# Introduction, Philosophy, Growth and Development

## Introduction

The Christian County Board of Education offers a Before and After School Childcare Program. Before school care programs are contingent upon enrollment. Our program is educational and provides an enrichment setting for all students, kindergarten through age 13. The program is a licensed program with the Kentucky Licensing and Regulations for Childcare Division in the Cabinet for Families and Children. Each school will have a director on site and an assistant director to be present in the director's absence.

## Philosophy

The intent of our program is to encourage and support the development of each child and to provide opportunities for self-exploration and discovery. An assumption of the program is that children are active and curious; it is a goal to provide learning experiences designed to stimulate the child's creative learning abilities.

The overall development (cognitive, social-emotional, physical, and creative) of the child is considered and planned for through a variety of activities. It is our objective to learn the needs of the individuals in our program and to plan for the successful fulfillment of those needs. Positive development of the child's image of self is of prime importance in the program and is a priority on all aspects of program planning.

Supports are provided to students with Individualized Education Program (IEP) goals. For those students with an IEP, parents should request that a copy of the IEP goals be provided to the center by school personnel. Staff will work collaboratively with classroom teachers to address identified goals.

## Growth and Development

Each enrolled child is a member of this program. It is our aim to work with the children, creating the best possible environment for the children. The staff will be concerned with the total and unique growth and development of each child.

### Cognitive development:

1. Learning to solve problems and form concepts.
2. Developing language and communication skills.
3. Discovering and exploring the near environment.

### Social-emotional development:

1. Developing self-esteem and personal adjustment skills.
2. Achieving self-confidence in relationships.
3. Developing a sense of responsibility and persistence in completing tasks.

### Physical development:

1. Developing hand and body coordination.
2. Learning physical skills.
3. Learning good health habits.

### Creative development:

1. Expressing ideas through creative skills.
2. Expressing self through creative medium.
3. Developing the ability to think and act in different and unique ways.

## Mission Statement, Goals, Objectives

### Goals

## Arrival, Dismissal, Late Fee, Security Sign Out Procedure

### Arrival

Students must be walked into the site's designated area by the **parent/authorized adult** who transported them. **The parent/authorized adult must sign the child in daily. NO EXCEPTIONS!**

### Dismissal

**Parent/authorized adult MUST sign/check out their child daily. NO EXCEPTIONS!**

### Late Fee

Children who are picked up late from After School Care (6:01 p.m.) will be charged \$1.00 for every minute past 6:00 p.m., according to the childcare center's official time. This fee will be due and payable when the child is picked up. Consistent late pick-ups during the year will result in dismissal of your child from the program.

### Security Sign out Procedure

The parent/guardian shall list on the Security Form any person(s) authorized to pick up their child from the center, either at the close of the day or in case of illness or emergency. Any person picking up the child shall be required to sign the attendance form daily. In the event that a person not authorized attempts to pick up a child, the following procedure will be followed:

- The parent will be contacted for written permission to release the child (email, text, note, etc.).
- The person will be required to produce a picture ID.
- The person must sign the required sign in/check out form.

The childcare center reserves the right to refuse to dismiss the child to the person and/or to call law enforcement if the staff feels that the safety of the child is in question.

## Parent/Staff Communication

Communication with parents will occur on a regular basis to ensure parents are informed of activities and policies through newsletters, flyers, informational board, emails, and texts. An annual parent survey will be administered to allow parent input on program activities and to solicit suggestions and ideas to improve the program.

Parents should communicate with staff by personally talking with them or by a written note. Verbal messages to staff by the child **will not** be accepted. Please call the childcare office to leave messages for the director, assistant director, or staff.

Should a parent have a grievance, the following procedure should be followed:

- Talk with the staff person involved. Conversations should be handled in a calm, reasonable manner and not in the presence of students.
- If a settlement is not reached, contact the Assistant Director on duty.
- If a settlement is not reached, contact the Director.
- If a settlement is still not reached, then the matter will be reviewed by the Principal, Assistant Principal, Director, or the District Contact either for resolution or a conference to include the above persons, staff member involved, and parents/guardians.

Parents are to conduct themselves in a professional manner at all times with their child, other children, parents, and staff. Failure to do so can result in your child being unenrolled from the program.

## Behavior/Discipline Plan

The Christian County Board of Education District-wide Childcare will implement a positive instructional discipline approach aligned with the District-Wide Code of Acceptable Behavior and Positive Behavior Support strategies. While this program is implemented, students will be expected to respect others, use manners, be kind, cooperate, be attentive, follow directions, share materials, take turns, and be responsible for their homework and classroom supplies. While this list is not all inclusive, exhibiting these behaviors will be expected.

If a student exhibits behaviors that are not appropriate, interventions may include:

- Verbal warning
- Redirection
- Assistance from the Assistant Director or Director
- Conference with student
- Assignment to a different area or group
- Restitution
- Conference with parents

A second occurrence within the same day for a child exhibiting an inappropriate behavior will result in a Behavior Referral to the site director and/or assistant. The referral will be discussed with the child's parent/guardian.

A behavior conference will be held with a parent following multiple referrals or to address severe inappropriate behavior. The director will contact the parent/guardian to schedule the conference. The conference will consist of the parents/guardians and some or all of the following: Site Director, Assistant Principal, Principal, District Contact, and the child, if necessary.

## Suspension/Termination Policy

The behaviors listed below may result in automatic suspension or termination of a student from the program. These actions will be determined by the site director and school administration.

- Verbal (threatening, teasing) abuse toward other participants or employees
- Physical abuse toward participants or employees (i.e. fighting, hitting, pushing)
- Stealing
- Possessing illegal materials (firearms, knives, and drugs)
- Actions that jeopardize safety of the student or other participants

If a child is suspended from the program, the parent/guardian WILL NOT receive a refund for the days not attended.

If the child is terminated from the program, the parent/guardian will be refunded for the remainder of days paid for, but not attended. This refund will be mailed in the form of a check no later than thirty (30) days from the termination date.

## Illness Procedure and Injury Procedure

### **Illness Procedure**

A child will not be admitted to the childcare center if he/she exhibits any of the following symptoms:

- Fever (100\* or above)
- Vomiting
- Diarrhea
- Symptoms of communicable disease

Should a child develop any of these symptoms after arriving at the center he/she will be isolated from the other children and the parent/guardian will be notified to pick the child up immediately. In the event a parent/guardian cannot be reached, the person listed on the Security Form will be contacted.

Under Kentucky law a parent/guardian shall notify a child's school if he/she has any medical condition which may be contagious. Please notify the center if your child becomes infected with any contagious condition so the center may notify health authorities in an effort to contain the spread of disease.

Medications, prescription or over the counter, will not be administered. If a child needs any kind of medication during the time that the child is in childcare, a parent will need to come to the school at the appropriate time to administer the medication.

### **Injury Procedure**

In the event of a minor injury sustained by a child while at the center, staff trained in First Aid procedures will administer appropriate treatment. An accident report (please see next page) will be completed by staff and placed on file. The parent/guardian will be notified and/or provided a copy of the report when the child is picked up.

If an injury is a non-emergency, but requires medical treatment, the parent/guardian will be contacted for their preferred procedure. If the injury is traumatic, professional medical attention will be sought immediately and the parent/guardian will be notified.

Medications, prescription or over the counter, will not be administered. If your child needs to be transported to the hospital, a staff person will accompany the child until the parent/guardian arrives. Staff personnel will have child's Medical Form with them.
