

APRIL STUDENTS OF THE MONTH

Middle School Student of the Month
Jayda Aiken, 7th grade

Jayda is an all-round student! Her goals are to excel in sports and to get on the Honor Roll each quarter. And she has achieved these goals this year! Jayda loves to compete with her peers and strives to make the top scores in her classes. She is diligent about completing her assignments and tries her best on quizzes and tests. She actively participates in all of her classes and has a lot to contribute in every aspect of the school community. She loves to spend time with her peers and is a great help when asked. Jayda is currently the Vice President of the Middle School Student Body Council and is on the middle school track team. Way to go, Jayda!

High School Student of the Month
Tiadra Vang, 11th grade

Tiadra is a super star student! She consistently works hard at everything she does. She manages to complete all of her assignments, not only on time, but in advance. She always asks for extra work so that she can practice her skills and make the best use of her educational time. Tiadra is creative, seeking ways to add her personal touch to things. She lends a helping hand and volunteers with various school functions. She also shows respect to all of her staff and peers. She is a great model of good citizenship and responsibility. We are certainly lucky to have her here at KSD. Well done, Tiadra!
