

Millbrooke CSIP

SCHOOL YEAR 2020 - 2021

**Comprehensive School Improvement Plan
(CSIP)**

Comprehensive School Improvement Plan (CSIP)

Rationale

School improvement efforts are a collaborative process involving multiple stakeholders. Through the improvement planning process, leaders focus on priority needs, district funding, and closing achievement gaps among identified subgroups of students. When implemented with fidelity, the CSIP cultivates an environment that promotes student growth and achievement.

Operational Definitions

Goal: Long-term three to five year targets based on the six (6) goals: proficiency, separate academic indicator, achievement gap closure, graduation rate, growth, and transition readiness. Long-term targets should be informed by The Needs Assessment for Districts.

Objective: Short-term target to be attained by the end of the current academic year. There can be multiple objectives for each goal.

Strategy: An approach to systematically address the process, practice, or condition that the district will focus its efforts upon in order to reach its goals or objectives. There can be multiple strategies for each objective. The strategy can be based upon Kentucky's six (6) Key Core Work Processes listed below or another established improvement approach (i.e. *Six Sigma*, *Shipley*, *Baldrige*, etc.).

Activity: Actionable steps used to deploy the chosen strategy. There can be multiple activities for each strategy.

Key Core Work Processes: A series of processes identified by the Kentucky Department of Education that involve the majority of an organization's workforce and relate to its core competencies. These are the factors that determine an organization's success and help it prioritize areas for growth.

- [KCWP 4: Review, Analyze and Apply Data](#)
- [KCWP 5: Design, Align and Deliver Support](#)
- [KCWP 6: Establishing Learning Culture and Environment](#)

Measure of Success: Criteria that shows the impact of the work. The **measures** may be quantitative or qualitative, but are observable in some way.

Progress Monitoring: Process used to assess the implementation of the plan, the rate of improvement, and the effectiveness of the plan. Should include timelines and responsible individuals.

Funding: Local, state, or federal funds/grants used to support (or needed to support) the improvement initiative.

Requirements for Building an Improvement Plan

- There are six (6) required school goals: proficiency, separate academic indicator, achievement gap, graduation rate, growth, and transition readiness.
- The required school goals include the following:
 - For elementary, these include: proficiency, separate academic indicator, achievement gap, and growth.

1: Proficiency Goal

Goal 1 Proficiency: Increase the percentage of students scoring proficient or above in Reading and Math from 53.1% to 63.72% by 2022.

Job-embedded coaching and collaborative teacher planning will occur through school-based professional learning communities and online learning sessions.</p> <p>Literacy Design Collaborative Coach and Learn Teams: Continuation of grades 3-12 professional learning through the intensive LDC coach training for district staff, as well as one coach per building in elementary/middle and 2 per building for each high school. LDC Learn teams (now cohorts 1 and 2) are regularly supported by LDC Coaches and K-12 Literacy Coach through online sessions, and participate in implementation of high-quality anchor modules built by LDC with emphasis on focus standards, disciplinary literacy, and aligned instruction.</p> <p>Early Childhood Literacy Academy: All preschool teachers and one kindergarten teacher in every elementary school participate in the academy to build capacity around quality early childhood literacy instruction. Three schools, as well as participating daycares, also receive targeted coaching support through this Academy.</p> <p>School Literacy Plans supported by Literacy Teams: As required by the grant, every school will establish School Literacy Teams that will monitor implementation of School Literacy Plans and report to SBDM 3 times per semester.</p> <p>Supplemental Phonics Program: A systemwide phonics program is being implemented in all elementary schools K-3 to create a cohesive approach to phonics instruction districtwide. Professional learning support is offered through phonics coaching, including an</p>	<p>MAP Growth</p> <p>DSA Proficiency</p> <p>Lesson Planning during PLCs</p> <p>Classroom Observations</p> <p>ILT Data Collection data</p> <p>SRCL Monitoring Visits</p> <p>Literacy Plans</p> <p>Lesson studies</p>	<p>SRCL Monitoring Visits</p> <p>PLC documentation</p> <p>Online support documentation (FlipGrid and Google Classroom, LDC Core Tools, LDC online support sessions)</p> <p>School Literacy Plans and School Literacy Team agendas (3x per semester)</p> <p>KLIP school PLCs and online support sessions</p> <p>LDC Student Scores Sheets (monitors anchor module implementation and effectiveness)</p>	<p>Grant Funded; KDE Supported</p>
