BCMS - Connecting People, Passion, and Purpose!

Quote of the month-

Principal's Corner

To achieve 21st century readiness for every student, the Breckinridge County School District has created a Profile of a Tiger Graduate. This profile emphasizes 5 competencies that we feel are important to the success of all our students. A Tiger graduate will be resilient, a team player, an initiative taker, a critical thinker, and an effective communicator. Our leaders at BCMS work daily to help our BCMS scholars practice these core competencies. If you would like a copy of our Profile of a Graduate, you can access that online through the school or district websites.

Please ask your child for school information. Tiger folders go home each Monday. Register for NotifyMe to receive text messages and/or emails from the school or district. Follow us on Facebook too!

Kevin E. Coomes, Principal

Youth Services Center:

November is going to be a busy month. We will have lots of girls and boys basketball games, our final two 8th grade college visit field trips to KWC and U of L, and school-wide Wellness Day. Wellness Day will offer six student sessions (yoga, dancing, walking, internet/social media safety, tobacco use and vaping prevention, and a craft project). We will be having a special guest speaker/assembly on November 27th. Our speaker will be a hip-hop artist named Beacon, who will be sharing his anti-bullying message entitled "Love Haters".

The BCMS YSC will be taking applications for Christmas assistance from November 1st - 20th. Please call Cheryl Armes to schedule an appointment to complete the application or if you have any questions regarding Christmas assistance. Families need to only apply at one Family Resource or Youth Services Center, even if they have students in multiple schools. Proof of income will need to be provided with your application.

November
