform employers that students are minors and that Indiana state laws governing the employment of minors must be obeyed. These laws regulate the types of work minors may do and require working conditions which are not likely to harm minors.

Indiana law requires work permits for **14 - 17 year olds** engaged in any gainful employment except farm labor, domestic service, golf caddies, and newspaper carriers. Minors under age 14 may not be gainfully employed in any occupation except those listed above.

To obtain a work permit, a student should obtain an "Intent to Employ" form from the employer or the guidance office. The form must be completed by the student and the employer and returned to the guidance office. Once the materials are signed by the student, parent, and employer, a work permit will be completed online with the student and guidance counselor. To obtain a new work permit, a termination notice from the previous employer must be on file.

Under Indiana law, school corporations have the right to deny a work permit to a student whose academic performance does not meet the school corporation's standards, or whose attendance is not in good standing. They also have the right to revoke a work permit previously issued to a student if the school determines that there has been a significant decrease in the student's grade point average or attendance after s/he begins work. When it appears that a job is detrimental to a student's academic status, it is our responsibility to advise the parents and employer so we can work together to ensure that the student's education remains the primary focus.

Therefore, it is important for students, parents and employers to know the guidelines that accompany the responsibility of being a working teen.

During the summer hours, the superintendent's office will issue work permits.

GRADES

Students must be eligible before a work permit will be issued.

If a student becomes ineligible after a work permit has been issued, the student's parents and employer will be sent a warning letter, and the student will be placed on probation for the next grading period.

If the student remains ineligible during the probation period, the school will revoke the work permit for the next grading period and the parents and employer will be notified.

The work permit will be reissued to the student when five (5) credit classes are passed in any grading period.

ATTENDANCE

A student may not be absent from school six or more countable absent days in a semester period. Non-Countable Excused Absences are excluded.

If the student's record of countable absences is equal to or more than the allowed six days in a semester, the student's employer and parents will be sent a warning letter, and the student will be placed on probation for the next grading period.

If six or more countable absences occur during the probation period, the school will revoke the student's work permit for the next grading period and the employer and parents will be notified.

The work permit will be reissued if the student's attendance reaches an acceptable level during the next grading period.

Should the work permit be revoked at the end of the school year, special provisions will be given to that student, and he/she will be allowed to work during the summer while school is not in session. However, such students will lose their work permit at the start of the new school year until they meet the attendance and grade standards established by the school for receiving a work permit.

The student has the right to appeal this decision, but the school will override its decision only upon a student's demonstration of just cause. Appeals are made to the school principal in writing.

TRANSPORTATION

DRIVING TO SCHOOL

Driving to school is a privilege. The administration does not endorse students driving to school. The decision to do so is between the student and his/her parent/guardian. All student drivers must have a valid operator's license and automobile insurance. In addition, they must obtain a parking permit in the office and display it prominently by hanging it from the car's rear view mirror. Parking permits are to be used only by the student to whom it was issued and are not transferable. **Parking permits may be revoked for disciplinary reasons.**

Permission for a student to bring a vehicle on school property is conditional upon the consent of the student and his/her parent/guardian that the vehicle may be searched at any time by a school administrator. Students should have no expectation of privacy of any vehicle or its contents operated or parked on school property. The only authorized student parking area is the parking lot adjacent to Valparaiso Street. Once a vehicle is parked, it may not leave the school grounds during the school day without permission from the principal.

Students are expected to drive safely, quietly, and at speeds not to exceed ten (10) miles per hour. The person to whom a vehicle is registered is responsible for the vehicle at all times, regardless of who is driving the vehicle. The school is not responsible for theft, vandalism, or accidents. Students are not permitted to sit in vehicles or be in the parking lot before or during the school day unless permission has been granted by the principal. **Violations of parking regulations may result in loss of driving privilege, towing of the vehicle at the owner's expense, and/or school disciplinary action.**

SCHOOL BUSES

The school corporation provides bus transportation for most students. All students need to be at the bus pickup location at least five minutes prior to the bus arrival time. Parent/guardians are encouraged to take advantage of the free school bus transportation. Bus drivers have supervision and authority over passengers and deserve the same respect as teachers and other school employees. Students are expected to show courtesy to the bus driver and other students, and to behave in a manner that promotes safety. All school rules apply to students from the time they get on the bus to the time they exit the bus. **Misconduct on a bus, or at a bus stop, may result in the loss of bus riding privileges or other disciplinary action. For students to ride another bus or be dropped off at a new location, a parent note must be signed by an administrator.**

VALUABLES

Students should not bring large sums of money, expensive jewelry, or other valuable items to school. Personal possessions should not be left unattended. Lost or stolen items should be reported to the office as soon as possible. Students are responsible for locking and keeping the confidentiality of their locker combination. The school will not be responsible for any lost or stolen items.

VISITORS

All visitors to Westville Middle School/High School must report to the office, show identification, sign in, and receive a visitor's pass. Due to liability issues, minors may not accompany parents when volunteering for school activities. **No visitors are allowed during lunch periods.** Students are not allowed to bring guests to school. Visitor's passes will be issued only to a person wishing to see school personnel. No passes will be issued to an individual wanting to see a student.

LUNCH

The school cafeteria offers a daily lunch, or students may purchase food in the ala carte line. Should a student have insufficient funds to purchase a lunch, he or she will be served a supplement meal. Lunch from outside the cafeteria may only be brought in for your lunch. Lunches of more than one serving are prohibited.

STUDENT USE OF SOCIAL MEDIA

First and foremost, students are encouraged to always exercise the utmost caution when participating in any form of social media or online communications, both within the Westville community and beyond.

Students who participate in online interactions must remember that their posts reflect on the entire Westville community and, as such, are subject to the same behavioral standards set forth in the Student Code of Conduct.

In addition to the regulations found in the Student Handbook, students are expected to abide by the following:

- Students may not use social media sites to publish disparaging or harassing remarks about Westville community members, athletic or academic contest rivals, etc.
- Students who choose to post editorial content to websites or other forms of online media must ensure that their submission does not reflect poorly upon the school.

Failure to abide by this policy, as with other policies at Westville Middle/High School, may result in disciplinary action as described in the Student Handbook, or as determined by the administration.

10. If a student's actions result in arrest, it could be grounds for expulsion.
11. Excessive absences could be grounds for expulsion.
12. Disrespect-a student may be expelled for extreme disrespect towards another individual including staff members and administration.
13. Unlawful entry-a student is in the building without permission before or after regular school hours.

SUSPENSION

The principal/designee may suspend a student for a period of no more than ten consecutive days. The suspension may deny a student the right to attend school or to take part in any school activity until midnight of the last day of suspension. A student may be suspended on the following grounds:

1. Conduct constituting grounds for expulsion.
2. Other violations of rules or standards of behavior approved by the Board of School Trustees. Such suspensions shall be made only after the principal has made an investigation, and has determined that such suspension is necessary to help any student, to further school purposes, or to prevent an interference with an educational function.

No suspension may be issued without affording the student an opportunity for an informal hearing. At the informal hearing the student is entitled to:

1. A written or oral statement of the charges against him/her.
2. A summary of the evidence against him/her, if he/she denies the charge.
3. An opportunity to explain his/her conduct.

Notice and the informal hearing shall precede suspension of a student except where the nature of the misconduct requires immediate removal. In such a situation, the notice and the informal hearing shall follow as reasonably possible after the suspension. Within 24 hours, following such a suspension, or such additional time as is reasonably necessary, the principal/designee shall send a written statement to the student's parent/guardian describing the misconduct or rule violation and the reasons for the action taken. The principal/designee shall make a reasonable effort to hold a conference with the parent/guardian before the student returns to school.

2. The objectives of the enforcement of these standards and the Code of Conduct are:
 - a. to protect the physical safety of all persons and prevent damage to property;

COURT ASSISTED RESOLUTION FOR SUSPENSION AND EXPULSION CASES

Pursuant to IC 20-33-8.5 the Superintendent for the MSD of New Durham Township and the judge of the LaPorte Circuit Court have entered into a voluntary agreement regarding the court’s assistance in resolving school suspension and expulsion cases. Pursuant to this agreement, the court may order a student to participate in a program that will provide supervision and education for the suspended or expelled student in accordance with the terms of the agreement (IC 20-33-8.5-2).

OUT-OF-SCHOOL SUSPENSION

Out-of-School Suspension will be assigned by the principal/designee for major infractions of school policy. In appropriate cases, students will be suspended immediately for up to ten days with a parent/guardian conference required prior to returning, or where the continued presence of a student on campus would be a threat to the safety and well-being of others, or to the educational atmosphere. However, the days missed will not be counted toward the student’s four day absence limit.

All misconduct resulting in the recommendation for expulsion will be an Out-of-School Suspension. Out-of-School Suspensions totaling more than ten days in one school year will result in a request for expulsion for repeated violations of school rules and regulations. Students who continue to experience the same disciplinary problems after being placed in In-School Suspension may be moved to the next level of progressive discipline and be suspended Out-of-School.

IN-SCHOOL SUSPENSION

In-School Suspension (ISS) is intended to provide an alternative, isolated setting for students who exhibit chronic or serious behavior problems. Students assigned to In-School Suspension will experience no interaction with their peers during their suspension.

ISS students will be provided with instructional materials, class assignments, and/or tests by their regular classroom teachers on a daily basis. Assignments will be requested by the office the day before the student serves his/her suspension. Students are expected to do their assigned class work each day. All written work will be completed and returned to the teacher and credit will be given as appropriate. A student's final grade may be affected incidentally depending on the nature and type of the work missed. A student is considered present for the day(s) during In-School Suspension.

LUNCH DETENTION

Lunch detentions may be issued for infractions of the Student Code of Conduct.

AFTER SCHOOL DETENTION

After school detentions are assigned for infractions of classroom rules and for violations of the tardy policy.

COMMUNITY SERVICE

Community service may be utilized in lieu of other disciplinary measures. Community service hours will be assigned to the student depending on the infraction. Community service hours can only be earned at community establishments i.e. nursing home, parks, library, etc.

FRIDAY NIGHT SCHOOL

Friday Night School is supervised study time from 2:55-5:55 p.m., which is intended to provide an alternative to suspension from school, a deterrent to unacceptable student behavior, and another option in the progressive discipline process. Students are assigned to a Friday Night School by the principal/designee and are expected to bring sufficient study materials with them to remain productively busy the entire time. Students may be assigned a maximum of three per semester. Students who are tardy to Friday Night School, do not bring sufficient study materials with them, or do not comply with expected standards of conduct will be considered as failing to attend and discipline will be assigned by the principal/designee.

Failure to attend Friday Night School will result in a three day In-School Suspension if the principal/designee determines that the reason for the absence is unacceptable. Failure to attend Friday Night School a second time will result in a three day Out-of-School suspension. Failure to serve a third assignment to Friday Night School will result in a ten day Out-of-School Suspension with possible referral to the superintendent for expulsion. Two consecutive missed Friday school days will result in three days of ISS.

Students attending Friday Night School are expected to be cooperative and demonstrate appropriate behavior. Therefore, sleeping, eating and drinking are not allowed. Talking, moving about the room, or leaving the designated area without the approval of the supervisor is not permitted.

APPENDIX B - INDIANA CODE

STUDENT DUE PROCESS

EXTRA CURRICULAR CLUBS AND ACTIVITIES BEHAVIOR POLICY

(EXCEPTION OF ATHLETICS)

REGULATIONS AND RULES

The extracurricular clubs and activity programs at Westville Middle School/High School are a valuable part of the total educational program. Some of the benefits to the students include the opportunity to gain leadership skills and a sense of responsibility, to provide service to others, to develop healthy social relationships and to experience further educational challenges.

Students participating in extracurricular clubs and activities are required to abide by the rules as listed in this handbook including, but not limited to, the attendance rules and the Student Code of Conduct.

- A. Members are not to knowingly possess or attempt to possess, purchase, use or be under the influence of any form of tobacco, narcotic drug, hallucinogenic drug, highly caffeinated substance, stimulant, amphetamine, barbiturate, marijuana, alcoholic beverage, intoxicant of any kind, or any product whose use produces an altered mental physical state. Nor, shall such student be in the presence of peers who are using the above substances.
- B. Members shall not act in a manner that would constitute a crime if committed by an adult or that could result in a criminal charge brought in juvenile or adult court.
- C. Members shall not act in a manner that would break rules established by each sponsor at the beginning of each school year regarding membership, participation, attendance, and any other rules not covered by the previously discussed regulations. These should be in writing so that there will be no misunderstanding on the part of the participants and their parents.

ENFORCEMENT PROCEDURE

No penalties set forth below shall be imposed until the member is afforded an opportunity for an informal hearing conducted by the principal/designee responsible for the administration of the club or activity in the presence of the sponsor, which includes:

1. A written or oral statement of the charges against the member.
2. A summary of the evidence, if he/she denies the charge.
3. An opportunity for the member to explain his/her conduct.

If the principal/designee decides that a penalty set forth below should be imposed against the member, he/she will, within 24 hours of the informal hearing, or such additional time as is reasonably necessary, send a written statement to the member and to the member's parents or guardian describing the conduct, misconduct or violation of the rule or rules, the reasons for the action taken by the principal/designee, and the penalty imposed.

PENALTY

After the informal hearing, the principal/designee shall impose the following penalties if he/she determines that the school behavior code or Rules A to C inclusive as listed above applies. All penalties commence on the date of the written statement to the student and to the student's parents or guardian.

FIRST OFFENSE

The member shall be ineligible to participate in up to 25% of the activities of the organization. Consequences of the student's alleged behavior shall be determined by the principal/designee after conferring with the sponsor. A determination will be made after considering the nature of the offense, the student's attitude and his/her ability and willingness to rectify his/her actions.

SECOND OFFENSE

Student will be ineligible for membership in clubs or activities for a one-year period.

THIRD OFFENSE

Student is permanently ineligible for membership in clubs and activities.

ORGANIZATION GUIDELINES

Westville Middle School/High School seeks to offer clubs and activities that enhance the educational experience of each student. Persons interested in organizing a club or activity should contact the principal. All meetings and activities will be supervised by a sponsor or other designated school employee. The meetings will occur at the designated times and meeting areas as determined by the administration. No meeting shall materially and substantially interfere with the orderly conduct of educational activities within the school. No unlawful conduct will be permitted. Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.

WESTVILLE PHILOSOPHY OF INTERSCHOLASTIC ATHLETICS

Before any athletic program can operate effectively and efficiently, a philosophy should be set down to name the ends to be achieved and the guidelines within which the program should function.

The major objective of the program is to provide wholesome opportunities for students to develop favorable

habits and attitudes. The leadership should be of the highest quality, exemplifying the desired type of individual to be developed from the athletic program. Evaluating leadership should not be in terms of the victory and defeat record, but in the intangible personality development factors that are an outgrowth of the major objectives of the athletic program.

The athletic program should always be in conformity with the general objectives of the school, and the athletic administration should be in line with the general policies of Westville High School. At no time should the athletic program place the total educational curriculum secondary in emphasis: the program should function as a part of the whole curriculum, and should constantly strive for the development of a well-rounded individual, capable of taking his/her place in modern society.

Sports are open to all. All students, regardless of gender, will be treated in the same way.

STATEMENT OF PURPOSE

The purpose of the high school athletic program is:

1. To improve the image of high school athletics.
2. To strive always for playing excellence that will produce winning teams.
3. To ensure growth and development that will raise the number of individual participants; that will give impetus to increasing attendance at each contest, that will build up gate receipts, and that will enable a program of continuing upkeep and improvement of facilities.
4. To provide opportunities that will allow the program to serve as an environment where students may cope with problems and handle situations similar to those encountered under conditions prevailing in the contemporary world. The environment should provide adequate and natural opportunities for:
 - a. Physical, mental, and emotional growth and development;
 - b. Acquisition and development of special skills in activities of each student's choice.
 - c. Team play with the development of such concomitants as: loyalty, cooperation, fair play, and other desirable social traits.
 - d. Directed leadership and supervision that stresses: self-discipline, self-motivation, excellence, and the ideals of good sportsmanship that make for winning and losing graciously.
 - e. A focus of interests in activity programs for the student body, faculty and community that will generate a feeling of unity.
 - f. Achievement of initial goals as set by the school in general and the student as an individual.
 - g. Provisions for worthy use of leisure time in later life, either as a participant or spectator.
 - h. Participation will be determined by the coach so that the school will be represented by the best possible team.
5. To further the image of Westville Middle School/High School.
6. Fun. For the joy of participation and the expression of the physical aspect of one's intelligence and personality.

TRAVEL RULES TO AND FROM ATHLETIC & EXTRA-CURRICULAR ACTIVITIES

To help provide for the safety and well-being of our athletes, all athletes are expected to ride to and from events in which they are participating on the transportation provided by the school corporation. An exception from this rule will only be granted for urgent reasons. A request for an exception must be submitted to the athletic director on the contest travel form and bear the signature of the parent/guardian and the coach of the event in which the athlete is participating. This form, with the approval of the athletic director, must be on file in the athletic office prior to dismissal at school on the day of the contest.
