

# Chapter 24

## **CERTIFICATE OF TRAINING & COMPLETION**

There are two types of certificates that may be awarded to AFJROTC cadets. They are “**Certificate of Training**” and “**Certificate of Completion.**”

Descriptions of each follow:

 **CERTIFICATE OF TRAINING.** This certificate is presented to cadets in “**Good Standing**” who satisfactorily complete two years of a JROTC program.

 With the **Certificate of Training**, a cadet may be excused from one academic term (semester or quarter) of the GMC of the senior AFROTC program. This privilege, again, must be arranged with the PAS at the time of college or university enrollment and approved by the college that you are attending (**Their choice to approve/disapprove**).

 If the cadet elects to enlist in one of the branches of the Armed Forces, the **Certificate of Training** will provide a promotion to the pay grade of E-2 by all branches of the service providing an immediate monetary benefit. “**Satisfactorily completed**”, means both a passing numerical grade for the year and a letter grade higher than “Unsatisfactory” (either “N”, “S”, or “E”) in citizenship; otherwise, a student has not satisfactorily completed the course.

 **CERTIFICATE OF COMPLETION.** Presented to cadets in “**Good Standing**” who have satisfactorily completed three years of AFJROTC. Cadets must have this certificate in their possession when joining the senior ROTC program or upon enlisting in the Armed Forces to gain benefits offered by the respective branch of service.

 With the **Certificate of Completion**, the cadet will be excused from one year of the General Military Course (GMC) of a senior AFROTC program. This privilege must be arranged with the Professor of Aerospace Science (PAS) at the time of enrollment in the college or university and approved by the college that you are attending (**Their choice to approve/disapprove**).

 If the cadet elects to enlist in one of the branches of the Armed Forces, the **Certificate of Completion** will provide for promotion to pay grade of E-3 in the Air Force, all other branches of service will promote to E-2. This promotion at time of enlistment provides for an immediate monetary benefit. It also makes the cadet senior to military recruits without such a certificate who enlist at the same time, and theoretically makes the cadet eligible for earlier future promotions.
